

# Elites, Masses, and Modernization in Latin America, 1850–1930

By E. Bradford Burns and Thomas E. Skidmore  
Edited by Virginia Bernhard  
Introduction by Richard Graham

# Elites In Latin America

**Harry Sanabria**

## **Elites In Latin America:**

**The Political Economy of Elites in Latin America** Jan Ickler, Rebeca Ramos Padrón, 2024-12-31 Recent years have seen renewed interest in elites around the world and their interconnection with power privilege social stratification and social change The contributors to this edited volume explore the many facets of the role of elites in the political economy of Latin America their position within society their impact upon the economy and their influence within governing institutions The book demonstrates that in Latin America as in many other parts of the world structural change and movements toward more just inclusive and sustainable societies seem impossible without the involvement of elites at some level This raises important questions Under what conditions do elites push for reform How do elites react to societal and economic challenges and changes To what extent can popular classes successfully pressure elites Bringing together a selection of case studies covering different Latin American countries the book focuses on three key themes to address these questions first it explores how elites react to economic and societal challenges with some chapters looking at moments of change as well as measures taken by individual elites to alter the status quo Second it seeks to understand the interrelation between external and domestic factors that engender elite action including global markets geopolitics state institutions social forces and the internal structure of elite groups Third it reflects upon methodological questions of studying elites in Latin America laying bare the potential pitfalls and offering possible routes to further inquiry This book will be vital reading for researchers in political economy development economics economic sociology and Latin American studies more broadly

**Elites in Latin America** Seymour Martin Lipset, Aldo E. Solari, 1967 Collection of articles analysing various high social status groups within the social structure of Latin America includes articles on entrepreneurship the new urban area groups middle classes industrial elites political leadership armed forces elites the clergy labour movement elites educational levels and Elite formation with particular reference to the university and secondary education schools etc References and literature surveys

**Politics and Political Elites in Latin America** Manuel Alcántara, Mercedes García Montero, Cristina Rivas Pérez, 2020-09-22 This book presents in depth analyses of the data gathered for 26 years by the Political Elites of Latin America project PELA the most comprehensive database about the topic in the world Since 1994 PELA has conducted around 9 000 personal interviews with representative samples of the Legislative Powers of 18 Latin American countries generating a unique resource for the study of political elites in a comparative perspective Now this contributed volume brings together studies that dig into the data gathered by PELA to discuss important topics related to the challenges faced by representative democracy in Latin America After an introductory chapter that presents the potential of the PELA database the book is structured in two parts The first addresses in eight chapters important aspects of representative democracy such as political ambition political trust satisfaction with democracy clientelism and the quality of democracy It then discusses three relevant issues in Latin American political dynamics such as executive legislative relations women s participation as representatives

and the meaning of China and the United States in national politics The second part addresses in five chapters studies of seven national cases that are representative of regional heterogeneity These chapters aim to examine parliamentary elites attitudes in different political systems with regard to a variety of relevant issues such as institutional trust satisfaction with democracy Executive Legislative relations clientelism and gender questions Furthermore these chapters intend to evince the evolution of such attitudes in the course of the last two decades Politics and Political Elites in Latin America Challenges and Trends will be of interest to scholars and students of comparative politics in general and more particularly to those interested in the challenges faced by representative democracy not only in Latin America but in many parts of the world

**Elites in Latin America, Edited by Seymour Martin Lipset and Aldo Solari** Lipset, Seymour Martin, Solari, Aldo E, Seminar on Elites and Development in Latin America (1965 : University of Montevideo), 1967

**Dominant Elites in Latin America** Liisa L. North, Timothy D. Clark, 2017-08-18 This volume examines the ways in which the socio economic elites of the region have transformed and expanded the material bases of their power from the inception of neo liberal policies in the 1970s through to the so called progressive pink tide governments of the past two decades The six case study chapters on Chile Brazil Ecuador Colombia El Salvador and Guatemala variously explore how state policies and even United Nations peace keeping missions have enhanced elite control of land and agricultural exports banks and insurance companies wholesale and import commerce industrial activities and alliances with foreign capital Chapters also pay attention to the ways in which violence has been deployed to maintain elite power and how international forces feed into sustaining historic and contemporary configurations of power

**Elites in Latin America. Ed. by Seymour Martin Lipset, Aldo Solari. [With Contrib. of S.M. Lipset, Luis Batinoff, A.o.]**, 1967

**Elites and Democratic Consolidation in Latin America and Southern Europe** John Higley, Richard Gunther, 1992 A distinguished group of scholars examine recent transitions to democracy and the prospects for democratic stability in Argentina Brazil Chile the Dominican Republic Peru Portugal Spain and Uruguay They also assess the role of elites in the longer established democratic regimes in Columbia Costa Rica Italy Mexico and Venezuela The authors conclude that in independent states with long records of political instability and authoritarian rule democratic consolidation requires the achievement of elite consensual unity that is agreement among all politically important elites on the worth of existing democratic institutions and respect for democratic rules of the game coupled with increased structural integration among those elites Two processes by which consensual unity can be established are explored elite settlement the negotiating of compromises on basic disagreements and elite convergence a more subtle series of tactical decisions by rival elites which have cumulative effect over perhaps a generation

