Planning Research in Hospitality and Tourism Levent Altinay,Alexandros Paraskevas,SooCheong (Shawn)

Jang,2015-10-23 Planning Research in Hospitality and Tourism provides an accessible concise and practical guide to planning conducting and analysing research in tourism and hospitality The authors skilfully introduce the basic principles and techniques of research in the international hospitality and tourism sectors and provide detailed guidance on both quantitative and qualitative methods of research It includes a variety of features throughout to aid students understanding and offers practical tips to help students overcome any potential research issues Building on the success of the first edition the volume has been fully revised and updated and contains new chapters on mixed methods and how to make best use of recent technology in research practices The second edition also benefits from increased coverage of research design strategies including sampling ethnography and experimental design inclusion of computer mediated data collection techniques such as online interviews online focus groups and online observation netnographic research new and updated international case studies and extracts with a more even spread of tourism and hospitality examples of research online student and lecturer resources including PowerPoint slides and a test bank of multiple choice and true false questions for each chapter Written by three leading scholars with experience of both the industry and university courses globally this insightful text is an essential resource for all tourism and hospitality research students and early career research professionals around the world

Copyright Industries and the Impact of Creative Destruction Jiabo Liu,2013 This book examines the relationship between the legal extension of copyright duration as an enduring means of copyright protection and the growth of the UK book publishing industry as a typical creative industry reliant on copyright The book draws on Schumpeter s theory of creative destruction to analyse the implications of copyright law and policy on the book industry and illustrate the dynamic interaction between copyright expansion and the growth of the creative industries The book reviews the historical development of UK copyright expansion and also considers copyright in the digital age It explores the legal and economic concerns about copyright protection in general and the expansion of copyright duration in particular Using an innovative empirical method it explores whether the expansion of the duration of copyright promotes or precludes the growth of book publishing industry It goes on to suggest changes to copyright policy which would have an impact on the economics of innovation in the creative industries This book will be of particular interest to scholars and students of Intellectual Property Law

Planning Research in Hospitality & Tourism Levent Altinay,Alexandros Paraskevas,2009-11-04 Planning Research in Hospitality and Tourism provides a concise and clear approach to planning research projects which are a necessity in most hospitality and tourism courses taught at degree level The text considers the particular characteristics of the hospitality and tourism industry whilst providing a balanced approach toward both quantitative and qualitative methods of research The text also carefully considers the international aspect of the industry and the people it employees which supports the books aims of Providing an excellent understanding of the basic principles of conducting research in a straight

forward no nonsense guide Carefully considering the particular characteristics of the hospitality and tourism sectors in relation to embarking on a research project in the area Including in each chapter an International Dimension section as well as case studies questions and reflections on the research process

Guide to Reference in Business and Economics
