coup and Russian Revolution and the murder of the Russian Romanov Tsar Nicholas II his wife Tsarina Alexandra and their five young children four Grand Duchesses Olga Anastasia Tatiana Marie and the Tsarevich Alexis It is our story And I want to share it with you now because it is your story too **Black Blood = 21st Century Oil Rush** Noel Robertson,2007-01-24

Noel Robertson was born during WWII He worked hard to gain qualifications in school banking and then general construction All the time Noel had a nagging question Why are we so poor and who are these people controlling everything A Jewish friend told him that only fools work This made him think so he embarked on various self employed activities Becoming ill at age 51 he has not worked since He started his research into the history of mankind which took place way before all those Biblical stories he needed to know the origins of our species and set out to find the missing link according to Charles Darwin Time allowed Noel to read numerous books allied to this subject including those written by Zecharia Sitchin setting out his translations of the Sumerian Tablets Noel basically found out where we as a human race came from It was these findings that led to Black Blood 21st Century Oil Rush This brings right up to date the reasons for wars both historical and current which mankind has had to endure Man has simply given his mind away If you think you are free then think again It is a journey from pre history through Biblical times the renaissance period to the present Imperialist administrations are still fighting wars over the control of modern energy oil and gas and indeed human minds Man is being drawn in with most of the world not realising and understanding the covert powers at work here Black Blood 21st Century Oil Rush provides some very interesting answers true understanding is highly controversial Just substitute the word God for space ship and global for New World Order and enter Noel s world **Media Spectacle and the Crisis of Democracy** Douglas Kellner,2015-12-03

Douglas Kellner s Media Spectacle and the Crisis of Democracy 9 11 the War on Iraq and Election 2004 investigates the role of the media in the momentous political events of the past four years Beginning with the role of the media in contested election of 2000 Kellner examines how corporate media ownership and concentration linked with a rightward shift of establishment media have disadvantaged the Democrats and benefited George W Bush and the Republicans Exploring the role of media spectacle in the 9 11 attacks and subsequent Terror War in Afghanistan and Iraq Kellner documents the centrality of media politics in advancing foreign policy agendas and militarism Building on his analysis in Media Spectacle Routledge 2003 Kellner demonstrates in detail how conflicting political forces ranging from Al Qaeda to the Bush administration construct media spectacles to advance their politics Two chapters critically engage the role of the media in the buildup to the Iraq war and the media centric nature of Bush s Iraq invasion and occupation Final chapters delineate the role of the media in the highly contested and significant 2004 election campaign that many believe to be one of the key political struggles of the contemporary era Criticizing Bush s unilateralism Kellner argues for a multilateral and cosmopolitan globalization and the need for democratic media to help overcome the current crisis of democracy in the United States

**Devastating Society** Bernd Hamm,2005-02-20 United in their opposition to the neo conservatism underpinning America

s current political strategies the contributors offer a grounded critique of the real impact that these policies make at home and abroad Starting with a close analysis of the Bush administration and the neo conservative hold on power in Washington they move on to a broader historical analysis They set today s topical issues in the context of what they see as a gradual shift towards the right in American politics and the creeping corporatisation of American society The contributors show that September 11 was used by the Bush administration to clamp down on civil liberties at home and to step up an aggressive line in foreign policy The impact on American society and societies elsewhere has been deeply damaging Ranging over this and other topics including the US economy corporate crime and anti environmentalism this book is ideal for anyone who wants a critical introduction to current affairs issues set within the broader context of America s history of foreign interventions and global capitalism

**Reality, Truth and Evil** Thomas Meyer, 2005 Using the events of 9 11 and Pearl Harbor as his backdrop Meyer studies the issues of reality truth and evil Offering important new perspectives he shows that U S political practice under the influence of secret societies such as Skull and Bones is based on an ideology of polarity and conflict Meyer offers instances of this tendency encouraging what Huntington famously referred to as a clash of civilizations For example a week before George Bush Sr spoke in Congress about the need for a new world order a humorous cartoon map in the Economist divided the world s continents into religious and philosophical blocks creating a new region called Islamistan In 1997 National Security Advisor Zbigniew Brzezinski wrote openly of U S geo strategic plans stating that it would be hard to achieve such goals except in the circumstances of a truly massive and widely perceived direct external threat It seems that this was granted with the events of September 11 2001 and the consequent launch of the war on terror The immediate comparisons led by George W Bush with Pearl Harbor demand a reassessment of the events of 1941 Meyer points to conclusive evidence suggesting that Roosevelt deliberately provoked the attacks and failed to pass on intelligence to US Navy chiefs Could it be possible that certain members of the U S elite likewise deliberately remained passive before 9 11 Why only two weeks after the attacks were celebrations held at CIA headquarters in which Bush profusely thanked the secret services on behalf of the American people In contrast to the divisive thinking and conflict management of leading representatives of the Anglo American elite inspired by a contorted reading of some basic insights of the philosopher Hegel the author shows how the holistic approach of Rudolf Steiner and Mabel Collins offers a radical alternative for dealing with polarities and overcoming conflict