*Environmental Politics in Latin America* Benedicte Bull, Mariel Aguilar-Stoen, 2014-11-13 Since colonial times the position of the social political and economic elites in Latin America has been intimately connected to their control over natural resources Consequently struggles to protect the environment from over exploitation and contamination have been related to

marginalized groups struggles against local national and transnational elites The recent rise of progressive left leaning governments often supported by groups struggling for environmental justice has challenged the established elites and raised expectations about new regimes for natural resource management Based on case studies in eight Latin American countries Argentina Brazil Chile Ecuador Colombia Bolivia El Salvador and Guatemala this book investigates the extent to which there have been elite shifts how new governments have related to old elites and how that has impacted on environmental governance and the management of natural resources It examines the rise of new cadres of technocrats and the old economic and political elites struggle to remain influential The book also discusses the challenges faced in trying to overcome structural inequalities to ensure a more sustainable and equitable governance of natural resources This timely book will be of great interest to researchers and masters students in development studies environmental management and governance geography political science and Latin American area studies

### **Nationalism and the Role of Elites in Latin America**

Kalman H. Silvert,1959 **Elites, Masses, and Modernization in Latin America, 1850-1930** E. Bradford Burns,Thomas E. Skidmore,1979-12-01 The interactions between the elites and the lower classes of Latin America are explored from the divergent perspectives of three eminent historians in this volume The result is a counterbalance of viewpoints on the urban and the rural the rich and the poor and the Europeanized and the traditional of Latin America during the late nineteenth and early twentieth centuries E Bradford Burns advances the view that two cultures were in conflict in nineteenth century Latin America that of the modernizing European oriented elite and that of the common folk of mixed racial background who lived close to the earth Thomas E Skidmore discusses the emerging field of labor history in twentieth century Latin America suggesting that the historical roots of today s exacerbated tensions lie in the secular struggle of army against workers that he describes In the introduction Richard Graham takes issue with both authors on certain basic premises and points out implications of their essays for the understanding of North American as well as Latin American history

**The Entrepreneurial Elites of Latin America** Fernando Henrique Cardoso,1966 **Elites and Economic Development** John Walton,1977-01-01 This book is a detailed comparative analysis of development politics in four urban regions of Latin America two in Mexico and two in Colombia John Walton has based his studies on the assumption that the problems of economic growth are essentially political that is are problems of choice decision making and the exercise of power His fundamental purpose has been to discover how elites of different kinds are more and less successful in the promotion of economic development which he defines as a process in the organization of a society leading not only to higher levels of efficient output but also to a more equitable distribution of benefits At the time the four cities compared were the second and third largest metropolitan areas in each country Guadalajara and Monterrey in Mexico Medell n and Cali in Colombia This selection allows the author to pair across countries cases of early and large scale industrialization Monterrey and Medell n with cases of more recent industrial growth in agricultural commercial centers Guadalajara and Cali Walton presents

historical introductions to each of the regions and integrates these with original fieldwork and interviews with more than three hundred members of the political and economic elites. The findings are extensive but in general they demonstrate that where political and economic power is more broadly distributed, where elites are more open and accessible and where organizational life is more active and coordinated, regions tend to develop qualitatively as well as quantitatively, showing increases both in productivity and in such benefits as public services, housing, education, and a more balanced distribution of income. If these characteristics are absent, regions may be industrialized but do not provide a broad sharing of the benefits. Walton places a good deal of emphasis on the role of foreign investments, demonstrating that the more penetrated regions are also the less developed. Finally, the results of these studies are used to evaluate and advance theories of underdevelopment and particularly of economic dependency.

[The Right in Latin America](#) Barry Cannon, 2016-04-14. Most current analysis on Latin American politics has been directed at examining the shift to the left in the region. Very little attention, however, has been paid to the reactions of the right to this phenomenon. What kind of discursive policy and strategic responses have emerged among the right in Latin America as a result of this historic turn to the left? Have there been any shifts in attitudes to inequality and poverty as a result of the successes of the left in those areas? How has the right responded strategically to regain the political initiative from the left? And what implications might such responses have for democracy in the region? *The Right in Latin America* seeks to provide answers to these questions while helping to fill a gap in the literature on contemporary Latin American politics. Unlike previous studies, Barry Cannon's book does not simply concentrate on party political responses to the contemporary challenges for the right in the region. Rather, he uses a wider, more comprehensive theoretical framework grounded in political sociology, in recognition of the deep social roots of the right among Latin America's elites in a region known for its startling inequalities. Using Michael Mann's pioneering work on power, he shows how elite dominance in the key areas of the economy, ideology, the military, and in transnational relations has had a profound influence on the political strategies of the Latin American right. He shows how left governments, especially the more radical ones, have threatened elite power in these areas, influencing right-wing strategic responses as a result. These responses, he persuasively argues, can vary from elections through street protests and media campaigns to military coups, depending on the level of perceived threat felt by elites from the left. In this way, Cannon uncovers the dialectical nature of the left-right relationship in contemporary Latin American politics while simultaneously providing pointers as to how the left can respond to the challenge of the right's resurgence in the current context of left retrenchment. Cannon's multi-faceted, interdisciplinary approach, including original research among right-leaning actors in the region, makes the book an essential reference not only for those interested in the contemporary Latin American right but for anyone interested in the region's politics at a critical juncture in its history.

