**The Tin Ticket** Deborah J. Swiss,2010-10-05 The convict women who built a continent A moving and fascinating story Adam Hochschild author of King Leopold's Ghost Historian Deborah J Swiss tells the heartbreakingly horrifying and ultimately triumphant story of the women exiled from the British Isles and forced into slavery and savagery who created the most liberated society of their time The Tin Ticket takes us to the dawn of the nineteenth century and into the lives of Agnes McMillan whose defiance and resilience carried her to a far more dramatic rebellion Agnes's best friend Janet Houston who rescued her from the Glasgow wynds and was also transported to Van Diemen's Land Ludlow Tedder forced to choose just one of her four children to accompany her to the other side of the world Bridget Mulligan who gave birth to a line of powerful women stretching to the present day It also tells the tale of Elizabeth Gurney Fry a Quaker reformer who touched all their lives Ultimately it is the story of women discarded by their homeland and forgotten by history who by sheer force of will become the heart and soul of a new nation

**Georgian Feminists** Rebecca Sophia Katherine Wilson,2025-04-28 Highlights ten extraordinary Georgian women who defied societal norms challenging patriarchy and shaping history with their trailblazing contributions For centuries women's history has been dismissed or ignored entirely Women make up half of society and yet few pages have been written about women's history their lives and contributions It is time to redress this imbalance and recognize the significant involvement and impact women have had throughout history Enter the Georgian period hailed as the Age of Enlightenment Amidst a

backdrop of cultural blossoming intellectual fervour and the whirlwind of the Industrial Revolution society underwent seismic shifts politically socially and technologically However for women the landscape remained largely unchanged the expectations of domesticity marriage and motherhood persisted as steadfast norms Embarking on a journey through diverse backgrounds from aristocracy to enslavement this book introduces ten remarkable women who defied societal norms during the Georgian period Among them are political activists social reformers a literary luminary a pioneer in palaeontology and a mathematical prodigy These trailblazers dared to pursue careers passions and lifestyles deemed scandalous by societal standards challenging the status quo and carving out paths of empowerment in a world reluctant to grant them their due recognition Each embodies the spirit of feminism resisting the grip of patriarchy and leaving an indelible mark on history    **Norwich**

rights discourse and the justifications for criminal punishment Using interdisciplinary discourse analysis it exposes certain paradoxes that underpin the International Bill of Human Rights academic commentaries on human rights law and the global human rights monitoring regime in relation to the aims of punishment in domestic penal systems It argues that human rights discourse owing to its theoretical kinship with Kantian philosophy embodies a paradoxical commitment to human dignity on the one hand and retributive punishment on the other Further it sustains the split between criminal justice and social justice which results in a sociologically ill informed understanding of punishment Human rights discourse plays a paradoxical role vis vis the punitive power of the state as it seeks to counter criminalisation in some areas and backs the introduction of new criminal offences and longer prison sentences in others The underlying priorities it is argued have been shaped by a number of historical circumstances Drawing on archival material the study demonstrates that the international penal discourse produced during the late nineteenth and early twentieth century laid greater emphasis on offender rehabilitation and was more attentive to the social context of crime than is the case with the modern human rights discourse    [Quaker History](#) ,2005    *Psychology in Prisons* Graham J. Gareth Atkins,2016-08-25 This book examines the place of saints and sanctity in a self consciously modern age and argues that Protestants were as fascinated by such figures as Catholics were Long after the mechanisms of canonisation had disappeared people continued not only to engage with the saints of the past but continued to make their own saints in all but name Just as strikingly it claims that devotional practices and language were not the property of orthodox Christians alone Making and remaking saints in the nineteenth century Britain explores for the first time how sainthood remained significant in this period both as an enduring institution and as a metaphor that could be transposed into unexpected contexts Each of the chapters in this volume focuses on the reception of a particular individual or group and together they will appeal to not only historians of religion but those concerned with material culture the cult of history and with the reshaping of British identities in an age of faith and doubt     **Gender trolling** Karla Mantilla,2015-08-31 Gender trolling arises out of the same misogyny that fuels other real life forms of harassment and abuse of women This book explains this phenomenon the way it can impact women's lives and how it can be stopped Designed to educate the general public on a popular and brutal form of harassment against women Gender trolling How Misogyny Went Viral provides key insight into this Internet phenomenon The book not only differentiates this violent form of trolling from others but also discusses the legal parameters surrounding the issue such as privacy anonymity and free speech online as well as offering legal and policy recommendations for improving the climate for women online The analysis of social media and legal aspects of the book make it highly suitable as a reliable

source to many modern classes Additionally increased awareness among the general and scholarly public of the phenomenon of gender trolling would help galvanize widespread support for laws policies new online content provider protocols and positive social pressure
