Elgar Companion To Radical Political Eco:

The Elgar Companion to Radical Political Economy Philip Arestis, Malcolm C. Sawyer, 1994-01-01 These valuable contributions will be very useful to students and nonspecialists wanting a clear introduction to specific topics or a convenient volume to browse to get a feel for a broader area of study A welcome addition to any library M Perelman Choice an excellent short encyclopedia of radical political economies Even experienced scholars could read a number of the entries to refresh themselves or to introduce themselves to new areas of inquiry Every university and college library should have a copy William M Dugger Southern Economic Journal Elgar s companions are a joy to read from cover to cover The volume is indexed and belongs in every library William M Dugger Journal of Economic Issues this is a worthwhile volume deserving a browse by anyone with radical pretensions Keith Cowling The Economic Journal This major reference book has been designed to provide a comprehensive coverage of radical political economy International in scope The Elgar Companion to Radical Political Economy includes contributions from a very wide range of specialists who discuss topics ideas and theories in the field Radical political economy is a term used to encompass a range of different schools of thought These include post Keynesian Kaleckian Marxian Institutional Sraffian and other approaches to economics which share the common theme of production rather than the exchange focus of neoclassical and Austrian economics Their concern with the generation and use of the surplus leads them to an interest in dynamics income distribution growth and development and capital accumulation With over 100 entries the companion provides detailed information on a wide range of aspects of radical political economy as well as some important insights into its theoretical underpinning A special feature of the book is its emphasis upon explaining the positive elements in radical political economy As the first book of its kind devoted to radical political economy the companion will be an essential reference source for scholars and students with an interest in the development of economic ideas

The Elgar Companion to Marxist Economics Ben Fine, Alfredo Saad-Filho, Marco Boffo, 2012-01-01 This Companion takes stock of the trajectory achievements shortcomings and prospects of Marxist political economy It reflects the contributors shared commitment to bringing the methods theories and concepts of Marx himself to bear across a wide range of topics and perspectives and it provides a testimony to the continuing purpose and vitality of Marxist political economy As a whole this volume analyzes Marxist political economy in three areas the critique of mainstream economics in all of its versions the critical presence of Marxist political economy within and its influence upon each of the social science disciplines and cutting across these the analysis of specific topics that straddle disciplinary boundaries Some of the contributions offer an exposition of basic concepts accessible to the general reader laying out Marx s own contribution its significance and subsequent positions and debates with and within Marxist political economy The authors offer assessments of historical developments to and within capitalism and of its current character and prospects Other chapters adopt a mirror image approach of pinpointing the conditions of contemporary capitalism as a way of interrogating the continuing salience of

Marxist analysis This volume will inform and inspire a new generation of students and scholars to become familiar with Marxist political economy from an enlightened and unprejudiced position and to use their knowledge as both a resource and gateway to future study **The Elgar Companion to Social Economics, Second Edition** John B. Davis, Wilfred Dolfsma, 2015-05-29 Social economics is a dynamic and growing field that emphasizes the key roles social values play in the economy and economic life This second edition of the Elgar Companion to Social Economics revises all chapters from the first edition and adds impo **The Elgar Companion to Feminist Economics** Janice Peterson, Margaret Lewis, 2001-01-01 Comprehensive reference work introducing readers to the field of feminist economics It addresses key concepts as well as feminist economic critiques and reconstructions of major economic theories and policy debates **The Elgar Companion to Austrian Economics** P. J. Boettke, 1998-01-01 The book can be recommended both to those who know something about Austrian economics already and to those who know nothing David Simpson Economic Affairs Mr Boettke s very readable compendium consists of short articles by mostly young scholars selected to illustrate the diversity and fecundity of modern Austrian economics Michael Prowse The Financial Times The Elgar Companion to Austrian Economics is a major new reference work which highlights the common ground between all the branches of the school while demonstrating the breadth and diversity within it The Companion reflects the many areas where Austrian economists have made contributions including technical economics methodology of the social sciences political theory and political science This book includes contributions from an international group of scholars whose work demonstrates a basic similarity and interest in questions which have historically been associated with the Austrian approach to economics although many of the contributors would not consider themselves to be strictly of this school The distinguished team of contributors commissioned by the editor includes K D Hoover I M Kirzner A Klammer D Lavoie C K Rowley M Rizzo M Rutherford R E Wagner U Witt L Yeager Each entry is fully referenced and includes suggestions for further readings on the topic The Companion will be the standard reference work for all those engaged in the field of Austrian Economics It not only introduces students to the Austrian school but also serves as an important research tool for scholars working within the Austrian tradition **The Elgar Companion to Modern Money Theory** Yeva Nersisyan, L. R. Wray, 2024-08-06 This Companion is a comprehensive introduction to Modern Money Theory MMT covering a wide variety of topics from the nature and origins of money to the fundamentals of government spending and taxation to the application of MMT in developed and developing countries **The Economics of Military Spending** Adem Yavuz Elveren, 2019-05-17 The Economics of Military Spending offers a comprehensive analysis of the effect of military expenditures on the economy It is the first book to provide both a theoretical and an empirical investigation of how military spending affects the profit rate a key indicator of the health of a capitalist economy The book presents a general discussion on the economic models of the nexus of military spending and economic growth as well as military Keynesianism and the military industrial complex Including an account of the Marxist crisis theories it focuses on military spending as a

