The Healing Touch Malcolm Brown,1990* *Healing Touch* Zach Thomas,1994-01-01 When Jesus ministered he often used touch Yet this human act makes many people uneasy In this helpful book Zach Thomas provides fresh perspectives on the practical meanings of touch for the faith community He criticizes the church for its mind body split and suggests a more wholesome path to using healing touch Body Psychotherapy: History, Concepts, and Methods Michel Heller,2012-08-14 From yoga to neuroscience a tour of major ideas about the body and mind Body psychotherapy which examines the relationship of bodily and physical experiences to emotional and psychological experiences seems at first glance to be a relatively new area and on the cutting edge of psychotherapeutic theory and practice It is but the major concepts of body mind treatment are actually drawn from a wide range of historical material material that spans centuries and continents Here in a massively comprehensive book Michael Heller summarizes all the major concepts thinkers and movements whose work has led to the creation of the field we now know as body mind psychotherapy The book covers everything from Eastern and Western thought beginning with yoga and Taoism and moving to Plato and Descartes It also discusses major developments in biology how organisms are defined and neuroscience This is truly a comprehensive reference for anyone interested in the origins of the idea that the mind and body are not separate and that both must be understood together in order to understand people and their behavior *The Handbook of Body Psychotherapy and Somatic Psychology* Gustl Marlock,Halko Weiss,Courtenay Young,Michael Soth,2015-12-08 The Handbook of Body Psychotherapy and Somatic Psychology provides a comprehensive overview of body centered psychotherapies which stress the centrality of the body to overcoming psychological distress trauma and mental illness Psychologists and therapists are increasingly incorporating these somatic or body oriented therapies into their practices making mind body connections that enable them to provide better care for their clients Designed as a standard text for somatic psychology courses The Handbook of Body Psychotherapy and Somatic Psychology contains 100 cutting edge essays and studies by respected professionals from around the world on such topics as the historical roots of Body Psychotherapy the role of the body in developmental psychology the therapeutic relationship in Body Psychotherapy and much more as well as helpful case studies and essays on the use of Body Psychotherapy for specific disorders This anthology will be indispensable for students of clinical and counseling psychology somatic psychology and various forms of body based therapy including dance and movement therapies and is also an essential reference work for most practicing psychotherapists regardless of their therapeutic orientation Contributors Gustl Marlock Halko Weiss Courtenay Young Michael Soth Ulfried Geuter Judyth O Weaver Wolf E B ntig Nicholas Bassal Michael Coster Heller Heike Langfeld Dagmar Rellensmann Don Hanlon Johnson Christian Gottwald Andreas Wehowsky Gregory J Johanson David Boadella Alexander Lowen Ian J Grand Marilyn Morgan Stanley Keleman Eugene T Gendlin Marion N Hendricks Gendlin Michael Harrer Ian J Grand Marianne Bentzen Andreas Sartory George Downing Andreas Wehowsky
