Economic Studies Contributions To The Critique Of Economic Theory

David Levine

Economic Studies Contributions To The Critique Of Economic Theory:

Economic Studies (Routledge Revivals) David Levine, 2013-01-11 First published in 1977 David Levine's *Economic Studies* offers a critique and reconstruction of the theoretical conception of economic life The premise of the study is that only an investigation of the system of elementary economic relations value capital production can overcome the confusion and misdirection which baffles progress in all areas of economic theory and lay the foundation for further development of economic science Levine discusses both the origins of economic science and the character of contemporary economic thought He presents a critique of the ideas of classical political economy and of the notion of a labor theory of value which excludes the possibility of a science of economic relations

The Origin of Economic Ideas Guy Routh, 1989-09-01 An updated version of the classic economics textbook revised to include current developments in the field It traces the development of modern economics and assesses the work of many famous theorists A chronology of the principal works of all economists mentioned in the text is included

Radical Economics Bruce Roberts, Susan Feiner, 2012-12-06

A Guide to What's Wrong with Economics Edward Fullbrook, 2004 During a time of accelerating momentum for radical change in the study of economics A Guide to What's Wrong with Economics comprehensively re-examines the shortcomings of neoclassical economics and considers a number of alternative formulations

Political Economy as Theodicy David L. Blaney, 2024-03-05 *Political Economy as Theodicy* Progress Suffering and Denial proposes that political economics operates within a theological symbolic order that dictates modern sociopolitical and economic life as a whole This book revisits the work of key figures in the history of political economy and economic thought primarily Adam Smith Bernard Mandeville David Hume Thomas Malthus W Stanley Jevons Alfred Marshall and John Bates Clark *Theodicy* is a constitutive element of an international political economy IPE that often disavows moral evil while it conversely redefines such evil as an actual good within economic life Beginning with the Enlightenment thinkers and continuing through to the modern neoclassical economists this book traces the initial emergence of a natural theological basis for political economic thinking and concludes with a discussion of its application in modern IPE Relying upon a postcolonial framework the author seeks to provincialize economics creating space for alternative modes of being and doing This book will appeal to scholars and advanced students of IPE political theology international relations and postcolonial studies

Savage Economics David L. Blaney, Naeem Inayatullah, 2010-01-04 Challenges the powerful and pervasive ideas concerning political economy international relations and ethics in the modern world This title provides a fundamental cultural critique of political economy and critically describes the nature of the mainstream understanding of economics

Psychological Economics P. Earl, 2012-12-06 Peter E Earl There is no doubt that it is appropriate for a series on Modern Economic Thought to include a book on the recent development of economic analysis incorporating ideas from psychology This book was designed to appear in 1987 15 years after the publication of a now classic collection of essays in honor of George Katona Strumpel et al 1972 who throughout the fifties

and sixties had been tirelessly trying to persuade economists of the virtues of an infusion of psychology into their work In the intervening 15 years there has been a considerable growth of interest along the lines for which Katona had been arguing Many psychology based economics monographs have appeared a specialist quarterly the Journal of Economic Psychology commenced publication in 1981 with 1985 seeing the first issue of the Journal of Interdisciplinary Economics as yet another addition to growing ranks of psychology friendly journals such as the Journal of Consumer Research and the Journal of Social Economics and recently within psychology itself symposia have been taking place with a focus on the economics psychology interface for example see the entire June 1982 issue of the British Journal of Social Psychology For someone like myself strongly committed to a psychological approach to economics a 1 2 PSYCHOLOGICAL ECONOMICS problem of information overload and consequent ignorance of pertinent developments already looms large as a possibility **Within, Against, and**

Beyond Liberalism David Blaney, Naeem Inayatullah, 2021-06-24 This book provides a generous immanent description of liberalism but also works against and looks beyond it It engages liberalism and its variants in IPE at a moment in time when liberalism and liberal internationalism are experiencing something of a crisis of confidence Though we are deeply critical of liberalism especially the variant that dominates in IPE we picture liberalism as variegated and rife with doubt and tensions that potentially open it to traditions of thinking beyond itself We also show how these tensions and doubts often prompt attempts at closure in the form of defensive maneuvers like Eurocentric conceptions of development that justify Western dominance and the condemnation of scholarship that exposes relations of domination and subordination as violating the precepts of unit level positive science But recognizing these maneuvers as defensive reactions may help us grasp the moments of greater openness within liberalism that connect to traditions that think against and beyond its central tenets

