Excerpt from *A Popular Life of George Fox The First of the Quakers* Sir James Mackintosh speaking of George Fox s Journal says it is one of the most extraordinary and instructive narratives in the world which no reader of competent judgment can peruse without revering the virtue of the writer The compiler s object in the present Memoir has been to condense the most important features and incidents of the life of so eminently pious a character as George Fox in order to produce a small volume sufficiently interesting for the general reader and more especially for those unacquainted with the principles and history of the Quakers Christianity must possess some universally fundamental principle some common ground upon which all communities of Christians meet however the practices of their separate churches may differ and as the investigation of this principle forms the most important subject of their research all are bound in prosecuting this inquiry to divest themselves of prejudice so far as to pursue it for the sake of Truth itself Professor Playfair says It is too much forgotten by physiologists that their duty is really not to refute the experiments of others nor to show that they are erroneous but to discover truth and that alone About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *George Fox* Major Douglas,2018-12-02 The story of George Fox s life suffers from two great disadvantages which the reader should always bear in mind In the first place the old strange stilted language used by all in his day makes it difficult for us to feel as much at home with him as we should do We must

remember that even Salvationists in our own days are tempted when they write to give up their simple everyday language and to wrap up their thoughts more fashionably But those who will try to see George Fox as he so often was to be found praising the Lord in a stinking prison cell will be able in spite of his strange words to grasp his glorious meaning And then we have also to remind ourselves that he had little chance either to observe or to organize any regular and effective warfare For over a hundred years England had been victimized by religious discussions until the very idea of real worship had been almost lost No wonder at poor George s perplexities when his hungry soul began to long for God and no wonder that the great note of his whole life thereafter was so largely that of avoiding whatever others did If he could anywhere have seen how singing processions flags music open air demonstrations could be used in the power of the Holy Ghost to the salvation of the people and if he could have been allowed to organize accordingly all England would have been stirred and perhaps delivered at once from the curses of formalism and spiritual death But it may be that God only granted him light according to what it was then possible to do He lived a prophet s life leaving to us in these days of liberty not a complete description of our duties but an example of fearless devoted service that alas but few have ever attempted to follow

**George Fox** George Fox,Wyatt North,2014-06-24 The Journal of George Fox is one of the great religious autobiographies and has its place with the Confessions of St Augustine Saint Teresa s Life Bunyan s Grace Abounding to the Chief of Sinners the Life of Madam Guyon Written by Herself and John Wesley s Journal The great interest which has developed in recent years in the Psychology of Religion and in the study of mysticism has most naturally given new interest and prominence to all autobiographical writings which lay bare the inward states and processes of the seeking or the triumphant soul Professor William James has stated a well known fact when he says that religion must be studied in those individuals in whom it is manifested to an extra normal degree In other words we must go to those individuals who have a

genius for religion for whom religion has constituted well nigh the whole of life George Fox is eminently a character of this sort as nearly every recent student of personal religion has recognized      **George Fox** Eileen Douglas, 190?
