Fastiggi,2014-05-17 Creating Eartheaven in Your Life is unique and it is innate in all human beings Humanitys quest for a wholesome peaceful life goes unabated Our search for our better self that identifies with the reality of the world we live in all too often filled with grief and stress is juxtaposed with faith and hope for change or a miracle Do we just have faith expecting God will deliver humanity from the ills we have caused Should we just buckle down and be practical seeking solution with our rational self What kind of God do we actually know or are we seeking a relationship with an image of God taught to us What is the divine matrix and does a personal God speak to us Science stands for one view of creation and faith stands for another Is there a joining point of the two Has our species Homo sapiens stalled

out in evolutionary development Is the world becoming a village of cooperation and mutual peace seeking Can we continue the way we have been and survive our own arrogance What is the future of faith religion and spirituality The author in a comprehensive way takes us on a journey to explore answers to these questions and much more Eartheaven is a paradigm of integration between the souls development and our biological body and by extension all creation He delves into scientific reality while preserving in the beginning God created Creating Eartheaven in Your life is a deep exploratory of the souls life in the experience of hurt and suffering and the potential for there to be personal divine human embodiment and therefore earth peace Through ten fundamental teaching combining Jesus words of two thousand years ago an Aramaic understanding the authors revelatory experience in an apparition of Jesus his 44 years life experience psychology and science your reading and learning experience will be a challenge and liberation of the soul Profound transformation is needed and this codex offers the leverage needed to shift our life course towards personal awakening and transformation as well as providing a blue print for future generations Creating Eartheaven in Your Life brings us into universal principles of life a meeting for humanity without walls This volume of two addresses specifically transformation of the soul heaven unfolding Volume two addresses transformation of the body representing the earth and thus eartheaven Granted this book is not an easy read but proves to be a strong mirror reflecting back to us our lives and what we can become fulfilling humanitys evolutionary life potential and perhaps vital to our survival as a people Leave Love with Me William Lawton,2023-09-19 Desire for beauty is at the heart of human existence Some find this meaning out of their religious or spiritual perspective Some find it at the edge of their traditions And others find it outside any recognizable tradition This book speaks especially to the second and third groups of people Desire releases us to explore difference and to honor alternatives Desire shapes our lives in unique ways It centers our energies for personal and relational change where difference can be debated and variety permitted We might transcend circumstances that limit us Desire is more than meaningfulness it is captivation of mind and spirit to life s possibility In my discovery desire is an abandonment to beauty **Today I Begin a New Life** Dave Blanchard,2012

Experiments in Love Emily Ralph Servant,2021-03-12 Could it be that the stories we tell in our churches weaken our efforts to be congregations who take risks in mission for the sake of love In this thought provoking book Emily Ralph Servant suggests that the work of today s leaders is to explore new stories listen to new voices and open ourselves up to the Spirit s work of transformation Experiments in Love engages in a three way dialogue with feminist and liberation theologians the social and behavioral sciences and the Anabaptist tradition Out of this vibrant conversation emerges the story of a God who takes the risk of being radically present to a vulnerable world Because of God s courageous presence with us we can also take the risk of being vulnerably present to others as God invites us all to participate in God s community of life love and flourishing *Healing Life's Hurts* Matthew Linn,Dennis Linn,1978 Explores the concept of emotional and physical healing as well as exploring the five stages of acceptance of death and dying in light of prayer and religious experience Amazon com
