These were Bertrand Russell, the incomparable logician, philosopher, and humanist; Wolfgang Pauli, the great physicist; and Kurt Gödel, the groundbreaking logician. Using these historic meetings as a starting point, Burton Feldman provides a highly original examination of these four very outsized personalities as friends, colleagues, and rivals, particularly the stubborn and supremely self-confident Einstein and the aristocratic Russell. Masterfully researched, this accessible book illuminates the feelings of these great men about the world of science that was then beginning to pass them by and about the dawning atomic age that terrified them all From Phenomenology to Existentialism Dov Schwartz, 2012-12-07 This book focuses on the first and second stages of Soloveitchik's philosophy through a systematic and detailed discussion of some of his essays. Utopianism, Modernism, and Literature in the Twentieth Century A. Reeve-Tucker, N. Waddell, 2013-05-07 Utopianism, Modernism, and Literature in the Twentieth Century considers the links between utopianism and modernism in two ways: as an under-theorized nexus of aesthetic and political interactions and as a sphere of confluences that challenges accepted critical models of modernist and twentieth-century literary history. An international group of scholars considers works by E. M. Forster, Ford Madox Ford, Wyndham Lewis, Naomi Mitchison, Katharine Burdekin, Rex Warner, Yevgeny Zamyatin, Thomas Pynchon, Elizabeth Bowen, James Baldwin, Toni Morrison, and Ernst Bloch. In doing so, this volume's contributors prompt new reflections on key aspects of utopianism in experimental twentieth-century literature and non-fictional writing, deepen literary-historical understandings of modernism's socio-political implications, and bear out the ongoing relevance of modernism's explorations of utopian thought. Utopianism, Modernism, and Literature in the Twentieth Century will appeal to anyone with an interest in how deeply and how differently modernist writers, as well as writers influenced by or resistant to modernist styles, engaged with issues of utopianism, perfectibility, and social betterment.
