Yamaguchi, 2007-06 This book sheds light on the challenging theology of nineteenth century Scottish writer George MacDonald concerning the true meaning of the Atonement the purpose of trials and suffering the nature of the unpardonable sin hope for growth and death Under consideration is Thomas Hooker s Poor Doubting Christian Drawn unto Christ on the redemption of Joan Drake and its influence on MacDonald s Wingfold trilogy MacDonald s version of the Wandering Jew MacDonald s interpretation of Coleridge s The Rime of the Ancient Mariner and Dante s Divine Comedy and similarities and differences between the theological ideas of MacDonald C S Lewis Elizabeth Prentiss and Shusaku Endo **Children**

before God John McNeill, 2017-11-09 This work seeks to delineate a theological framework into which biblically informed imagery and language of children in relation to God can be placed McNeill s aim is to offer a work of positive construction within the general Reformed tradition The book shows that John Calvin has much to offer in this respect but by examining the imagery and language of children in his works it is shown that Calvin is not adequately biblically informed in this area McNeill argues that Jonathan Edwards provides a theological tool that enables a construal of children more in keeping with biblical language and imagery The book then offers a general critique of current child development theories in which providential activity in child development is more or less ignored By adopting Calvin s theological framework to understand children before God it is argued that the integration of child development and divine providence becomes a distinct possibility This work should be of interest to those working in biblical childhood Calvin and Edwards studies as well as to the more general practitioner working with children in church and society *Seven*, 2006 **1 & 2 Timothy and Titus**

was writing at a time of Evangelical unease In a society ravaged by Asiatic cholera numbed by levels of infant mortality and fearful of revolution and the toxicity of industry to name but a few of the many challenges the gospel proclaiming eternal damnation for unbelievers was hardly good news rather Christianity was increasingly viewed as the source of bad news and a tool of state oppression MacDonald agreed in his view the church had become a vampire sucking the blood of her children instead of offering them eucharistic life In contrast like Christ MacDonald brings before us a child Although at first sight a familiar Romantic incarnation in MacDonald s theology the child becomes an unlikely icon challenging the vampire s kingdom a challenge reaching beyond the confines of Evangelicalism confronting the foundations of much of Western theology This meticulously researched study exploring MacDonald s work especially his realist and fantasy novels in the light of its Victorian context is of more than historical interest His incisive critique of church and empire have particular relevance today in light of the growing and troubling alliance between fundamentalist expressions of church and intolerant right wing politics This volume considers MacDonald s radical solution to religious vampirism becoming children

 same sex relationships **Awakening the Dreamer** Philip M. Bromberg,2013-06-17 In Awakening the Dreamer Clinical
 Journeys Philip Bromberg continues the illuminating explorations into dissociation and clinical process begun in Standing in
 the Spaces 1998 Bromberg is among our most gifted clinical writers especially in his unique ability to record peripheral
 variations in relatedness those subtle split second changes that capture the powerful workings of dissociation and chart the
 changing self states that analyst and patient bring to the moment For Bromberg a model of mind premised on the centrality
 of self states and dissociation not only offers the optimal lens for comprehending and interpreting clinical data it also
 provides maximum leverage for achieving true intersubjective relatedness And this manner of looking at clinical data offers
 the best vantage point for integrating psychoanalytic experience with the burgeoning findings of contemporary neuroscience
 cognitive and developmental psychology and attachment research Dreams are approached not as texts in need of deciphering
 but as means of contacting genuine but not yet fully conscious self states From here he explores how the patient's dreamer
 and the analyst's dreamer can come together to turn the real into the really real of mutative therapeutic dialogue The
 difficult frequently traumatized patient is newly appraised in terms of tensions within the therapeutic dyad And then there is
 the haunted patient who carries a sense of preordained doom through years of otherwise productive work until the analyst
 can finally feel the patient's doom as his or her own Laced with Bromberg's characteristic honesty humor and thoughtfulness
 these essays elegantly attest to the mind's reliance on dissociation in both normal and pathological variants in the ongoing
 effort to maintain self organization Awakening the Dreamer no less than Standing in the Spaces is destined to become a
 permanent part of the literature on therapeutic process and change The Westminster Review ,1876 **The Everlasting
