The Contemplative Poetry of Gerard Manley Hopkins Maria R. Lichtmann, 2014-07-14 In 1989 the centenary of his death Gerard Manley Hopkins continues to provoke fundamental questions among scholars what major poetic strategy informs his work and how did his reflections on the nature of poetry affect his writing While form meant a great deal to Hopkins it was never mere form Maria Lichtmann demonstrates that the poet a student of Scripture all his life adopted Scripture's predominant form parallelism as his own major poetic strategy Hopkins saw that parallelism struck deep into the heart and soul tapping into unconscious rhythms and bringing about a healing response that he identified as contemplation Parallelism was to him the perfect statement of the integrity of outward form and inner meaning Other critics have seen the parallelism in Hopkins's poems only on the auditory level of alliterations and assonances Lichtmann however builds on the views held by Hopkins himself who spoke of a parallelism of words and of thought engendered by the parallelism of sound She distinguishes the integrating Parmenidean parallelisms of resemblance from the disintegrating Heraclitean parallelisms of antithesis The tension between Parmenidean unity and Heraclitean variety is resolved only in the wordless communion of contemplation This emphasis on contemplation offers a corrective to the overly emphasized Ignatian interpretation of Hopkins's poetry as meditative poetry The book also makes clear that Hopkins's preference for contemplation sharply differentiates him from his Romantic predecessors as well as from the structuralists who now claim him Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton

University Press since its founding in 1905      **The Philosophical Mysticism of Gerard Manley Hopkins** Aakanksha Virkar Yates, 2018-04-27 Through the lens of Hopkins's masterwork *The Philosophical Mysticism of Gerard Manley Hopkins* readdresses Hopkins's frequently overlooked mysticism as an interior narrative within his corpus. Drawing on a range of religious, literary, and visual traditions from Augustine's *Confessions* to the seventeenth-century spiritual emblem, this book demonstrates the ways in which the Wreck deliberately constructs and conceals a mystical and contemplative narrative. Typology and allegory are some of the important hermeneutic tools used in this re-reading of Hopkins, relating the poet to the discursive tradition surrounding the Old Testament Song of Songs, the philosophical theology of the Greek Fathers, and perhaps most intriguingly, the meditative and visual tradition of the baroque heart emblem. On the centenary of the publication of Hopkins's poems, this book places the writer firmly within a mystical tradition, necessitating a fundamental reconsideration of the legacy of this major Victorian poet.      *The Split World of Gerard Manley Hopkins* Dennis Sobolev, 2011-05 For the first time in almost half a century, the world of Hopkins is examined as an indivisible whole. *The Split World of Gerard Manley Hopkins* is a synthetic study of Hopkins's writings, written within a framework of semiotic phenomenology.      **The Collected Works of Gerard Manley Hopkins: Volume IV: Oxford Essays and Notes 1863-1868** Gerard Manley Hopkins, 2006-10-05 The first of eight volumes of Hopkins's *Collected Works* to be published, *Oxford Essays and Notes* presents a remarkable cache of previously unpublished papers, including forty-five essays which Hopkins produced during his undergraduate career at Oxford, 1863-1867, only seven of which were reproduced in the 1959 edition of *Journals and Papers*. Topics range from Platonic philosophy to theories of the imagination, from ancient history to then-contemporary politics and voting rights. Also included are notes from a commonplace book, a remarkable dialogue about aesthetics featuring a fictionalized John Ruskin figure, and the lecture notes Hopkins prepared in the winter of 1868 while teaching at John Henry Newman's Oratory School in Birmingham, writings in which he explores for the first time the theories of *inscape* and *instress*, so central to his poetic practice. The edition is fully annotated and provides a detailed introduction that situates historically Hopkins's academic and creative efforts. The twelve notebooks represent Hopkins's intellectual and aesthetic development while studying with some of the greatest scholars of the era: Benjamin Jowett, Walter Pater, and T. H. Green, as well as the ethical and spiritual anxieties he wrestled with while deciding to convert to Catholicism. John Henry Newman received him into the Church in 1866; Hopkins never wrote to please his tutors or the university professors; he wrote vividly and searchingly in response to the challenges they presented. Whether evaluating Aristotle's *Nicomachean Ethics*, the role of neutral England in the American Civil War, or the comparative merits of classical sculpture, his first instinct was always to frame the difficult questions involved and work towards a counter-argument.      **Gerard Manley Hopkins** Angus Easson, 2010-12-14 Gerard Manley Hopkins was among the most innovative writers of the Victorian period. Experimental and idiosyncratic, his work remains important for any student of nineteenth-century literature and culture. This guide to Hopkins

to Catholicism his idea of inscape as revealed by fancy and the relation between his fancy and the aesthetics of Romantic poets such as Keats and Wordsworth Chapter Two focuses on the concept of fancy in Hopkins's predecessors William Shakespeare and Alfred Lord Tennyson who along with Coleridge and Ruskin had a major influence on the writer leading him to pen the play *Floris in Italy* and the sonnet series *The Beginning of the End* in order to experiment with the language of inspiration which he argued only fancy could produce This chapter also discusses Hopkins's interest in J E Millais and the impact of the Pre Raphaelites in the development of his poetics of fancy Hopkins's fancy as metalanguage the contrast between his fancy and the impressionism of Walter Pater and the role of fancy in Hopkins's sonnets Chapter Three treats Hopkins's conversion to Catholicism and his views on Catholic art including his interest in William Butterfield and the Gothic Revival as well as the abrupt parallelism between Christ and fancy in *The Wreck of the Deutschland* Hopkins's poetic diction is a condensed evocation of art and nature with fancy as the source of his inspiration His metaphors are not ordinary figures expressing the attributes of things but are autonomous and have their nature within themselves Hopkins's poetic idiosyncrasy is generated by the parallelism between distinctive and autonomous images which repeat the surprise and ecstasy of the poet contemplating art and nature He endeavoured to achieve the poetry of inspiration with his emphasis on fancy as the basis of his poetic diction so as to reinstate it as the source of a new Realism Hopkins's fancy foregrounds the discontinuous nature of a new poetic diction which demonstrates unfettered combinations between autonomous images and signs in metalanguage in advance of semiotic literary theories