counteracting factor to the tendency of rate of profit to fall Using a range of econometric methods and adopting a Marxist perspective this book provides comprehensive evidence on the effects of military spending on the rate of profit for more than thirty countries The findings of the book shed light on the complex linkages between military spending and the profit rate by considering the role of countries in the arms trade Offering a Marxist perspective and an emphasis on quantitative analysis The Economics of Military Spending will be of great interest to students and scholars of defence and peace economics as well as Marxist economics

Economy-Environment-Development-Knowledge Ken Cole,2002-01-04 As we approach the end of the second millennium we find ourselves in times of radical social change Orthodox explanations of the economy the environment and the development process are unable to provide coherent policies for such issues as employment creation environmental degradation and social progress Economy Environment Development Knowledge provides alternative perspectives on these fundamental aspects of human existence Economists environmentalists and development theorists have so far been unable to agree on the most successful prescriptions to address problems To understand contrast and compare alternative understandings of economic environmental and development issues we need to be aware why theorists conceptualise the process of social experience so differently Part 1 of Economy Environment Development Knowledge addresses the subjective preference cost of production and abstract labour theories of values in economics Part 2 explains egocentrism ecocentrism and socioecocentrism as competing theoretical perspectives in environmental theory Part 3 highlights modernisation theory structuralist theory and class struggle as ways to account for the process of development and Part 4 examines the generation of knowledge through positivism paradigms and praxis legitimating competing perspectives in economics environmentalist and development The book concludes by considering why different people find alternative explanations more or less plausible By addressing the disagreements between theorists Economy Environment Development Knowledge provides a unique basis to contrast and compare the plethora of theories of and policies for economic prosperity environmental sustainability and social progress

Reintroducing Macroeconomics Steven Mark Cohn,2015-01-28 This lively introduction to heterodox economics provides a balanced critique of the standard introductory macroeconomic curriculum In clear and accessible prose it explains many of the key principles that underlie a variety of alternative theoretical perspectives including institutionalist economics radical economics Post Keynesian economics feminist economics ecological economics Marxist economics social economics and socioeconomics Because the book s structure parallels the chapters and subject matter presented in a typical introductory macroeconomics textbook Reintroducing Macroeconomics provides readers with a running commentary on the standard approach while simultaneously introducing them to a broader range of ideas about the causes and appropriate policy responses to a wide range of common economic problems Although designed primarily as a companion volume for students in introductory economics courses the book can also be used effectively for more targeted applications that highlight a particular economic issue or approach It will be of

particular interest to students in related disciplines such as American Studies anthropology black studies environmental studies gender studies history political science and sociology who may be required to take introductory economics classes and who are interested in gaining an alternative perspective By demonstrating the vitality and common ground underlying a broad spectrum of heterodox approaches Reintroducing Macroeconomics brings alternative perspectives into the classroom in an accessible way that empowers students to think about the economy in new and exciting ways The text includes end of chapter study questions as well as a detailed note to instructors

In Defense of Post-Keynesian and Heterodox Economics Frederic S. Lee, Marc Lavoie, 2012 This text makes it clear that post Keynesian heterodox economics is in spite of internal problems a viable and important approach to economics and that it should resist the attempts of the critics to bury it