Economics, Science and Capitalism Richard Westra, 2021-12-19 Various strains of heterodox economics have sought and largely failed to dismount orthodoxy from its dominant position This book critiques the critics explaining why heterodox economics challenges have faltered and then presents a coherent alternative paradigm of its own This simultaneously exposes the vacuousness of neoclassical economics the limitations of heterodox critique and the subverting of Karl Marx's revolutionary economic thought by his own disciples The book draws in particular on two key intellectual traditions in making its arguments critical realism and Marxism From the refounding of critical realist philosophy of science in the hands of Roy Bhaskar emphasis is placed upon the position that the ontological nature of the object of study determines the form of its possible science However in their theoretical constructions neither orthodox economics nor heterodox economics problematizes the unique ontology of capitalism to the detriment of knowledge about the social world The book maintains that a century of misthinking over Marx's corpus has resulted in a missed opportunity to construct a paradigmatic alternative to orthodox economics Drawing upon the tradition of the Japanese Uno approach to Marxism and supported by Bhaskar's development of critical realism as underlaborer for science the book defends Marx's writing in his monumental Capital as

founding an economic science adequate to its ontological object of study It then elaborates upon how Marxian economic theory exposes the hidden scourges of capitalism and what is required to unleash the potential of this theory for comprehensive analysis of capitalist vicissitudes the study of economic life in precapitalist societies and the design of a desperately needed postcapitalist social order Broadening its appeal as it sets out to reclaim Marx s revolutionary legacy this original volume critically traverses writings in mainstream and heterodox economics cutting edge philosophy of science and Marxian political economy and introduces readers to a reconstruction of Marx s Capital engineered in Japan This provocative book is essential reading for everyone interested in heterodox economics critical realism Marxian economics and critiques of capitalism

Value and the World Economy Today R. Westra,A. Zuege,2003-11-30 Value and the World Economy Today brings together a diverse group of globally renowned scholars of international political economy and critical economics to examine the relevance of value theory for understanding the world economy today The book is unique in the way that it connects literatures that have for the most part developed in isolation from each other and therefore brings questions of theory to bear directly upon the problems of analyzing current global trends and formulating responses to them Alfred Marshall John Cunningham Wood,2004-11 Ethical Dimensions of the Economy Wilfried Ver Eecke,2008-03-19 Overview This book is a philosophical reflection using mainly Hegel in addition to 1 Adam Smith Kant Marx and Catholic Social Thought about the soc political dimension of economics In it I both agree and disagree with the slogan that the least government is the best government I agree with the slogan in particular as it applies to the economic domain Adam Smith taught us that rational and self interested individuals left by themselves create a more efficient and reliable economic system than one in which the government has a heavy role as was the case in his time with the merc tile system Smith 14 651 Ludwig von Mises demonstrated the same idea for the communist command economy Hayek 1935 87 130 I d agree with the above mentioned slogan if it is interpreted as suggesting that we can best forget about the role of the government for a good functioning economy Instead I will argue that the government has an important fu tion in creating the proper regulations and the wise institutional arran ments which will allow the economy to flourish in a more efficient fair and humane way This book is interdisciplinary in nature It is a philosophical and ethical reflection on economics Hence I make use of philosophical ideas often but not exclusively those of Hegel I reflect philosophically on economic concepts Sraffa and the Reconstruction of Economic Theory: Volume Two E. Levrero,A. Palumbo,A. Stirati,2013-12-17 Written on the occasion of the 50th anniversary of the publication of Piero Sraffa s Production of Commodities by Means of Commodities the papers selected and contained in Sraffa and the Reconstruction of Economic Theory account for the work completed around the two central aspects of his contribution to economic analysis namely the criticism of the neoclassical or marginalist theory of value and distribution and the reconstruction of economic theory along the lines of the Classical approach Divided into three volumes Sraffa and the Reconstruction of Economic Theory debates the most fruitful routes for advancement in this field and their implications for

