The Elusive Embryo Gaylene Becker, 2000-12-20 This work examines the industry of reproductive technology from the perspective of the consumer An analysis is made of the array of medical options available to those with fertility problems and the financial and emotional toll is assessed A Transnational Feminist View of Surrogacy Biomarkets in India Sheela Saravanan, 2018-03-26 This book takes a reproductive justice approach to argue that surrogacy as practised in the contemporary neoliberal biomarkets crosses the humanitarian thresholds of feminism Drawing on her ethnographic work with surrogate mothers intended parents and medical practitioners in India the author shows the dark connections between poverty gender human rights violations and indignity in the surrogacy market In a developing country like India bio technologies therefore create reproductive objects of certain female bodies while promoting an image of reproductive liberation for others India is a classic example for how far these biomarkets can exploit vulnerabilities for individual requirements in the garb of reproductive liberty This critical book refers to a range of liberal radical and postcolonial feminist frameworks on surrogacy and questions the individual reproductive rights perspective as an approach to examine global surrogacy It introduces humanitarian feminism as an alternative concept to bridge feminist factions divided on contextual and ideological grounds It hopes to build a global feminist solidarity drawing on a reproductive justice approach by recognizing the histories of race class gender sexuality ability age and immigration oppression in all communities This work is of interest to researchers and students of medical sociology and anthropology gender studies bioethics and development studies Lived Realities of Solo Motherhood, Donor Conception and Medically Assisted Reproduction Tine Ravn, 2021-09-30 This book explores the empirical manifestations of the paradoxical features of reproductive technologies and provides in depth understandings of solo motherhood through assisted reproduction and by recognising the complex experiences and the lived realities of forming donor conceived families **Inconceivable Iran** Soraya Tremayne, 2022-10-14 Celebrating the 50th volume of the landmark Fertility Reproduction and Sexuality series this book offers a much needed analysis of shifting reproductive policies and practices in the Islamic Republic of Iran a society that is usually represented as either revolutionary or oppressive Instead Tremayne reflects on more than four decades of research arguing that changing reproductive behaviors on the part of ordinary Iranians must always be viewed against the backdrop of core cultural values and traditions which are often reinforced instead of radically altered by new reproductive technologies juridical opinions and Childbearing and the Changing Nature of Parenthood Rosalina Pisco Costa, Sampson Lee state policies Blair, 2019-11-25 Around the globe the very conceptualization of family is associated with the relationship between a parent and a child The birth of a child represents both the end of one experience and the beginning of another The Political **Geographies of Pregnancy** Laura R. Woliver, 2008-08-08 A searing study of how modern reproductive politics shapes women s bodily agency Gender Mary Evans, Carolyn H. Williams, 2013 Gender is a collection of canonical and cutting

edge research on gender The sheer scale of the growth in research output in gender makes this collection useful and meets the demand for one stop mini library of this fascinating and fundamental subject **Reframing Reproduction** M. Nash,2014-07-04 How do rapid social and technological changes shape reproductive realms today This book considers the complex choices anxieties and challenges that come alongside postmodern reproduction for women and men in the West Topics include surrogacy fatherhood sperm banking egg donation contraception breastfeeding and postpartum body image

Assisted Reproduction Across Borders Merete Lie, Nina Lykke, 2016-10-04 Today it often seems as though Assisted Reproductive Technologies ARTs have reached a stage of normalization at least in some countries and among certain social groups Apparently some practices for example in vitro fertilization IVF have become standard worldwide The contributors to Assisted Reproduction Across Borders argue against normalization as an uncontested overall trend This volume reflects on the state of the art of ARTs From feminist perspectives the contributors focus on contemporary political debates triggered by ARTs They examine the varying ways in which ARTs are interpreted and practised in different contexts depending on religious moral and political approaches Assisted Reproduction Across Borders embeds feminist analysis of ARTs across a wide variety of countries and cultural contexts discussing controversial practices such as surrogacy from the perspective of the global South as well as the global North as well as inequalities in terms of access to IVF This volume will appeal to scholars and students of anthropology ethnography philosophy political science history sociology film studies media studies literature art history area studies and interdisciplinary areas such as gender studies cultural studies and postcolonial studies

