German Aesthetic And Literary Criticism Winckelmann Lessing Hamann Herder Schiller Goethe:

German Aesthetic and Literary Criticism: Winckelmann, Lessing, Hamann, Herder, Schiller and Goethe Hugh Barr Nisbet, 1985-12-05 Anthology of translated extracts from their works *German aesthetic and literary criticism : Winckelmann, Lessing, Hamann, Herder, Schiller, Goethe* Hugh Barr Nisbet, 1985 *German Aesthetic Literary Criticism* Simpson, 1984-05-24 The volume comprises selections from the major work of Kant Schopenhauer and Hegel as well as from Fichte and Schelling some of whose writings are translated here for the first time The volume comprises selections from the major work of Kant Schopenhauer and Hegel as well as from Fichte and Schelling some of whose writings are translated here for the first time It thus provides a much fuller context for the German Idealist movement than has been hitherto available in any comparable form in English The texts reveal aesthetic philosophy and literary criticism not as abstract or peripheral disciplines but as absolutely central topics in the mainstream of German Idealist thought Dr Simpson's introduction places the writers and their work in an appropriate intellectual context and his extensive annotation seeks to clarify and render more accessible their complex and often elusive ideas *E.T.A. Hoffmann's Musical Aesthetics* Abigail Chantler, 2017-07-05 Whilst E T A Hoffmann 1776 1822 is most widely known as the author of fantastic tales he was also prolific as a music critic productive as a composer and active as a conductor This book examines Hoffmann's aesthetic thought within the broader context of the history of ideas of the late eighteenth and early nineteenth centuries and explores the relationship between his musical aesthetics and compositional practice The first three chapters consider his ideas about creativity and aesthetic appreciation in relation to the thought of other German romantic theorists discussing the central tenets of his musical aesthetic the idea of a religion of art of the composer as a genius and the listener as a passive genius In particular the relationship between the multifaceted thought of Hoffmann and Friedrich Schlegel is explored providing some insight into the way in which diverse intellectual traditions converged in early nineteenth century Germany In the second half of the book Hoffmann's dialectical view of music history and his conception of romantic opera are discussed in relation to his activities as a composer with reference to his instrumental music and his two mature large scale operas *Aurora* and *Undine* The author also addresses broader issues pertaining to the ideological and historical significance of Hoffmann's musical and literary oeuvre *Epistemology in Spinoza-Marx-Freud-Lacan* A. Kiarina Kordela, 2017-10-06 A Kiarina Kordela steps beyond extant commentaries on Marx's theory of commodity fetishism from A Sohn Rethel to L Althusser Balibar Slavoj Žižek and others to show that in capitalism value is the manifestation of the homology between thought and being while their other aspect power is foreclosed and becomes the object of biopower Using monistic Marxian Lacanian structuralism as an alternative to dominant models from Plato and Kant to phenomenological accounts deconstruction and other contemporary approaches Kordela expertly argues that Marx's theory of commodity fetishism is a reformulation of the Spinozian thesis that thought mind and things bodies or extension are manifestations of one and the same being or substance Kordela's link

between Spinoza and Marx shows that being consists of two aspects value and power the former leading to structuralist thought the latter becoming the object of contemporary biopower Epistemology in Spinoza Marx Freud Lacan intervenes between two dominant lines of thought in the reception of Marx today on the one hand an approach that relates Marxian thought to psychoanalysis from a Hegelian dialectical perspective and on the other hand an approach that links Marxism to Spinozian monism at the total exclusion of psychoanalysis This book will interest scholars and researchers who study Marxism post structuralism psychoanalysis critical theory ontology epistemology and theories of representation theoreticians of cultural studies and comparative literature aesthetic theory including the relation of art to economy and politics and biopolitics

Quatremère de Quincy's On the Ideal in the Pictorial Arts Antoine Chrysostome Quatremère de Quincy, 2024-11-19 Antoine Chrysostome Quatrem re de Quincy was widely regarded as the pre eminent art theorist of his day and exerted tremendous influence over the development of the arts in nineteenth century France publishing over twenty books over his career Translated into English for the first time by Michel Antoine Xhignesse this 1837 treatise on imitation in the arts represents one of his major theoretical works Quatrem re de Quincy argues against the prevailing opinion of the day that artistic imitation aims at communicating the essence of the thing represented ideal imitation rather than merely faithfully reproducing its life appearance real imitation In order to communicate the essence he argues the artist must prioritize the contributions of her imagination over the choice and appearance of her model This represented a significant departure from other accounts of ideal imitation such as Batteux s or Winckelmann s which instead advocated combining the best features of several different

D. Chrostowska, 2012-07-09 Literature on Trial traces the rise of modern literary criticism in Central and Eastern Europe during the eighteenth century S D Chrostowska juxtaposes the discourse s written forms in three linguistic cultural regions Germany Poland and Russia to show how fluid the relationship once was between the genres of criticism and those of literature An alternative history of literary criticism Literature on Trial marks a shift from earlier studies focus on aesthetic principles to an emphasis on the development of literary critical forms Chrostowska relates cultural and institutional changes in these areas to the formation of literary critical knowledge She accounts for the ways in which critical discourse organized itself formally and deemed some genres proper while eliminating others Analysing works by Lessing Goethe and Karamzin among others Literature on Trial brings a fresh theoretical perspective to the links between genre as a discursive strategy and socio political life **The Sleep of Reason** Frances S. Connelly, 1999 **Romanticism and the Uses of Genre** David Duff, 2009-11-12 This wide ranging book explores the generic innovations that drive the Romantic revolution in literature but also the fascination with archaic forms such as the ballad sonnet epic and romance whose revival and transformation make Romanticism a retro as well as a revolutionary movement **The Enlightened Eye** , 2015-06-29 Poets painters philosophers and scientists alike debated new ways of thinking about visual culture in the long eighteenth century The essays in The Enlightened Eye Goethe and Visual Culture demonstrate the extent to which Goethe advanced this discourse in virtually all disciplines The concept of visibility becomes a constitutive moment in a productive relationship between the verbal and visual arts with far reaching implications for the formation of bourgeois identity pedagogy and culture From a variety of theoretical perspectives the contributors to this volume examine the interconnections between aesthetic and scientific fields of inquiry involved in Goethe s visual identity By locating Goethe s position in the examination of visual culture both established and emerging scholars analyze the degree to

which visual aesthetics determined the cultural production of both the German speaking world and the broader European context The contributions analyze the production presentation and consumption of visual culture defined broadly as painting sculpture theater and scientific practice The Enlightened Eye promises to invest new energy and insight into the discussion among literary scholars art historians and cultural theorists about many aspects of visual culture in the Age of Goethe
