

The Public Policy Process For Elite Approach

- In the elite explanation of the policy process, the active elites are subject to very little direct influence from the mass or even from the understructure of governmental officials. The mass is politically apathetic and impotent and this large proportion of the population passively accepts whatever policies are imposed upon them. The members of the understructure follow the elite's directives because they believe that their survival in positions of authority depends on the power and support of the elite. 9
