Elizabeth Gaskell Writers And Their Work 124:

British Women Writers, 1700-1850 Barbara Joan Horwitz, 1997 A guide to British women authors their works and the writing about them **Victorian Publishing and Mrs. Gaskell's Work** Linda K. Hughes, Michael Lund, 1999 For much of her own century Elizabeth Gaskell was recognized as a voice of Victorian convention the loyal wife good mother and respected writer a reputation that led to her steady decline in the view of twentieth century literary critics Recent scholars however have begun to recognize that Mrs Gaskell's high standing in Victorian society allowed her to effect change in conventional ideology Linda K Hughes and Michael Lund focus this reevaluation on issues pertaining to the Victorian literary marketplace Victorian Publishing and Mrs Gaskell's Work portrays an elusive and self aware writer whose refusal to grant authority to a single perspective even while she recirculated the fundamental assumptions and debates of her era enabled her simultaneously to fulfill and deflect the expectations of the literary marketplace While she wrote for money producing periodical fiction major novels and nonfiction Mrs Gaskell was able to maintain a tone of warmth and empathy that allowed her to imagine multiple social and epistemological alternatives Writing from within the established rubrics of gender narrative and publication format she nevertheless performed important cultural work Mrs. Gaskell's Observation and Invention John Geoffrey Sharps, 1970 *The Works of Elizabeth Gaskell, Part I Vol 1* Joanne Shattock, Angus Easson, Josie Billington, Deirdre d'Albertis, Linda K Hughes, Elisabeth Jay, Charlotte Mitchell, Linda H Peterson, Marion Shaw, Alan Shelston, Joanne Wilkes, 2017-09-29 A selection of texts by Elizabeth Gaskell accompanied by annotations It brings together Gaskell academics to provide readers with scholarship on her work and seeks to bring the crusading spirit and genius of the writer into the 21st century to take her place as a major Victorian writer **Women Novelists** K. C. Shrivastava, 1985

Author Catalogue of Printed Books in English Language: A National Library (India), 1991 **British Short Fiction in the Early Nineteenth Century** Tim Killick, 2016-05-23 In spite of the importance of the idea of the tale within Romantic era literature short fiction of the period has received little attention from critics Contextualizing British short fiction within the broader framework of early nineteenth century print culture Tim Killick argues that authors and publishers sought to present short fiction in book length volumes as a way of competing with the novel as a legitimate and prestigious genre Beginning with an overview of the development of short fiction through the late eighteenth century and analysis of the publishing conditions for the genre including its appearance in magazines and annuals Killick shows how Washington Irving's hugely popular collections set the stage for British writers Subsequent chapters consider the stories and sketches of writers as diverse as Mary Russell Mitford and James Hogg as well as didactic short fiction by authors such as Hannah More Maria Edgeworth and Amelia Opie His book makes a convincing case for the evolution of short fiction into a self conscious intentionally modern form with its own techniques and imperatives separate from those of the novel Blindness and Writing Heather Tilley, 2018 In this innovative and important study Heather Tilley examines the huge shifts that took place in

the experience and conceptualisation of blindness during the nineteenth century and demonstrates how new writing technologies for blind people had transformative effects on literary culture. Considering the ways in which visually impaired people used textual means to shape their own identities, the book argues that blindness was also a significant trope through which writers reflected on the act of crafting literary form. Supported by an illuminating range of archival material including unpublished letters from Wordsworth's circle, early ophthalmologic texts, embossed books, and autobiographies, this is a rich account of blind people's experience and reveals the close and often surprising personal engagement that canonical writers had with visual impairment. Drawing on the insights of disability studies and cultural phenomenology, Tilley highlights the importance of attending to embodied experience in the production and consumption of texts.

Writing Lives Together Felicity James, Julian North, 2017-09-27

A diary entry begun by a wife and finished by a husband, a map of London its streets bearing the names of forgotten lives, biographies of siblings and of spouses, a poem which gives life to long dead voices from the archives. All these feature in this volume as examples of writing lives together. British life writing which has been collaboratively authored and or joins together the lives of multiple subjects. The contributions to this book range over published and unpublished material from the late eighteenth to the late nineteenth centuries including biography, auto-biographical memoirs, letters, diaries, sermons, maps and directories. The book closes with essays by contemporary practising biographers Daisy Hay and Laurel Brake who explain their decisions to move away from the single subject in writing the lives of figures from the Romantic and Victorian periods. We conclude with the reflections and work of a contemporary poet Kathleen Bell writing on James Watt 1736-1819 and his family in a ghostly collaboration with the archives. Taken as a whole, the collection offers distinctive new readings of collaboration in theory and practice, reflecting on the many ways in which lives might be written together across gender boundaries across time across genre. This book was originally published as a special issue of *Life Writing*.

Writing a New World Dale Spender, 1988. A history still in the making. Australian women writers through their letters, diaries and fictions have created a new world of literature. Dale Spender in this lively and provocative history of white women's literature presents a fresh and forthright view of the achievements of convict writers to writers and feminists of the nineteenth and twentieth centuries.