The Endless Crisis John Bellamy Foster, Robert W. McChesney, 2017-05-01 The days of boom and bubble are over and the time has come to understand the long term economic reality Although the Great Recession officially ended in June 2009 hopes for a new phase of rapid economic expansion were quickly dashed Instead growth has been slow unemployment has remained high wages and benefits have seen little improvement poverty has increased and the trend toward more inequality of incomes and wealth has continued It appears that the Great Recession has given way to a period of long term anemic growth which Foster and McChesney aptly term the Great Stagnation This incisive and timely book traces the origins of economic stagnation and explains what it means for a clear understanding of our current situation The authors point out that increasing monopolization of the economy when a handful of large firms dominate one or several industries leads to an over abundance of capital and too few profitable investment opportunities with economic stagnation as the result Absent powerful stimuli to investment such as historic innovations like the automobile or major government spending modern capitalist economies have become increasingly dependent on the financial sector to realize profits And while financialization may have provided a temporary respite from stagnation it is a solution that cannot last indefinitely as instability in financial markets over the last half decade has made clear

Advancing the Frontiers of Heterodox Economics Tae-Hee Jo, Zdravka Todorova, 2015-07-30 This collection of essays honors the life and work of one of the most prominent and fervent heterodox economists Frederic S Lee who has been at the heart of the heterodox economics movements for the past three decades Authors in this book demonstrate that heterodox economic has transcended the criticism of mainstream economics and more importantly that constructive developments are in the making by way of cross communications among various heterodox economics traditions Frederic S Lee s contributions to heterodox economics are centered on three themes the making of a history and identity of heterodox economics heterodox microeconomics and the heterodox analysis of social provisioning Part I addresses the importance of history theory research methods and institutions in the making of the identity of heterodox economics as an alternative to mainstream economics Part II delves into heterodox microeconomic theories in particular investment pricing competition markets and market governance as foundations of heterodox macroeconomic analyses Part III

expands the analysis of the capitalist social provisioning process with an emphasis on its subsystems and their relationships over historical time Part IV encapsulates the life and work of Frederic S Lee Throughout his intellectual life Frederic S Lee has shown to many that the development of heterodox economics is rendered possible by unselfish and ceaseless efforts to build both theory and institutions Essays in this book attest that establishing an alternative critical theory to the status quo is not only possible but also serviceable to the majority of the population

The Macroeconomics of Finance-dominated Capitalism and Its Crisis Eckhard Hein, 2012-01-01 The rise to dominance of finance in the past three decades has had many profound effects on economic performance In this book Eckhard Hein provides us with detailed well grounded and highly insightful analyses of the macroeconomic impacts on investment employment global imbalances income distribution and much more This is must read for those wanting to comprehend the macroeconomics of the era of financialization and for those seeking macro economic policies to address the financial crisis and bring economic prosperity Malcolm Sawyer University of Leeds UK Eckhard Hein examines the causes and consequences of financialisation His book is economics as it should always be it combines reflections data gathering empirical analysis theoretical formalization and policy recommendations Hein goes beyond the exuberant behaviour of the banking industry to analyse the global financial crisis and the eurozone crisis showing through various variants of a Kaleckian growth model the macroeconomic consequences of the rising dominance of finance over modern capitalism during the last three decades Marc Lavoie University of Ottawa Canada In this timely and thought provoking book Eckhard Hein illustrates that the Great Recession which hit the world economy in 2008 09 is rooted in the contradictions of finance dominated capitalism the author provides an in depth exploration of the macroeconomics of finance dominated capitalism its problems and its crisis and presents economic policy lessons and alternatives In particular he shows that since the early 1980s finance dominated capitalism has affected long run economic developments via three distinct channels the re distribution of income at the expense of low labour incomes the dampening of investment in real capital stock and an increasing potential for wealth based and debt financed consumption the author concludes that against the background of these basic macroeconomic tendencies increasing instability potentials at the national economy levels and rising current account imbalances at both global and European levels have developed and have contributed to the severity of the Great Recession This systematic study of finance dominated capitalism presented from a macroeconomic perspective will prove a thought provoking read for academics researchers graduate students and economic policy consultants with an interest in macroeconomics financial economics economic policies and distribution and growth

Philosophy after Marx Christoph Henning, 2014-04-17 Christoph Henning writes a concise history of misreadings of Marx in the 20th century Focussing on German philosophy from Heidegger to Habermas he also addresses the influence of Rawls and Neopragmatism subsequently scrutinizing a previous history of Marx interpretations that had served as the premises upon which these later works were based Henning sketches a historical trajectory in which a theory

of socialist politics enters the fields of economics sociology critical theory and theology before finally overloaded with intellectually dead freight entering into philosophy In so doing he takes a hermeneutic approach to how misreadings in a specific field proliferate into further misreadings across a variety of fields leading to an accumulation of questionable preconceptions With the recent resurgence of interest in Marx Henning s historical recursions make evident where and how academic Anti Marxism had previously got it wrong English translation of Philosophie nach Marx 100 Jahre Marxrezeption und die normative Sozialphilosophie der Gegenwart in der Kritik Transcript Verlag Bielefeld 2005

