Decolonial Philosophy of Indigenous Colombia Juan Alejandro Chindoy Chindoy, 2020-09-29 Philosophically addressing three fundamental aspects of the Kam nt an indigenous culture located in southwest Colombia this book is an investigation of how a native culture creates meaning Time beauty and spirit are key philosophical experiences within the Kam nt culture which should be interpreted both as constituting and as constituted symbols because of their historicity and actuality and their potential power of transformation The book addresses these living symbols that take hold of the past but whose significance goes beyond their antiquity through the traditions of storytelling and dance ritual healing and ceremony as well as the fraught political histories of colonialism and the ownership of the land The author raised within Kam nt culture weaves

personal experience with philosophical insights and significance of the Kamentsa culture presented through its own frameworks and narratives The philosophical dimensions of Kamentsa culture are articulated and contextualized within a legacy of colonial domination by long term Spanish and Catholic rule that enacts the necessary separation of Kamentsa ideas from their representations through Catholic hermeneutic approaches However the book also embraces intercultural philosophical engagement as the methodological approach is formed partly through some modern and contemporary Western thinkers as well as indigenous writers and figures like Carlos Tamabioy and N Scott Momaday