applied and policy analysis This second volume focuses on the theory of output and growth as developed in the modern classical approach on the basis of the extension to the long run of the Keynesian principle of effective demand and on the implications of the revival of the classical approach for policy analysis and for understanding the evolution of the international economic order in the last few decades [David Ricardo](#) J. King,2013-08-23 This book offers a new account of David Ricardo s political economy that is both scholarly and accessible It provides a detailed overview of the secondary literature on Ricardo down to 2012 and discusses alternative perspectives on his work including those of Marxians neoclassicals and Sraffians [Against Mechanism](#) Philip Mirowski,1992-01-27 the history of economic theory at its best [EASTERN ECONOMIC JOURNAL](#) [Sraffa and the Reconstruction of Economic Theory: Volume Three](#) E. Levrero,A. Palumbo,A. Stirati,2013-12-16 This book accounts for the work done around the two central aspects of Piero Sraffa s contribution to economic analysis namely the criticism of the neoclassical theory of value and distribution and the construction of economic theory along the lines of the Classical approach **Handbook on the History of Economic Analysis Volume I** Gilbert Faccarello,Heinz D. Kurz,2016-07-27 Volume I contains original biographical profiles of many of the most important and influential economists from the seventeenth century to the present day These inform the reader about their lives works and impact on the further development of the discipline The emphasis is on their lasting contributions to our understanding of the complex system known as the economy The entries also shed light on the means and ways in which the functioning of this system can be improved and its dysfunction reduced **Capital Controversy, Post Keynesian Economics and the History of Economic Thought** Philip Arestis,Gabriel Palma,Malcolm Sawyer,2005-08-17 In this volume more than forty leading economists including Nobel Laureate Paul Samuelson and Robert Solow critically evaluate the work of Geoff Harcourt [Welfare, Right and the State](#) David P. Levine,2007-09-12 Welfare and the self made life The theory of need Right as freedom Welfare and the state The free market Recognition and the self **Economies of Collaboration in Performance** Karen Savage,Dominic Symonds,2018-07-25 This is a book about collaboration in the arts which explores how working together seems to achieve more than the sum of the parts It introduces ideas from economics to conceptualize notions of externalities complementarity and emergence and playfully explores collaborative structures such as the swarm the crowd the flock and the network It uses up to date thinking about Wikinomics Postcapitalism and Biopolitics underpinned by ideas from Foucault Bourriaud and Hardt and Negri In a series of thought provoking case studies the authors consider creative practices in theatre music and film They explore work by artists such as Gob Squad Eric Whitacre Dries Verhoeven Pete Wyer and Tino Seghal and encounter both live and online collaborative possibilities in fascinating discussions of Craigslist and crowdfunding at the Edinburgh Festival What is revealed is that the introduction of Web 2 0 has enabled a new paradigm of artistic practice to emerge in which participatory encounters collaboration and online dialogue become key creative drivers Written itself as a collaborative project between Karen Savage and Dominic Symonds this is a strikingly

original take on the economics of working together

Economic Studies Contributions To The Critique Of Economic Theory Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Economic Studies Contributions To The Critique Of Economic Theory**," compiled by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.

Economic Studies Contributions To The Critique Of Economic Theory Introduction

In today's digital age, the availability of Economic Studies Contributions To The Critique Of Economic Theory books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Economic Studies Contributions To The Critique Of Economic Theory books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Economic Studies Contributions To The Critique Of Economic Theory books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Economic Studies Contributions To The Critique Of Economic Theory versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Economic Studies Contributions To The Critique Of Economic Theory books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Economic Studies Contributions To The Critique Of Economic Theory books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Economic Studies Contributions To The Critique Of Economic Theory books and manuals is Open

Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Economic Studies Contributions To The Critique Of Economic Theory books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Economic Studies Contributions To The Critique Of Economic Theory books and manuals for download and embark on your journey of knowledge?

FAQs About Economic Studies Contributions To The Critique Of Economic Theory Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Economic Studies Contributions To The Critique Of Economic Theory is one of the best book in our library for free trial. We provide copy of Economic Studies Contributions To The Critique Of Economic Theory in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Economic Studies Contributions To The Critique Of Economic Theory. Where to download