Distribution and Growth after Keynes Eckhard Hein,2014-10-31 In the first part of the book Eckhard Hein presents a comprehensive overview of the main approaches towards distribution and growth including the contributions of Harrod and Domar old and new neoclassical theories including the fundamental capital co

Innovative Economic Policies for Climate Change Mitigation Valentino Piana,2009 Climate change mitigation is still possible if innovative economic policies are implemented such as those provided by this book a large array of proposals by 30 economists from developing and developed countries High and senior level policymakers and their staff will find fundamental outlines and insights for negotiating and laying down NAMAs Nationally Appropriate Mitigation Actions and Climate Action Plans at national sub national city and sectoral levels With more than 20 recipes this book is revolutionary because 1 it leads the reader from the context to the implementation details 2 it reverses classical textbook proportions of 90%% analysis and 10%% proposals in favor of 90%% proposals and 10%% analysis 3 it relates each policy to a number of co benefits to synergize climate mitigation with employment competitiveness and happiness This second edition 2012 builds upon the experience gained in implementation worldwide

The Elgar Companion to Corporate Social Responsibility and the Sustainable Development Goals Samuel O. Idowu,Liangron Zu,2023-10-06 This timely Companion analyses how corporate social responsibility CSR can accelerate the achievement of the UN s Sustainable Development Goals Global experts from a wide range of disciplines develop a flexible diverse and reconstructed form of CSR and illustrate how it can help build an inclusive and sustainable future

Keynes, Uncertainty and the Global Economy Sheila C. Dow,John Hillard,2002-01-01 This book should be welcomed by post Keynesian economists microeconomists and those interested in international economics

Ontology and Economics Edward Fullbrook,2008-10-27 Tony Lawson has become a major figure of intellectual controversy on the back of juxtaposing two relatively simple and seemingly innocuous ideas He has argued firstly that success in science depends on finding and using methods including modes of reasoning appropriate to the nature of the phenomena being studied and also that there are important differences between the nature of the objects of study of natural sciences and those of social science This original book brings together some of the world s leading critics of economics orthodoxy to debate Lawson s contribution to the economics literature The debate centres on ontology which means enquiry into the nature of what exists and in this collection scholars such as Bruce Caldwell John B Davis and Geoffrey M Hodgson present their thoughtful criticisms of Lawson s work

Lawson himself presents his reactions to these criticisms with full chapter replies to each of the scholars included. This book is particularly useful for students and researchers concerned primarily with methodology and future development of economics. It is also relevant to the concerns of philosophers of science and to all social scientists interested in methodological issues.

The Routledge Handbook of Heterodox Economics Tae-Hee Jo, Lynne Chester, Carlo D'Ippoliti, 2017-07-28

The Routledge Handbook of Heterodox Economics presents a comprehensive overview of the latest work on economic theory and policy from a pluralistic heterodox perspective. Contributions throughout the Handbook explore different theoretical perspectives including Marxian radical political economics, Post Keynesian, Sraffian economics, institutionalist, evolutionary economics, feminist economics, social economics, Regulation theory, the Social Structure of Accumulation approach, and ecological economics. They explain the structural properties and dynamics of capitalism as well as propose economic and social policies for the benefit of the majority of the population. This book aims firstly to provide realistic and coherent theoretical frameworks to understand the capitalist economy in a constructive and forward looking manner. Secondly, it delineates the future directions as well as the current state of heterodox economics and then provides both heat and light on controversial issues, drawing out the commonalities and differences among different heterodox economic approaches. The volume also envisions transformative economic and social policies for the majority of the population and explains why economics is and should be treated as a social science. This Handbook will be of compelling interest to those including students who wish to learn about alternative economic theories and policies that are rarely found in conventional economics textbooks or discussed in the mainstream media, and to critical economists and other social scientists who are concerned with analyzing pressing socio-economic issues.

If you ally infatuation such a referred **Elgar Companion To Radical Political Eco** book that will present you worth, get the unconditionally best seller from us currently from several preferred authors. While this might not be the Elgar Companion To Radical Political Eco full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Elgar

Companion To Radical Political Eco eBooks, including some popular titles.

FAQs About Elgar Companion To Radical Political Eco Books

What is a Elgar Companion To Radical Political Eco PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Elgar Companion To Radical Political Eco PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Elgar Companion To Radical Political Eco PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Elgar Companion To Radical Political Eco PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Elgar Companion To Radical Political Eco PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
