

Recovery under Stresemann

- Gustav Stresemann held the roles of Chancellor in 1923 and **Foreign Minister** of Germany during the years 1923-29
- He used various strategies to overcome the many problems faced by the Weimar Republic at this time
- He tackled many problems including economic, social and political
- BUT did he solve the underlying problems of the Weimar Republic or just cover the cracks?

Germany And Other Problems:

Germany's other modernity Leif Jerram, 2018-09-30 This book is about what it meant to build a city in Germany at the turn of the twentieth century It explores the physical spaces and mental attitudes that shaped lives restructured society and conditioned beliefs about the past and expectations for the future in the crucial German generations that formed the young Reich fought the Great War and experienced the Weimar Republic Focusing on ordinary buildings and the way they shaped ordinary lives this study shows how material space could influence the lives of citizens from the ways the elderly slept at night to the economy of the city as a whole It also shows how we integrate the spaces and places of our lives into our explanations of politics culture and economics It is aimed at those who want to understand urban modernity Wilhelmine and Weimar Germany the use of space in social policy and politics and the design of cities

Relationships Between Industry and Bank in Germany Toshio Yamazaki, 2024-11-28 The objective of this book is to elucidate the characteristics and significance of the relationships between industry and banks in Germany This is the first book to undertake a historical and comprehensive examination of the personnel connections established through the interlocking directorates and the bank s advisory council system using cases of Deutsche Bank Dresdner Bank and Commerzbank This book addresses the mandates of the chairman and vice chairman and the distribution of industrial sectors to which companies belong It also considers the personnel relations that are built and maintained The book considers both direct and indirect interlocking directorates comprising the members of top management organs namely the supervisory board and board of directors It also examines the personnel networks therein including those of second and third party enterprises by applying social network analysis In addition the book examines the conditions for members of central and regional advisory councils and their top management positions Furthermore the functions supported by inter firm personnel relationships via interlocking directorates and banks advisory council systems are examined in terms of information symmetry and conflict resolution and coordination of the interests among enterprises This book explores the interlocking directorate processes from bank to industry and vice versa wherein the common recognition of a management issue is promoted through the information flow and media based on personnel connections The book explains the system by which various conflicting interests among enterprises are resolved through discussion rather than market competition It also elucidates the industry bank relationships and their changes in the history of the development of German capitalism and enterprises Thus it provides a combined analysis of the structure and function of the personnel connections of large German banks

Foreign Relations of the United States, 1948:

Germany and Austria ,1976 **Jews and Jewish Education in Germany Today** Eliezer Ben-Rafael, Olaf Glöckner, Yitzhak Sternberg, 2011-02-14 In the context of their recent dispersion Russian speaking Jews have become the vast majority of Germany s longstanding Jewry An entity marked by permeable boundaries they show commitment to world Jewry including Israel but feeble identification with their hosts While Jewish singularity is understood here more as belonging than believing

Jewish education is viewed as a must **Educational Practices in Germany: An Overview** Salmiza Saleh & Nooraida Yakob,2020-01-01 Educational Practices in Germany An Overview discusses the Malaysian and German researchers perspective on the educational practices in German schools The foci of this book are on the education system classroom management and teacher education integration of ICT in classrooms teaching and learning of science and mathematics at the secondary school level influence of cultural aspects as well as extracurricular activities in German schools **Germany and the Baltic Problem After the Cold War** Kristina Spohr Readman,2004-06-10 Questions how a unified Germany will use its great power status Draws on numerous confidential interviews with key political actors and on unprecedented access to still classified material *Documents on Germany, 1944-1959* United States.
