Lipscomb, 1926 *The Georgic* Marie Loretto Lilly, 2015-07-16 Excerpt from *The Georgic A Contribution to the Study of the Vergilian Type of Didactic Poetry* This contribution to the study of the Vergilian type of didactic poetry was begun at the Johns Hopkins University at the suggestion of Professor James W Bright the first chapters were written and published in part fulfillment of the requirements for the degree of Doctor of Philosophy The subject that I have undertaken is a large one leading into many almost untouched fields The little that I have accomplished is hardly more than an introduction to the

subject I have regretted to leave unstudied so many developments of the georgic particularly in Italian literature however altho I have worked badly I have hoped that I might awaken in others who can work well an interest in this curious and long neglected type of poetry I wish to make grateful acknowledgment to Mr Hyder E Rollins who very kindly read for me at Harvard rare editions of John Lawrence s Paradise Regained or The Art of Gardening and Charles Clifford s The British Angler interesting poems that would otherwise have been inaccessible to me and to Professor Wilfrid P Mustard whose untiring aid has been invaluable to me not only in the use of Greek and Latin materials but at every other point connected with my work Finally I wish to thank Professor Bright to whom I owe chiefly what little may be of worth in this study My faults in workmanship particularly in the last chapters written amidst many difficulties and interruptions I regret mainly because they indicate so great a departure from the ideals of scholarship that I have acquired under his guidance and inspiration About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**The Plague Epic in Early Modern England** Rebecca Totaro, 2016-02-24 The Plague Epic in Early Modern England Heroic Measures 1603 1721 presents together for the first time modernized versions of ten of the most poignant of plague poems in the English language each composed in heroic verse and responding to the urgent need to justify the ways of God in times of social religious and political upheaval Showcasing unusual combinations of passion and restraint heart rending lamentation and nation building fervor these poems function as literary memorials to the plague time fallen In an extended introduction Rebecca Totaro makes the case that these poems belong to a distinct literary genre that she calls the plague epic Because the poems are formally and thematically related to Milton's great epics Paradise Lost and Paradise Regained this volume represents a rare discovery of previously unidentified sources of great value for Milton studies and scholarly research into the epic didactic verse cultural studies of the seventeenth century illness as metaphor and interdisciplinary approaches to illness natural disaster trauma and memory

*Literature, American Style* Ezra Tawil, 2018-07-16 Between 1780 and 1800 authors of imaginative literature in the new United States wanted to assert that their works which bore obvious connections to anglophone literature on the far side of the Atlantic nevertheless constituted a properly American tradition No one had yet figured out however what it would mean to write like an American what literature with an American origin would look like nor what literary characteristics the elusive quality of Americanness could generate Literature American Style returns to this historical moment decades before the romantic nationalism of Cooper the transcendentalism of Emerson and Thoreau or the iconoclastic poetics of Whitman when a fantasy about the unique characteristics of U S literature first took shape and when that notion was linked to literary style While late eighteenth century U S literature advertised itself as the cultural manifestation of a radically innovative nation Ezra Tawil argues it was not primarily marked by invention or disruption In fact its authors self consciously imitated European literary traditions while adapting them to a new cultural environment These writers gravitated to the realm of style then because it provided a way of sidestepping the uncomfortable reality of cultural indebtedness it was their use of style that provided a way of departing from European literary precedents Tawil analyzes Noah Webster's plan to reform the American tongue J Hector St John de Crèvecoeur's fashioning of an extravagantly naïve

American style from well worn topoi Charles Brockden Brown's adaptations of the British gothic and the marriage of seduction plots to American plain style in works such as Susanna Rowson's *Charlotte Temple* and Hannah Webster Foster's *The Coquette*. Each of these works claims to embody something American in style yet according to Tawil remains legible only in the context of stylistic generic and conceptual forms that animated English cultural life through the century.
