Financial Organisations: Comparative Perspectives on the Industrialised Nations Benjamin Richardson, 2002-02-13 This book takes a comparative perspective of practice in the European Union North America Japan and Australasia arguing that existing legal reforms to promote sustainable development are unlikely to be successful unless environmental policy can be diffused and embedded in the financial services sector This sector plays a crucial role in creating the financial conditions that allow much economic development to proceed Financial markets are already highly regulated in pursuance of various public policy objectives and there is scope to adapt existing regulation to incorporate environmental aspects into the financial services sector In terms of specific reforms the book focuses on the role of corporate environmental reporting economic instruments and liability rules to provide a proper context for engaging financial organisations with the environment as well as reforms to the system of prudential regulation that currently governs this sector Beyond the focus on the financial services sector the book raises complex questions regarding the relationship between the state and market institutions in environmental policy and will appeal to scholars from a wide range of disciplines interested in problems of environmental governance **The Amenity Value of the Global Climate** David Maddison, 2014-02-25 This text develops and applies a far reaching account of the economic value of climate derived from its amenity value or the benefits which a particular climate provides to the people of that region or country As climate change moves higher on the economic and political agendas reliable measures of the benefits and costs of specific climates and changes to them become ever more critical Detailed studies of a range of countries including Britain the US India and Russia show that the mobility of the population is crucial When individuals are able to move the amenity value of the climate is reflected in land prices and wage rates Without mobility amenity values emerge in patterns of purchasing either to compensate for the disadvantages of the climate or to make best use of it Indices are generated for the cost of living as a function of climate variables and optimal climates are identified to determine who wins and who loses from climate change **Manual on Compliance with and Enforcement**

of Multilateral Environmental Agreements Carl Bruch, United Nations Environment Programme, 2006 This Manual expands upon Guidelines on Compliance with and Enforcement of Multilateral Environmental Agreements MEAs Many States participated in the development and negotiation of the Guidelines which were adopted by the UNEP Governing Council in

2002 While this Manual is not a negotiated document it also is the result of a collaborative process involving a wide range of numerous individuals around the world These people assisted in drafting case studies and other contributions reviewing the text and suggesting substantive and formatting changes

Research and

Management Practices for Conservation of the Persian Leopard in Iran Arezoo Sanei, 2020-12-11 The population of the

Persian leopard *Panthera pardus saxicolor* has drastically declined this Asian leopard subspecies has disappeared from some parts of its former range Containing large areas of potential habitats with leopard presence across almost all of its provinces Iran is known to be the last stronghold for the Persian leopard in the region This book comprehensively covers research

management and conservation practices of the Persian leopard including The first phase of the Persian Leopard National Action Plan in Iran together with an innovative leopard insurance program and a contingent valuation practice with respect

to the wildlife trafficking law enforcement in Iran Research on a hypothesis about the risk of a major fragmentation and splitting the leopard distribution range in Iran into a northern and a southern parts An innovative and empirically fitted

species and region specific approach for assessing the cumulative effect of land use and land cover changes on the leopard persistence Distribution modeling of leopard potential habitats on a regional basis accompanied by ground validation

techniques An evaluation to three threshold rules to define the habitat suitability indices Persian leopard habitats and

relative corridors in the trans boundary areas of the East Azarbaijan province of the northwest of Iran in the Caucasus Ecoregion The innovative research and conservation approaches presented in this book will be of great interest to those studying the leopard and other large carnivore species The innovative models presented in this book about cumulative effect of the land use and land cover changes will be beneficial to land use managers planners and decision makers in selecting wildlife friendly solutions for development programs The strategic and action planning model as well as the leopard compensation program as an insurance scheme are developed specifically for the local condition and leopard status in Iran

Environmental Law for Sustainability Benjamin J Richardson,2006-03 This book presents critical new scholarship on the state of law for sustainable development from an international and comparative perspective **Socially Responsible**

Investment Law Benjamin J Richardson,2008-06-30 Environmental harm is commonly associated with companies that extract consume and pollute our shared natural resources Rarely are the unseen polluters the financiers that sponsor and profit from eco damaging corporations placed at the forefront of the environmental debate By focusing on these unseen polluters Benjamin Richardson provides a comprehensive examination of socially responsible investment SRI and offers a guide to possible reform Richardson proposes that greater regulatory supervision of SRI will help ensure that the financial sector prioritizes ethically based investments In Socially Responsible Investment Law he suggests that new governmental reforms should encourage companies to participate in socially responsible investments by providing a better mix of standards and incentives for SRI through measures that include redefining the fiduciary responsibilities of institutional investors to incorporate environmental concerns By doing so Richardson posits that corporate financiers including banks hedge funds and pension plans will become more accountable to the goals of ensuring sustainable development Environmental

Integration Ton Bührs,2009-04-09 The environmental challenges facing humankind can most effectively be met through environmental integration incorporating environmental considerations into everyday human thinking behavior and practices at both the individual and collective levels Increasingly people and organizations throughout the world are taking the environment into account but at the same time there is insufficient integration of attitudes policies and programs People and groups have different and often conflicting views and interpretations of what is desirable or required to protect the environment Environmental Integration looks at the ways that governments can play a crucial role in advancing promoting and shaping a singular integrated environmental policy The North Carolina journal of international law and commercial regulation ,2002 *Environmental and Natural Resource Economics* Jonathan M.
