Georg Lukacs Record Of A Life An Autobiographical Sketch:

Record of a Life Georg Lukacs, 1985-07-17 This revealing autobiography of the Hungarian Marxist philosopher Georg Lukacs is centered on a series of interviews that he gave in 1969 and 1971 shortly before his death on 4 June 1971 Stimulated by the sympathetic yet incisive questioning of the interviewer the Hungarian essayist Istvan E. Lukacs discusses at length the course of his life his years of political struggle and his formation and role as a Marxist intellectual From a highly evocative account of his childhood and school years Lukacs proceeds to discuss his political awakening the debates within the socialist movement over the First World War form the prelude to an assessment of Tactics and Ethics written in 1919 from there the discussion turns to Lukacs's early major contribution to Marxist philosophy History and Class Consciousness After considering at length the years of emigration in Vienna and the Soviet Union Lukacs finally recalls his return to Hungary after the Second World War and his new position as a revolutionary left critic of actually existing socialism By socialist democracy he wrote in 1970 I understand democracy in ordinary life as it appears in the Workers Soviets of 1871 1905 and 1917 as it once existed in the socialist countries and in which form it must be re animated This Record of a Life which includes an introduction by Istvan E. Lukacs furnishes a compelling tribute to a remarkable man

Georg Lukács Judith Marcus, Zoltan Tarr, 1989-01-01 The Hungarian social philosopher and literary critic Georg Lukacs 1885 1971 is one of the seminal intellectual figures of the twentieth century With the possible exception of Leon Trotsky he is also widely recognized as the outstanding Marxist thinker aside from Marx himself Yet as Lewis Coser has observed Lukacs has remained the most enigmatic figure of the modern communist movement Why were his theories so important to modern political and social thought How did he come to have such influence on so many distinguished Western Intellectuals and for such a long time And why despite this did so many of his writings infuriate contemporary readers and critics The centenary of Lukacs birth was celebrated in 1985 with symposia in a number of countries on several continents Hundreds of Lukacs scholars and

students attended along with others who were interested in his time and his ideas as well as the man and his work. In the process, new understanding of some of his most controversial concepts, ideas, and theses emerged. Newly discovered information and writings, as well as previously unknown preoccupations in his seventy-year intellectual career, were shared. This volume brings together some of the best and most original of the essays of participants in New York, Paris, Budapest, and Mexico City. Some of the contributions in this volume are sharply critical of Lukács; others are clearly admiring. A great many take an objective but severe look at diverse aspects of his work. Together they constitute a close examination of the life work of the man Thomas Mann once called "the most important literary critic of today." Jean-Paul Sartre hailed him as a significant modern philosopher, and Irving Howe declared him a major force in European intellectual life. Collectively, this volume shows why Georg Lukács remains one of the remarkable intellectual figures of the twentieth century whose work is of enduring significance for us today.

Judith Marcus is on the faculty of Kenyon College. She is the author of *Thomas Mann and Lukács*. Zoltan Tarr was a visiting Fulbright Scholar to Budapest, Hungary, and has taught sociology and history at the City College of CUNY, New School for Social Research, and Rutgers University. He is author of *The Frankfurt School: The Critical Theories of Max Horkheimer and Theodor W. Adorno*.

Recovering the Later Georg Lukács Matthew J. Smetona, 2023-04-25. New resources for the critique of capitalism in culture from the late writings of Georg Lukács, one of the first authors in the tradition of Western Marxism. The Hungarian literary critic, philosopher, and Marxist social theorist Georg Lukács is best known for his 1923 *History and Class Consciousness*, in which he offered an influential critique of reification from the standpoint of a dialectical conception of totality. While Lukács's early works have been central to the study of Marxist thought, his later works have often been dismissed as political accommodations to Stalinism. In this new study, Matthew Smetona argues for a revisionist interpretation of Lukács's later writings on topics as diverse as aesthetics, politics, and ontology. Smetona demonstrates that these writings reveal a methodological unity that follows directly from *History and Class Consciousness*, in which realism in both literary and extraliterary senses becomes the basis for the critique of reification. As Lukács had demonstrated, reification is that process by which the social relations between persons seem to take on the character of a thing. Rooted in Marx's concept of commodity fetishism, the critique of reification proved in Lukács's hands to be a flexible tool capable of clarifying all manner of obfuscations that arise within the social relations that capitalism produces. To recover the later work of Lukács is to open up new horizons for Marxist cultural criticism.

The Politics of the Soul John Dickson, 2022-12-16. This book takes the form of intellectual histories of eight major representative figures of the twentieth century who inherited and responded to the spiritual problematic left by Nietzsche. With each figure offering very different ethical and spiritual positions, all shed light on what we mean when we talk confusedly around the topics of politics and religion. With portraits of Max Weber, Georg Lukács, T. S. Eliot, W. H. Auden, Sigmund Freud, Carl Jung, George Orwell, and Hannah Arendt, the author explores the latent content of their worldview, the moral or immoral intention of their

intellectual project In each of the case studies the aim is to move toward an understanding of their ultimate values to get at their particular picture of the soul as well as the implications of this vision for religion and politics As such *The Politics of the Soul* will appeal to scholars of sociology and social theory religion philosophy political theory and cultural studies *Lukács Reads Goethe* Nicholas Vazsonyi,1997 Long recognized as one of the foremost literary critics of the twentieth century the Hungarian born Georg Lukacs 1885 1971 shocked many by turning to Marxism in 1918 Using his formidable knowledge of European cultural history he revitalized Marxist theory with his book *History and Class Consciousness* 1923 and continued to write extensively about literature The ultimate question posed by this book is how Lukacs in the 1930s was able to write enthusiastically about Goethe citing him as an ideal exponent of humanism while simultaneously accepting and even condoning Stalinism

Feudalism and Non-European Societies T. J. Byres, Harbans Mukhia, 1985 With admirable clarity Mrs Peters sums up what determines competence in spelling and the traditional and new approaches to its teaching *Times Literary Supplement*

months which followed the collapse of the Austro Hungarian Dual Monarchy It looks at the subsequent roles during the Soviet Republic of artists film makers actors musicians and writers and the attitude of the newly established People's Commissariat for Education and Culture in which the future internationally renowned Marxist Gyorgy Lukacs played a leading role At its centre are the questions why did so many prominent people in the arts world participate in the Soviet Republic and why did their initial enthusiasm later subside *Painting the Town Red* is an important contribution to the lively debate about the interaction between art and politics *Social Transformations and Revolutions* Johann P.
