throughout biography of Elias Ashmole **Elias Ashmole** Vittoria Feola, 2017 The Quartercentenary Biography of Elias Ashmole aims to complement previous scholarship about him both by eminent past historians and by myself while telling an incredible rags to riches story Having spent most of the last twenty years on Elias Ashmole's collection of manuscripts and books I felt I owed it to Ashmole that I should write his Quartercentenary Biography The year 2017 marks 400 years since Elias Ashmole's birth in Lichfield The son of a modest saddler Ashmole died as the founder of the first public museum in the British Isles His successful life against all the odds is a great tale Tercentenary celebrations for the foundation of the Ashmolean Museum in Oxford focussed more on the worth of that institution than on the merits of its founder It belongs to the very nature of celebrations the tendency to overemphasise some positive aspects over other less positive ones Historians moreover sometimes prefer winning arguments rhetorically rather than balancing facts thereby coming up with a less powerful far more nuanced argument They fear appearing weak as if historians were lawyers in imaginary academic courts We are not When historians feel the urge to win arguments by omitting crucial evidence they behave like propagandists Take the importance of book collecting for Ashmole and his Museum for example Ever since the magisterial studies of Robert Theodore Gunther back in the 1930s theoretically we should all have been aware of the extent composition and value of Ashmole's collection of printed works Instead Ashmole has received some bad publicity his own collected books having often been omitted from the picture He has been treated as almost a thief of Tradescant's collections as if those curiosities were the only founding nucleus of Ashmole's Museum *Elias Ashmole, F.R.S.
