Economic Theories And Their Relational Structures A Model Theoretic Characterization:

Economic Theories and their Relational Structures E. Klein, 1998-01-19 An examination of the foundations of contemporary theoretical economics Applying concepts from model theory formal semantics and standard tools in foundations research the author aims three targets namely a characterization of the notion empirical economic theory the determination of the epistemological and methodological status of an important class of non empirical theories in economics and the proposal of a taxonomy of economic theories based upon intended epistemological status and the descriptive or operative function of a theory

Econometrics in a Formal Science of Economics Bernt P. Stigum, 2015 An examination of the role of theory in applied econometrics

Imagining Economics Otherwise Nitasha Kaul, 2007-10-04 It is possible to be irrational without being uneconomic What is the link between Value and values What do economists do when they explain We live in times when the economic logic has become unquestionable and all powerful so that our quotidian economic experiences are defined by their scientific construal This book is the result of a

Toward a Feminist Philosophy of Economics Drucilla K. Barker, Edith Kuiper, 2003 This book edited by two of the most respected figures in feminist economics is a welcome collection that charts and critically analyses how other movements have influenced the development of feminist economics as a distinct discipline

The Economic Theory of Structure and Change Mauro Baranzini, Roberto Scazzieri, 1990 This wide ranging 1991 inquiry into the general field of structural economic analysis provides a thorough appraisal of the method of economic dynamics

Econometrics and the Philosophy of Economics Bernt P. Stigum, 2015-12-29 As most econometricians will readily agree the data used in applied econometrics seldom provide accurate measurements for the pertinent theory's variables Here Bernt Stigum offers the first systematic and theoretically sound way of accounting for such inaccuracies He and a distinguished group of contributors bridge econometrics and the philosophy of economics two topics that seem worlds apart They ask How is a science of economics possible The answer is elusive Economic theory seems to be about abstract ideas or it might be said about toys in a toy community How can a researcher with such tools learn anything about the social reality in which he or she lives This book shows that an econometrician with the proper understanding of economic theory and the right kind of questions can gain knowledge about characteristic features of the social world It addresses varied topics in both classical and Bayesian econometrics offering ample evidence that its answer to the fundamental question is sound The first book to comprehensively explore economic theory and econometrics simultaneously

Econometrics and the Philosophy of Economics represents an authoritative account of contemporary economic methodology About a third of the chapters are authored or coauthored by Heather Anderson Erik Birn Christophe Bontemps Jeffrey A Dubin Harald E Goldstein Clive W J Granger David F Hendry Herman Ruge Jervell Dale W Jorgenson Hans Martin Krolzig Nils Lid Hjort Daniel L McFadden Grayham E Mizon Tore Schweder Geir Storvik and Herman K van Dijk

The Reconstruction of Economic Theory Philip Mirowski, 2007-06-30 The mandate given to the editor of the present volume was succinct and to the point gather together some of the most recent attempts to remake economic theory at its most fundamental levels and avoid the two debased brands of academic revolutions Now anyone would have realized that this would be a devilishly difficult task more likely than not to backfire but in retrospect the editor still marvels at the complacency with which he embarked on the enterprise It was quite easy to identify the critics of conventional economics who had little more than criticism to offer it was much more difficult to feel certain that he had actually stumbled upon a substantive divergence from the orthodoxy that appeared to promise further fruitful developments Forewarned and forearmed the prospective reader should then be equipped to judge for him or herself whether truth in advertising has been further abused or if something a little more interesting and entertaining is afoot Pages 1 2