Writing the North of England in the Middle Ages Joseph Taylor, 2022-12-22. *Writing the North of England in the Middle Ages* offers a literary history of the North-South divide, examining the complexities of the relationship, imaginative material and political, between North and South in a wide range of texts. Through sustained analysis of the North-South divide as it emerges in the literature of medieval England, this study illustrates the convoluted dynamic of desire and derision of the North by the rest of the country. Joseph Taylor dissects England's problematic sense of nationhood as one which must be negotiated and renegotiated from within rather than beyond national borders. Providing fresh readings of texts such as Chaucer's *Canterbury Tales*, the fifteenth-century Robin Hood ballads, and the Towneley plays, this book argues for the

North's vital contribution to processes of imagining nation in the Middle Ages and shows that that regionalism is both contained within and constitutive of its apparent opposite nationalism **Writing Ireland's Working Class** Michael Pierse, 2016-04-30 Exploring writing of working class Dublin after Seán O'Casey this book breaks new ground in Irish Studies unearthing submerged narratives of class in Irish life Examining how working class identity is depicted by authors like Brendan Behan and Roddy Doyle it discusses how this hidden urban Ireland has appeared in the country's literature

Women, Writing, and the Industrial Revolution Susan Zlotnick, 2001-02-21 Industrialization in the eighteenth and nineteenth centuries inspired deep fears and divisions throughout England The era's emergent factory system disrupted traditional patterns and familiar ways of life Male laborers feared the loss of meaningful work and status within their communities and families Condemning these transformations Britain's male writers looked longingly to an idealized past Its women writers however were not so pessimistic about the future As Susan Zlotnick argues in *Women Writing and the Industrial Revolution* women writers foresaw in the industrial revolution the prospect of real improvements Zlotnick also examines the poetry and fiction produced by working class men and women She includes texts written by the Chartists the largest laboring class movement in the early nineteenth century as well as those of the dialect tradition the popular commercial literature of the industrial working class after mid century **The Writer**, 1910 *Homes and Haunts* Alison Booth, 2016 This is the first full length study of literary tourism in North America as well as Britain and a unique exploration of popular response to writers literary house museums and the landscapes or countries associated with their lives and works An interdisciplinary study ranging from 1820-1940 *Homes and Haunts Touring Writers Shrines and Countries* unites museum and tourism studies book history narrative theory theories of gender space and things and other approaches to depict and interpret the haunting experiences of exhibited houses and the curious history of topographical writing about famous authors In illustrated chapters that blend Victorian and recent first person encounters that range from literary shrines and plaques to guidebooks memoirs portraits and monuments Alison Booth discusses pilgrims such as William and Mary Howitt Anna Maria and Samuel Hall and Elbert Hubbard and magnetic hosts and guests as Washington Irving Wordsworth Martineau Longfellow Hawthorne James and Dickens Virginia Woolf's feminist response to homes and haunts shapes a chapter on Mary Russell Mitford Gaskell and the Brontës and another on the Carlyles house and Monk's House Booth rediscovers collections of personalities haunted shrines and imaginative re-enactments that have been submerged by a century of academic literary criticism [The Palgrave Encyclopedia of Victorian Women's Writing](#) Lesa Scholl, Emily Morris, 2022-12-15 Since the late twentieth century there has been a strategic campaign to recover the impact of Victorian women writers in the field of English literature However with the increased understanding of the importance of interdisciplinarity in the twenty first century there is a need to extend this campaign beyond literary studies in order to recognise the role of women writers across the nineteenth century a time that was intrinsically interdisciplinary in approach

to scholarly writing and public intellectual engagement *Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971* New York Public Library. Research Libraries,1979 **Elizabeth Gaskell's Smaller Stories** Carolyn Lambert,2021-08-26 This book re locates Elizabeth Gaskell s smaller stories in the literary and cultural context of the nineteenth century While Gaskell is recognised as one of the major novelists of her time the short stories that make up a large proportion of her published work have not yet received the critical attention they deserve This study re claims them as an indispensable part of her literary output that enables us to better contextualize and assess her achievement holistically as a highly skilled woman of letters The periodicals in which Gaskell s shorter pieces were published offer a microcosm of nineteenth century society and Gaskell took full advantage of the medium to apply a consistent and barbed challenge to cultural and gendered constructs of roles and social behaviour Although her eminently readable prose still flows easily in her short stories it is less likely to elide the sharp corners of domestic violence the disabling experiences of women the pain of death and loss and the complications of family life Byronic Heroes in Nineteenth-Century Women's Writing and Screen Adaptation Sarah Wootton,2017-01-26 *Byronic Heroes in Nineteenth Century Women s Writing and Screen Adaptation* charts a new chapter in the changing fortunes of a unique cultural phenomenon This book examines the afterlives of the Byronic hero through the work of nineteenth century women writers and screen adaptations of their fiction It is a timely reassessment of Byron s enduring legacy during the nineteenth century and beyond focusing on the charged and unstable literary dialogues between Jane Austen Elizabeth Gaskell George Eliot and a Romantic icon whose presence takes centre stage in recent screen adaptations of their most celebrated novels The broad interdisciplinary lens employed in this book concentrates on the conflicted rewritings of Byron s poetry his heroic protagonists and the cult of Byronism in nineteenth century novels from *Pride and Prejudice* to *Middlemarch* and extends outwards to the reappearance of Byronic heroes on film and in television series over the last two decades
