Headway. 1. Intermediate : [Tapescripts 1-17a], 1986 **New Headway English Course. Upper-Intermediate.**

Pronunciation Book Bill Bowler, Sarah Cunningham, 2000-12 **Pronunciation in EFL Instruction** Jolanta Szpyra-Kozłowska, Jolanta Szpyra, 2014 This book addresses issues and debates at the centre of English pronunciation teaching It offers new theoretical ideas and practical solutions to phonodidactic problems that arise in EFL contexts approaching pronunciation instruction from global and local perspectives and supporting its theoretical claims with extensive empirical evidence **Ta(I)king English Phonetics Across Frontiers** Biljana Čubrović, Tatjana Paunović, 2009-10-02

Highlighting some interesting and intriguing aspects of English phonetics and phonology from a variety of perspectives this book brings up a number of empirical questions in order to emphasize the necessity of taking a very broad view of what spoken English means in today's socio cultural context English has become a truly global means of communication used as a first second or additional language by millions and millions of diverse speakers in a multitude of different communicative contexts so that the very notions of native and non native seem to have changed profoundly as have the notions of central peripheral and standard non standard with regard to English varieties spoken around the globe Therefore today more than ever before in studying English phonetics many small research steps need to be taken to provide diverse and broad empirical data from as many different standpoints as possible This collection indeed looks at English phonetics from a wide spectrum of perspectives including those of native or EFL speakers language varieties L2 language teaching and learning as well as language contact development and change **Pronunciation Practice Activities Book and Audio CD Pack** Martin
