## George Washington First Of Men:

**The First of Men** John E. Ferling, 2010-02-04 Written by John Ferling one of America's leading historians of the Revolutionary era *The First of Men* offers an illuminating portrait of George Washington's life with emphasis on his military and political career Here is a riveting account that captures Washington in all his complexity recounting not only Washington's familiar sterling qualities courage industry ability to make difficult decisions ceaseless striving for self improvement love of his family and loyalty to friends but also his less well known character flaws Indeed as Ferling shows Washington had to overcome many negative traits as he matured into a leader The young Washington was accused of ingratitude and certain of his letters from this period read as if they were written by a pompous martinet and a whining petulant brat As commander in chief of the Continental Army he lost his temper more than once and indulged flatterers Aaron Burr found him a boring colorless person As president he often believed the worst about individual officials Ferling concludes that Washington's personality and temperament were those of a self centered and self absorbed man one who since youth had exhibited a fragile self esteem And yet he managed to realize virtually every grand design he ever conceived Ferling's Washington is driven fired by ambition envy and dreams of fame and fortune Yet his leadership and character galvanized the American Revolution probably no one else could have kept the war going until the master stroke at Yorktown and helped the fledgling nation take and survive its first unsteady steps This superb paperback makes available once again an unflinchingly honest and compelling biography of the father of our country     *First of Men* John E. Ferling,     **First Among Men** Maurizio Valsania, 2022-10-11 In this accessible detailed narrative Valsania presents a full complete portrait of Washington as readers have rarely seen him before as a man a son a father and a friend     George Washington's First War David A. Clary, 2011-11 Examines the early military adventures of George Washington detailing his ordeals in the wilderness activities during the French and Indian Wars lack of support from the government and more     By the Hand of Providence Rod Gragg, 2012-06-12 Based on meticulous research into the correspondence and documentation of the founding fathers from the crafting of the Declaration of Independence to the signing of the peace treaty with Britain this book sheds light on how the Judeo Christian world view motivated America's founding fathers     Almost A Miracle John Ferling, 2007-06-04 In this gripping chronicle of America's struggle for independence award winning historian John Ferling transports readers to the grim realities of that war capturing an eight year conflict filled with heroism suffering cowardice betrayal and fierce dedication As Ferling demonstrates it was a war that America came much closer to losing than is now usually remembered General George Washington put it best when he said that the American victory was little short of a standing miracle *Almost a Miracle* offers an illuminating portrait of America's triumph offering vivid descriptions of all the major engagements from the first shots fired on Lexington Green to the surrender of General Cornwallis at Yorktown revealing how these battles often hinged on intangibles such as leadership under fire heroism good fortune blunders tenacity and surprise Ferling paints sharp

eyed portraits of the key figures in the war including General Washington and other American officers and civilian leaders Some do not always measure up to their iconic reputations including Washington himself The book also examines the many faceless men who soldiered often for years on end braving untold dangers and enduring abounding miseries The author explains why they served and sacrificed and sees them as the forgotten heroes who won American independence The Ascent of George Washington John Ferling,2010-05-16 A behind the scenes portrait of the first president reveals his formidable persuasive talents careful display of a virtuous public image and leadership capabilities of particular compatibility with a young America Reprint **Faith and the Presidency From George Washington to George W. Bush** Gary Scott Smith,2006-10-12 Religion has been a major part of the presidency since George Washington's first inaugural address Despite the mounting interest in the role of religion in American public life we actually know remarkably little about the faith of our presidents In this fascinating book Smith takes a sweeping look at the role religion has played in presidential politics and policies Drawing on extensive archival research Smith paints compelling portraits of the religious lives and presidencies of eleven chief executives for whom religion was particularly important Faith and the Presidency meticulously examines what each of its subjects believed and how those beliefs shaped their presidencies and in turn the course of our history

**Orations and Essays of the George Washington Bicentennial Nation-wide Oratorical, Essay, and Declamatory Contests in Schools and Colleges ...** United States George Washington Bicentennial Commission,1932 *Parallel Lives* Karl Baughman,Brook Poston,2022-06-01 This book compares selected Romans of the late Republic with American Founders in the style of Plutarch encouraging readers to rethink how we view heroes and villains and their conceptions of republicanism Through entertaining yet informative short comparisons this volume demonstrates the humanity of heroes and villains from different times and places through their often idiosyncratic similarities and differences Readers gain not only a fuller understanding of the late Roman and early American Republics and their leaders but also an appreciation for comparative biography in its ability to make connections across the human experience The book provides a way to connect two different areas of study focusing on how republicanism shaped both Romans and American Founders and providing a previously unexplored contribution to a growing trend of broadening historical exposure In doing so Baughman and Poston demonstrate the continued need for connecting different fields of history while also helping students understand their connection to the ancient past This book is suitable for students and scholars interested in the late Roman and the early American Republics and also appeals to readers of varied interests across historical times and places particularly those studying the connections between the classical past and modern world Washington's Crossing David Hackett Fischer,2004 Six months after the Declaration of Independence the American Revolution was all but lost A powerful British force had routed the Americans at New York occupied three colonies and advanced within sight of Philadelphia George Washington lost 90 percent of his army and was driven across the Delaware River Panic and despair spread through the

states History of the George Washington Bicentennial Celebration ... United States George Washington Bicentennial Commission,1932     **George Washington** Tim McNeese,2009 An introduction to the life and career of America s first president     **Pageants and Plays Depicting the Life of George Washington and His Time** United States George Washington Bicentennial Commission,1931     Boys' Life ,1932-06 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting

*Honor to George Washington and Reading about George Washington* Albert Bushnell Hart,1932     **Pirates of the Chesapeake Bay: From the Colonial Era to the Oyster Wars** Jamie L. H. Goodall,2020 The story of Chesapeake pirates and patriots begins with a land dispute and ends with the untimely death of an oyster dredger at the hands of the Maryland Oyster Navy From the golden age of piracy to Confederate privateers and oyster pirates the maritime communities of the Chesapeake Bay are intimately tied to a fascinating history of intrigue plunder and illicit commerce raiding Author Jamie L H Goodall introduces infamous men like Edward Blackbeard Teach and Black Sam Bellamy as well as lesser known local figures like Gus Price and Berkeley Muse whose tales of piracy are legendary from the harbor of Baltimore to the shores of Cape Charles

**The First American Army** Bruce Chadwick,2005 A tale of the bitter cold and hunger the terrifying moments of battle and their heroism and courage     **Congressional Record** United States. Congress,1999     **The Forest Service and the Civilian Conservation Corps, 1933-42** Alison T. Otis,1986