*Caesar Ate My Jesus* Meg Gorzycki, 2017-06-09 What the hell happened on the way to making the world a better place We boomers were told our success would be unlimited We had democracy and capitalism and God was on our side We took our religious teachings seriously and set out to end bigotry violence and destitution Inevitably we collided with American Caesars whose power and wealth was sufficient to dominate national and international affairs Political and religious Caesars appropriated Jesus and used him to justify war sexism racism dictatorships and poverty What were the faithful to do Lots of boomers I know tossed the spiritual baby out with the religious institution s bathwater and

became cynical about civic engagement It is not time to abandon hope in our goodness however and it is not time to surrender our conscience to Caesar Our experiences as boomers teach us that it is possible to bring the love of God to bear in our lives despite Caesar s constant pressure to cherish power wealth celebrity and things more than we cherish people This book is for folks who are ready to get off Caesar s treadmill and dig deeply into their hearts and minds to see what remains of the Kingdom of God within     *The Fourth Branch* Michael L. Rees,2008 I have come to the conclusion that our national government has gotten itself infested with an unknown but large number of people who do not have the best interests of the people the country or the planet as a whole at heart Instead they are some combination of totally unproductive or wasteful in the extreme or corrupt or criminal which includes those who have no concept of right or wrong and those who appear to be pursuing goals harmful to the country and to the individual citizen Unfortunately it seems likely that more than a few such people have inserted themselves into positions of power Worse they have assisted others of their kind into supporting positions of power so that it seems very hard to root them out It s a simple book one that I hope doesn t take you too long to read YouOve read enough already to form some idea of whether you might agree with this conclusion If not skip it Do something that seems more interesting to you But if you think there might be something to this read on I will briefly discuss some events and portions of the US government that I think illustrate the likelihood of what I described in paragraphs one and two above being true Chapter Two outlines a proposed solution for this dilemma facing all of us How can we keep our government efficient inexpensive and honest Can anything be done about it I take the position that the answer to that question is yes     **Matrix for Assassination** Richard Gilbride,2009 A phantom haunts America the ghost of Dealey Plaza where President John F Kennedy was shot on November 22 1963 In *Matrix for Assassination* author Richard Gilbride a schoolboy in 1963 who became fascinated with the facts condenses much of the research conducted in recent years after a mountain of new data became available from classified files with the passing of the John F Kennedy Assassination Records Collection Act of 1992 *Matrix for Assassination* names the names It offers simple and defensible solutions to many of the crime s lasting enigmas Who were the shooters Who forced Ruby to kill Oswald Who orchestrated Kennedy s autopsy cover up What actually happened in the book depository Were the Dallas police in on the plot The Pentagon LBJ The CIA Thoroughly referenced with 300 accompanying photographs *Matrix for Assassination* is bookended by two events which draw it through the tabloids and into the X Files Marilyn Monroe s strange death and JFK s clash with an above top secret UFO cabal Her murder was a prelude to Dallas at the heart of the military industrial complex dwelt a sinister darkness that originated in Nazi Germany     *Earth into Property* Anthony Hall,2010-08-23 *Earth into Property* The Bowl with One Spoon Part Two explores the relationship between the dispossession of Indigenous peoples and the making of global capitalism Beginning with Christopher Columbus s inception of a New World Order in 1492 Anthony Hall draws on a massive body of original research to produce a narrative that is audacious encyclopedic and transformative in the new light it sheds on the

complex historical processes that converged in the financial debacle of 2008 and 2009      Fascism: Post-war fascisms Roger Griffin, Matthew Feldman, 2004 The nature of fascism has been hotly contested by scholars since the term was first coined by Mussolini in 1919 However for the first time since Italian fascism appeared there is now a significant degree of consensus amongst scholars about how to approach the generic term namely as a revolutionary form of ultra nationalism Seen from this perspective all forms of fascism have three common features anticonservatism a myth of ethnic or national renewal and a conception of a nation in crisis This collection includes articles that show this new consensus which is inevitably contested as well as making available material which relates to aspects of fascism independently of any sort of consensus and also covering fascism of the inter and post war periods This is a comprehensive selection of texts reflecting both the extreme multi faceted nature of fascism as a phenomenon and the extraordinary divergence of interpretations of fascism

**Presidential War Mindset** Robert Pigott, 2008-05-12 Psychology and American History are utilized to develop an analysis of the group behavior of Americans during wartime Incorporated into this examination of group behavior was the influence of the Presidents s birth order and how his family structure affected his wartime decisions The following issues are addressed concerning the Presidents who were involved in warfare during their tenure of office Can family group interactions be a factor in decisions embraced by the Executive leader Does the desire for acceptance by others create emotionally based decisions and affect the Nation s attitudes during wartime What does history tell us about a country s collective mindset during wartime Are people s behaviors basically the same regardless of the time period Will this introspection of human behavior have any influence on how you perceive present day conflicts and leadership Are you an independent thinker and decision maker or is it more comfortable to follow the security of the crowd      *The Political World of Bob Dylan* Jeff Taylor, Chad Israelson, 2015-07-15 This work illuminates identifies and characterizes the influences and expressions of Bob Dylan s Political World throughout his life and career An approach nearly as unique as the singer himself the authors attempt to remove Dylan from the typical Left Right paradigm and place him into a broader and deeper context
