

By George Allen

The Winnipeg Crusade in the National Football Conference shows every week on any level of play how to build and maintain a team.

Group allows the spatially affiliated soccer ball individual, team-group, group, and soccer skills. These developmental skills occur across phases of the game—from the basics of agility, conditioning, and reaction... through skills to handle the soccer development of today's game... to Coach Allen's personal collection of the Top Ten Skills of the past decade—the foundation of any good training program.

Group takes New Standard of Football (NFL) to the kind of independence, game-winning game that all coaches will have right at their fingertips at all times. For instant solutions!