***Agrarian Elites and Democracy in Latin America*** Belén Fernández Milmanda, 2024-11-21. This groundbreaking book delves into the underexplored realm of agrarian elites and their relationship to democracy in Latin

America With a fresh perspective and new theory it examines the strategies these elites use to gain an advantage in the democratic system The book provides a detailed examination of when and how agrarian elites participate in the electoral arena to protect their interests including a novel non partisan electoral strategy By providing a deeper understanding of how democratic institutions can be used to protect economic interests this book adds to the ongoing debate on the relationship between economic elites democracy and redistribution Agrarian Elites and Democracy in Latin America is a must read for anyone interested in politics democracy inequality and economic power in the Global South **The Meaning of Politics to**

**Catholic Elites in Latin America** Daniel H. Levine,1973 **Species of Capital in the Political Elite** Luis Garrido-Vergara,2020-06-16 Although sociological research has examined the reproduction of Chile s elites there is little empirical evidence as to how different forms of capital operate within them Based on a survey of the country s elites this study examines the effect of different forms of capital cultural social and political on access to strategic positions in the legislative and executive branches of government It focuses on the political elite between 1990 when military dictator Augusto Pinochet handed over the presidency to Patricio Aylwin his democratically elected successor and 2010 the end of President Michelle Bachelet s first government At least three points are germane to this analysis 1 understanding the nature of the party elites during the political transition 2 describing and explaining the main aspects of the party elites background and social resources including their family networks independent variables and 3 exploring the effect of those variables on individuals chances of achieving strategic positions in the political field comparing the legislative and executive branches as represented by deputies and ministers dependent variable [The Palgrave Handbook of Political Elites](#) Heinrich Best,John Higley,2017-11-08 This handbook presents a comprehensive view of the current theory and research surrounding political elites which is now a pivotal subject for academic study and public discourse In 40 chapters by leading scholars it displays the field s richness and diversity The handbook is organized in six sections each introduced by a co editor focusing on theories about political elites methods for studying them their main structural and behavioral patterns worldwide the differentiation and integration of political elite sectors elite attributes and resources and the dilemmas of political elites in this century Forty years since Robert Putnam s landmark Comparative Study of Political Elites this handbook is an indispensable resource for scholars and students engaged in the study of this vibrant field **A Symposium on Military**

**Elites in Latin America** Louis D. Higgs,1965 **Revolution and Revolutionary Elites in Latin America** H. Michael Erisman,1972 **The Anthropology of Latin America and the Caribbean** Harry Sanabria,2015-09-16 The first single authored comprehensive introduction to major contemporary research trends issues and debates on the anthropology of Latin America and the Caribbean The text provides wide and historically informed coverage of key facets of Latin American and Caribbean societies and their cultural and historical development as well as the roles of power and inequality Cymeme Howe Visiting Assistant Professor of Cornell University writes The text moves well and builds over time paying close

attention to balancing both the Caribbean and Latin America as geographic regions Spanish and non Spanish speaking countries and historical and contemporary issues in the field I found the geographic breadth to be especially impressive Jeffrey W Mantz of California State University Stanislaus notes that the contents reflect the insights of an anthropologist who knows Latin America intimately and extensively

Thank you very much for downloading **Elites In Latin America**. As you may know, people have look hundreds times for their favorite readings like this Elites In Latin America, but end up in infectious downloads. Rather than enjoying a good book with a cup of coffee in the afternoon, instead they cope with some harmful virus inside their desktop computer.

Elites In Latin America is available in our book collection an online access to it is set as public so you can download it instantly.

Our digital library hosts in multiple countries, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Elites In Latin America is universally compatible with any devices to read

### **Elites In Latin America Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Elites In Latin America free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Elites In Latin America free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search

feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Elites In Latin America free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Elites In Latin America. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Elites In Latin America any PDF files. With these platforms, the world of PDF downloads is just a click away.

## **FAQs About Elites In Latin America Books**

**What is a Elites In Latin America PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Elites In Latin America PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Elites In Latin America PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Elites In Latin America PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Elites In Latin America PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like

Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
