European Conference on Object-Oriented Programming* Jean Bezivin, Jean-Marie Hullot, Pierre Cointe, Henry

Lieberman,2007-03-06 In October 1983 an informal meeting was organized in Le Cap d Agde with the help of the BIGRE bulletin Sixty people turned out to hear more than ten presentations on object oriented programming More important was their unanimous demand for other more structured encounters So about one year later the Object group was created by AFCET A second workshop was organized in Brest and again one year later in Paris each time showing increased attendance and interest The success of these meetings and the fact that similar activities were taking place in other European countries especially Great Britain and Germany led to the idea of an annual European Conference providing a forum for theorists and practitioners interested in the object oriented programming paradigm It is impossible to acknowledge here all the people and organizations that welcomed with great enthusiasm the birth of the ECOOP conference and contributed to its organization More than a hundred submissions were received and the program committee had the unpleasant task of turning down many valuable contributions We hope however that the selection of papers for ECOOP 87 emphasizes the fundamental issues and problems of object oriented programming and will point toward interesting future research directions **COP '14** ,2014

ECOOP 2011--Object-Oriented Programming Mira Mezini,2011-07-18 This book constitutes the refereed proceedings of the 25th European Conference on Object Oriented Programming ECOOP 2011 held in Lancaster UK in July 2011 The 26 revised full papers presented together with three keynote lectures were carefully reviewed and selected from a total of 100 submissions The papers cover topics such as empirical studies mining understanding recommending modularity modelling and refactoring aliasing and ownership as well as memory optimizations ECOOP '87 ,1987 *Proceedings of the 1st Workshop on Programming Language Evolution (PLE'14)*. ,2014 **Proceedings of the Second International Workshop on Combined Object-Oriented Modelling and Programming Languages** ,2013 *Proceedings of the 9th International Workshop on Implementation, Compilation, Optimization of Object-Oriented Languages, Programs and Systems PLE*. ,2014

Proceedings of the 5th International Workshop on Context-Oriented Programming Marianne Huchard,2013-07 ECOOP 13 European Conference on Object Oriented Programming Jul 01 2013 Jul 01 2013 Montpellier France You can view more information about this proceeding and all of ACM s other published conference proceedings from the ACM Digital Library <http://www.acm.org/dl> **ECOOP '99 - Object-Oriented Programming** Rachid Guerraoui,1999-06-02 My tailor is Object Oriented Most software systems that have been built cently are claimed to be Object Oriented Even older software systems that are still in commercial use have been upgraded with some OO avors The range of areas where OO can be viewed as a must have feature seems to be as large as the number of elds in computer science If we stick to one of the original views of OO that is to create cost e ctive software solutions through modeling ph ical abstractions the application of OO to any eld of computer science does indeed make sense There are OO programming languages OO operating s tems OO databases OO speci cations OO methodologies etc So what does a conference on Object Oriented Programming really mean I honestly don t know What I do know is that since its creation in 1987 ECOOP has been attracting a large number of

contributions and ECOOP conferences have ended up with high quality technical programs featuring interesting mixtures of theory and practice. Among the 183 initial submissions to ECOOP 99, 20 papers were selected for inclusion in the technical program of the conference. Every paper was reviewed by three to five referees. The selection of papers was carried out during a 1-day program committee meeting at the Swiss Federal Institute of Technology in Lausanne. Papers were judged according to their originality, presentation quality and relevance to the conference topics.