Local Babies, Global Science Marcia C. Inhorn,2012-11-12 In the late 1990s Egypt experienced a boom period in in vitro fertilization IVF technology and now boasts more IVF clinics than neighboring Israel In this book Marcia Inhorn writes of her fieldwork among affluent elite couples who sought in vitro fertilization in Egypt a country which is not only at the forefront of IVF technology in the Middle East but also a center of Islamic education in the region Inhorn examines the gender scientific religious and cultural ramifications of the transfer of IVF technology from Euro American points of origin to Egypt showing how cultural ideas reshape the use of this technology and in turn how the technology is reshaping cultural ideas in Egypt Men, Masculinities, and Infertilities Jonathan A. Allan,2022-06-22 Drawing on diverse examples from literature film memoirs and popular culture Men Masculinities and Infertilities analyses cultural representations of male infertility Going beyond the biomedical and sociological towards interdisciplinary cultural studies this book studies depictions of men s infertility It includes fictional representations alongside memoirs newspaper articles ethnographies and autoethnographies and scientific reporting Works under discussion range from twentieth century novel Lady Chatterley s Lover to romantic comedy film Not Suitable For Children and science fiction classic Mr Adam as well as encompassing genres including blockbuster romance and memoir Men Masculinities and Infertilities draws upon both sociological and popular culture research to trace how the discourse of cultural anxiety unfolds across disciplines This engaging work will be

of key interest to scholars of popular culture studies gender and women's studies including gueer and sexuality studies critical studies of men and masculinities cultural studies and literary studies The Open Access version of this book available at www taylorfrancis com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4 **Embodying Culture** Tsipy Ivry, 2009-09-30 Embodying Culture is an ethnographically grounded exploration of pregnancy in two different cultures Japan and Israel both of which medicalize pregnancy Tsipy Ivry focuses on low risk or normal pregnancies using cultural comparison to explore the complex relations among ethnic ideas about procreation local reproductive politics medical models of pregnancy care and local modes of maternal agency. The ethnography pieces together the voices of pregnant Japanese and Israeli women their doctors their partners the literature they read and depicts various clinical encounters such as ultrasound scans explanatory classes for amniocentesis birthing classes and special pregnancy events The emergent pictures suggest that athough experiences of pregnancy in Japan and Israel differ pregnancy in both cultures is an energy consuming project of meaning making suggesting that the sense of biomedical technologies are not only in the technologies themselves but are assigned by those who practice and experience them Adopting after Infertility Rachel Balen, Marilyn Crawshaw, 2011-01-15 Adopting after Infertility is an informative interdisciplinary book that addresses the issues that professionals and adopters themselves face when going through the adoption process and the impact of infertility on their experiences. The book includes chapters on the effects of infertility why people choose adoption and the assessment process <u>Infertility and Non-Traditional Family Building</u> Rebecca Feasey, 2019-07-26 This book examines the representation of infertility assisted reproduction miscarriage adoption and surrogacy in a wide range of media including blogs vlogs social media posts and factual programming In so doing it illustrates how pregnancy loss involuntary childlessness and non traditional mothering are being depicted across the media landscape Whilst the topic of motherhood has emerged as a significant area of academic debate narratives of unsuccessful or unconventional mothering have remained largely absent even at a time when there is a growing conversation about infertility online Timely pertinent and original the book demonstrates the importance of a broader and more informed cultural discussion about fertility and family building

Reproduction and Society Carole Joffe, Jennifer Reich, 2025-05-30 The new edition of Reproduction and Society assembles an authoritative collection of the best scholarship on reproductive matters to help students and readers think critically and more expansively about acts of reproduction as social phenomena. The social political and personal meanings of reproduction have become increasingly important and surround us in the news during elections and even within popular culture. In the aftermath of the United States Supreme Court's decision to overturn a nearly 50 year old precedent guaranteeing a constitutional right to abortion these issues have become even more pressing Exploring the topic from a sociological lens and drawing on influential writing from other fields including history economics anthropology and medicine editors Carole Joffe and Jennifer Reich are assured and accessible guides as they lead readers across six core thematic areas analyzing

