## **George Orwell The Ages Adversary:**

*George Orwell* Patrick Reilly,1986      *Encyclopedia of British Humorists* Steven H. Gale,1996 First Published in 1996  
Routledge is an imprint of Taylor Francis an informa company      **George Orwell, Doubleness, and the Value of Decency**  
Anthony Stewart,2004-03-01 In its analysis of *Animal Farm* *Burmese Days* *Keep the Aspidochelone* *Flying* and *Nineteen Eighty Four* this book argues that George Orwell's fiction and non fiction weigh the benefits and costs of adopting a doubled perspective in other words seeing one's own interests in relation to those of others and illustrate how decency follows from such a perspective Establishing this relationship within Orwell's work Anthony Stewart demonstrates how Orwell's characters ability to treat others decently depends upon the characters relative capacities for doubleness      **George Orwell**  
Patrick Reilly,1986-02-24      *The Unsung Artistry of George Orwell* Loraine Saunders,2016-02-24 In a timely and radically new reappraisal of George Orwell's fiction Loraine Saunders reads Orwell's novels as tales of successful emancipation rather than as chronicles of failure Contending that Orwell's novels have been undervalued as works of art she offers extensive textual analysis to reveal an author who is in far more control of his prose than has been appreciated Persuasively demonstrating that Orwell's novels of the 1930s such as *A Clergyman's Daughter* and *Keep the Aspidochelone* are no less important as literature than *Animal Farm* and *Nineteen Eighty Four* Saunders argues they have been victims of a critical tradition whose practitioners have misunderstood Orwell's narrative style failed to appreciate Orwell's political stance and were predisposed to find little merit in Orwell's novels Saunders devotes significant attention to George Gissing's influence on Orwell particularly with regard to his representations of women She also examines Orwell's socialism in the context of the political climate of the 1930s finding that Orwell in his successful negotiation of the fine balance between art and propaganda had much more in common with Charlie Chaplin than with writers like Stephen Spender or W H Auden As a result of Saunders's detailed and accessible analysis which illuminates how Orwell harmonized allegory with documentary polyphonic voice with monophonic and elegy with comedy Orwell's contributions to the genre of political fiction are finally recognized      **George Orwell** Mark Connelly,2018-10-24 George Orwell 1903 1950 is one of the most influential authors in the English language His landmark novels *Animal Farm* 1945 and *Nineteen Eighty Four* 1949 have been translated into many foreign languages and inspired numerous stage and film adaptations His well known essays *A Hanging* and *Shooting an Elephant* are widely anthologized and often taught in college composition classes The writer is credited with inventing the terms Big Brother thought crime unperson and double think His name itself has become an adjective Orwellian Seventy years after its publication *Nineteen Eighty Four* remains very popular its sales surging in an era of enhanced surveillance and media manipulation This literary companion provides an extensive chronology and more than 175 entries about both his literary works and personal life Also included are discussion questions and research topics notable quotations by Orwell and an extensive bibliography of related sources      *Writers of the Old School* Rosemary M. Colt,Janice Rossen,1992-06-18 This

*The Orwell Conundrum* Erika Gottlieb, 1992 An important contribution to the understanding of George Orwell's thought particularly to *Nineteen Eighty-Four* The author challenges the view of the novel as a flawed work of crushing pessimism arguing convincingly that it is a great humanist's mature vision of his deeply troubled times **Dystopia** Gregory Claeys, 2016-11-24 *Dystopia A Natural History* is the first monograph devoted to the concept of dystopia Taking the term to encompass both a literary tradition of satirical works mostly on totalitarianism as well as real despotisms and societies in a state of disastrous collapse this volume redefines the central concepts and the chronology of the genre and offers a paradigm-shifting understanding of the subject Part One assesses the theory and prehistory of dystopia By contrast to utopia conceived as promoting an ideal of friendship defined as enhanced sociability dystopia is defined by estrangement fear and the proliferation of enemy categories A natural history of dystopia thus concentrates upon the centrality of the passion or emotion of fear and hatred in modern despotisms The work of Le Bon Freud and others is used to show how dystopian groups

use such emotions Utopia and dystopia are portrayed not as opposites but as extremes on a spectrum of sociability defined by a heightened form of group identity The prehistory of the process whereby enemies are demonised is explored from early conceptions of monstrosity through Christian conceptions of the devil and witchcraft and the persecution of heresy Part Two surveys the major dystopian moments in twentieth century despotisms focussing in particular upon Nazi Germany Stalinism the Chinese Cultural Revolution and Cambodia under Pol Pot The concentration here is upon the political religion hypothesis as a key explanation for the chief excesses of communism in particular Part Three examines literary dystopias It commences well before the usual starting point in the secondary literature in anti Jacobin writings of the 1790s Two chapters address the main twentieth century texts usually studied as representative of the genre Aldous Huxley s *Brave New World* and George Orwell s *Nineteen Eighty Four* The remainder of the section examines the evolution of the genre in the second half of the twentieth century down to the present      *The Social and Political Thought of George Orwell* Stephen Ingle,2006-04-18 Stephen Ingle is Professor at the Politics Department University of Stirling His main academic interests are in the relationship between politics and literature and in adversarial two party politics especially in the UK      **Orwell, Politics, and Power** Craig L.
