George Fullard George Fullard, Arts Council of Great Britain, 1982 **George Fullard Drawings** George Fullard, Julian Spalding, Arts Council of Great Britain, 1982 George Fullard George Fullard, 1964 **George Fullard** Ferens Art Gallery (Hull), Arts Council of Great Britain (London), 1975 **Assembling the Absurd** Gillian Whiteley, 1998 This book is the first monograph on George Fullard 1923-73 one of the most inventive post war sculptors and the first complete survey of Fullard's sculpture exploring the themes techniques and critical context of his works The author explores the critical reception and cultural context of a diverse body of work This ranges from the modelled figures made in the Cold War period and the idiosyncratic and unusual war assemblages of the 1960s through to the late enigmatic sculptures concerned with the sea This monograph is a testament to the profoundly personal nature of the sculpture of George Fullard an artist who explored the absurdities of life with a strong sense of irony Gillian Whiteley is a full time researcher and art historian currently completing a doctoral thesis on Fullard's sculpture at the University of Leeds Her previous writings on Fullard include The impact of the survivor the sculpture of George Fullard 1923-73 The Sculpture Journal 1977 and George Fullard A Fastidious Primitive exh cat Yorkshire Sculpture Park 1997 In 1998 she collaborated with the Mappin Art Gallery Sheffield and Sheffield Hallam University to produce a major retrospective exhibition Playing with Paradox George Fullard which toured to Kettle's Yard Cambridge George Fullard Michael Bird, 2017-01-15 George Fullard Sculpture and Survival is the first book for almost 20 years on the life and work of this highly individual British artist whose achievement and influence are now winning belated recognition Fullard's sudden death at the age of 50 in 1973 cut short a career that had already moved through several very distinct phases A virtuoso modeller in clay he was championed by John Berger in the 1950s as Britain's best young realist sculptor but swiftly moved on to experimenting with large scale assemblages in which he explored dream memory and his preoccupation with the sculptural phantom Fullard's landmark exhibition at the Marlborough Gallery in 1964 featuring his War Series established him as an artist of disquieting poetic intensity at a time when many British sculptors were committed to an abstract formalist idiom This book is both a compelling biography charting Fullard's short and turbulent life and an in depth appreciation of his work beautifully illustrated with new photography Michael Bird's research into Fullard's private papers sketchbooks and other archival sources and new interviews with people who knew him inform a timely reappraisal of one of the most distinctive and surprising British artists of the later 20th century **George Fullard, 1923-1973** George Fullard, 1974 Catalogue of an exhibition held at the Serpentine Gallery 27 July 18 August 1974 *Art Libraries Journal*, 2006 George Fullard, 1961 *Junk* Gillian Whiteley, 2010-11-30 Trash garbage rubbish dross and detritus in this enjoyably radical exploration of Junk Gillian Whiteley rethinks art's historical and present appropriation of junk within our eco-conscious and globalised culture She does this through an illustrated exploration of particular materials key moments and locations and the telling of a panoply of trash narratives Found and ephemeral materials are primarily associated with

assemblage object based practices which emerged in the mid 1950s and culminated in the seminal exhibition *The Art of Assemblage* in New York in 1961 With its deployment of the discarded and the filthy Whiteley argues assemblage has been viewed as a disruptive transgressive artform that engaged with narratives of social and political dissent often in the face of modernist condemnation as worthless kitsch In the Sixties parallel techniques flourished in Western Europe the US and Australia but the idiom of assemblage and the re use of found materials and objects with artist as bricoleur is just as prevalent now This is a timely book that uncovers the etymology of waste and the cultures of disposability within these economies of wealth *Imperfect Fit* Allen Fisher,2016-11-15 *Imperfect Fit* is a dynamic study of the relationships between modern art and avant garde poetry from the 1950s to the present that provides fascinating glimpses into both Allen Fisher s remarkable work as a poet painter and critic as well as the state of avant garde aesthetics as a whole **British Sculptors of the Twentieth Century** Alan Windsor,2020-09-10 This title was first published 2003 In the twentieth century Britain was rich in artistic achievement especially in sculpture Just some of those working in this field were Jacob Epstein Henri Gaudier Brzeska Henry Moore Barbara Hepworth Anthony Caro Richard Long Mona Hatoum and Anish Kapoor The work of these and other known and less well known artists has an astonishing variety and expressive power a range and strength that has placed Britain at the hub of the artistic world Alan Windsor has compiled a concise biographical dictionary of sculpture in Britain in book form Richly informative and easy to use this guide is an art lover s and expert s essential reference Written by scholars the entries are cross referenced and each concise biographical outline provides the relevant facts about the artist s life a brief characterization of the artist s work and where appropriate major bibliographical references *Sculpture and the Garden* Patrick Eyres,2017-07-05 Although the integration of sculpture in gardens is part of a long tradition dating back at least to antiquity the sculptures themselves are often overlooked both in the history of art and in the history of the garden This collection of essays considers the changing relationship between sculpture and gardens over the last three centuries focusing on four British archetypes the Georgian landscape garden the Victorian urban park the outdoor spaces of twentieth century modernism and the late twentieth century sculpture park Through a series of case studies exploring the contemporaneous audiences of gardens the book uncovers the social political and gendered messages revealed by sculpture s placement and suggests that the garden can itself be read as a sculptural landscape **Studio International** ,1976 *Playing with Paradox* George Fullard,John Kirby,1998 *Bibliographic Guide to Art and Architecture* New York Public Library. Art and Architecture Division,1975 **Radicalised by FIFA** Jean Williams,2025-07-03 What do a childhood on a remote farm a career in academia and the corrupt underbelly of global football have in common In *Radicalised by FIFA* Football History and Feminism Professor Jean Williams weaves them together with sharp humour and political bite Part memoir part cultural critique *Radicalised by FIFA* explores how a love of football and outrage at its inequalities sparked a lifelong campaign for justice both on and off the pitch From muddy grassroots fields to the politics of the Women s World Cup