reproductive self determination and why it matters From a reproductive justice perspective the new edition examines issues related to contraception and sterilization abortion pregnancy maternal fetal conflicts and uses of reproductive technologies Readers will encounter classical texts that have contributed to the foundation of this exciting field as well as more recent research that continues to push the field forward all in the service of sharpening their understanding of why reproductive politics have been and continue to be contentious complicated and high stakes Refreshed and significantly expanded with over two dozen new selections the second edition of this reader will have wide appeal for undergraduate and graduate students who are new to the study of reproduction both in courses that focus on the topic across different disciplines and as a supplement to courses on the family gender health care social problems and sexuality The Cambridge Companion to Gender and the Law Stéphanie Hennette Vauchez, Ruth Rubio-Marín, 2023-01-26 To what extent is the legal subject gendered Using illustrative examples from a range of jurisdictions and thematically organised chapters this volume offers a comprehensive consideration of this question With a systematic accessible approach it argues that law and gender work to co produce the legal subject Cumulatively the volume s chapters provide a systematic evaluation of the key facets of the legal subject the corporeal the functional and the communal Exploring aspects of the legal subject from the ways in which it is sexed and sexualised to its national and familial dimensions this volume develops a complete account of the various processes through which legal orders produce gendered subjects Across its chapters each theoretically ambitious in its own right this volume outlines how the law not only acts on the social world but genders it Gender After Gender in Consumer Culture Elisabeth Tissier-Desbordes, Luca M. Visconti, 2020-12-23 Gender After Gender in Consumer Culture provides an updated discussion of how gender cuts across consumer culture in light of increasing gender fragmentation and integration with other identity positions Sex the biological distinction male female and gender which refers to a person s sense of being male female or any other combinations of these inform issues as varied as personal identity social interactions and market behaviours First contributions account for the increasing fluidity and or fragmentation of gender positions which reshape the interplay between consumers and marketers Second they provide a timely illustration of how consumption and markets concur in contrasting gender inequalities taken both individually and jointly e g at the intersection of ethnicity or positions of market marginalisation Third chapters question the role of gender in granting personal and societal well being as they reflect on the collective capacity of constantly undoing gender stereotypes Focusing on gender this book allows the reader to trace the links among cultural categories e g masculinity femininity gender identity social phenomena and market dis functioning The chapters in this book were originally published as a special issue in the journal Consumption Markets Culture Companion to Medical Anthropology Merrill Singer, Pamela I. Erickson, César E. Abadía-Barrero, 2022-02-23 The fully revised new edition of the defining reference work in the field of medical anthropology A Companion to Medical Anthropology Second Edition provides the most complete account of the key issues and debates in this dynamic rapidly

growing field Bringing together contributions by leading international authorities in medical anthropology this comprehensive reference work presents critical assessments and interpretations of a wide range of topical themes including global and environmental health political violence and war poverty malnutrition substance abuse reproductive health and infectious diseases Throughout the text readers explore the global historical and political factors that continue to influence how health and illness are experienced and understood The second edition is fully updated to reflect current controversies and significant new developments in the anthropology of health and related fields More than twenty new and revised articles address research areas including war and health illicit drug abuse climate change and health colonialism and modern biomedicine activist led research syndemics ethnomedicines biocommunicability COVID 19 and many others Highlighting the impact medical anthropologists have on global health care policy and practice A Companion to Medical Anthropology Second Edition Features specially commissioned articles by medical anthropologists working in communities worldwide Discusses future trends and emerging research areas in the field Describes biocultural approaches to health and illness and research design and methods in applied medical anthropology Addresses topics including chronic diseases rising levels of inequality war and health migration and health nutritional health self medication and end of life care Part of the acclaimed Wiley Blackwell Companions to Anthropology series A Companion to Medical Anthropology Second Edition remains an indispensable resource for medical anthropologists as well as an excellent textbook for courses in medical anthropology ethnomedicine global health care and medical policy Patient-Centred IVF Trudie Gerrits, 2016-08-01 Contemporary Dutch policy and legislation facilitate the use of high quality accessible and affordable assisted reproductive technologies ARTs to all citizens in need of them while at the same time setting some strict boundaries on their use in daily clinical practices Through the ethnographic study of a single clinic in this national context Patient Centred IVF examines how this particular form of medicine aiming to empower its patients co shapes the experiences views and decisions of those using these technologies Gerrits contends that to understand the use of reproductive technologies in practice and the complexity of processes of medicalization we need to go beyond easy assumptions about the hegemony of biomedicine and the expected impact of patient centredness **Gender Circuits** Eve Shapiro, 2015-01-09 The new edition of Gender Circuits explores the impact of new technologies on the gendered lives of individuals through substantive sociological analysis and in depth case studies Examining the complex intersections between gender ideologies social scripts information and biomedical technologies and embodied identities this book explores whether and how new technologies are reshaping what it means to be a gendered person in contemporary society
