Chicago Shakespeare Theater Regina Buccola, 2012-12-15 The Chicago Shakespeare Theater is widely known for vibrant productions that reflect the Bard's genius for intricate storytelling, musicality of language and depth of feeling for the human condition. Affectionately known to natives of the Windy City as Chicago Shakes, this vanguard of Chicago's rich theatrical tradition celebrates its silver anniversary with this bracing collection of original essays by world renowned scholars, directors, actors and critics. Chicago Shakespeare Theater unveils the artistic visions and decisions that helped shape this venerable institution and examines the theater's international reputation for staging such remarkable and provocative performances. The volume brings together works by such heralded drama critics as Terry Teachout, Jonathan Abarbanel and Michael Billington, theater industry giants like Michael Bogdanov, Edward Hall and Simon Callow, interviews with the Chicago Shakespeare Theater's own Artistic Director Barbara Gaines and Executive Director Criss Henderson and essays by such noted figures in academe as Clark Hulse, Wendy Wall and Michael Shapiro. **Tropical Environments** Martin Kellman, Rosanne Tackaberry, 2003-09-02 Tropical Environments presents a comprehensive introduction to the complex systems of the tropics. Covering a broad cross regional range of humid through to semi arid tropical climate zones, the book features a wealth of case studies drawn from throughout the tropical world. The authors tackle the major problems within the tropics from complex biological interactions and soil nutrient deficiencies, offering a balanced integration of biophysical and human management issues. **World of Theatre 2003 Edition** Ian Herbert, Nicole Leclercq, 2003-09-02 A lavishly illustrated collection of on the spot and authoritative surveys of current theatrical activity from across the globe. This work covers the three seasons from 1999-2000, 2000-2001 and 2001-2002. **Theatre Record**, 2000 **Shaw** Fred D. Crawford, 1995-06-21 This is the annual edition of new studies of Shaw's life, influence and work. [Shakespeare in the Theatre: The Stratford Festival](#) Christie Carson, 2024-06-13 This analysis of the Stratford Festival examines the full history of one of the largest and oldest dedicated centres for the performance of Shakespeare in North America. In English speaking Canada, the Festival has become the unofficial national theatre, drawing both praise and criticism. Dividing its history into three distinct periods, the volume begins with the foundation of the company, moving through its middle years of expansion and securing stability, and ending with an exploration of staging Shakespeare in the 21st century. Through case studies of productions covering each artistic director from Tyrone Guthrie to Antoni Cimolino, it highlights issues of national identity but also the relationship between actor and audience on the Festival's unique thrust stage. It not only explores the work of international stars such as Christopher Plummer but also that of longstanding company members William Hutt and Martha Henry, emphasizing the Festival's collective spirit. This book argues that the Stratford Festival holds an influential position in the theatre world generally and in the Shakespeare performance environment specifically. Initially this was because of the original stage built for its opening but increasingly it has been due to the way that it has used Shakespeare's work to

articulate complex questions about identity and utilized technology to reach new audiences The Festival and its collaborative working methods grew out of a particular social and political climate and when the actors and directors who trained at the Festival took their training and its influences elsewhere they spread its impact **The Complete Book of 1980s**
