Georgia O'Keeffe Visions of the Sublime Marjorie P. Balge-Crozier, 2004 Even in her earliest works Georgia O'Keeffe was a visionary who intuitively created her own definitions of the sublime enhanced the perception of its visual symbols and provided new ways to view the surrounding environment and explore one's inner self Over the past two centuries the concept of the sublime has been substantially redefined by a small number of artists writers and critics For O'Keeffe already imbued with the spiritual and transcendental the sublime was not a theoretical concept it was manifest in her everyday worldly experiences Although most of O'Keeffe's works are landscapes the sublime for her was not necessarily associated with a physical location As only few others have O'Keeffe demonstrated an intuitive association with all that can be considered sublime and in her remarkable journey with color line light and form from the abstract to the representational she pursued a spiritual quest that has dramatically refined the visual qualities of the sublime
