A Faustian Foreign Policy from Woodrow Wilson to George W. Bush Joan Hoff,2007-12-10 A Faustian Foreign Policy from Woodrow Wilson to George W Bush critiques U S foreign policy during this period by showing how moralistic diplomacy has increasingly assumed Faustian overtones especially during the Cold War and following September 11 The ideological components of American diplomacy originating in the late 18th and 19th centuries evolved through the 20th century as U S economic and political power steadily increased Seeing myth making as essential in any country s founding and a common determinant of its foreign policy Professor Joan Hoff reveals how the basic belief in its exceptionalism has driven America s past and present attempts to remake the world in its own image She expands her original concept of independent internationalism as the modus operandi of U S diplomacy to reveal the many unethical Faustian deals the United States entered into since 1920 to obtain its current global supremacy
