Embodied In Love The Sacramental Spirituality Of Sexual Intimacy:

Embodied in Love Charles A. Gallagher, Mary F. Rousseau, 1983 *Embodied in Love* Charles A. Gallagher, 1983

Embodied in Love ,1983 *Embodied in love* Chuck Gallagher, 1984 **Human Sexuality in the Catholic Tradition**

Kieran Scott, Harold Daly Horell, 2007 Contemporary culture provides conflicting and confusing messages about the meaning and purpose of human sexuality and often sex education that is offered often does not promote a mature integrated understanding of sexuality Human Sexuality in the Catholic Tradition meets the great need for pastoral guidance in addressing moral issues of sexuality in both the Church and broader culture today Kieran Scott and Harold Horell explore with other leading scholars how to draw from the best Christian faith traditions to renew our understanding of sexuality explore the integration of our sexuality and our spirituality and develop life affirming and life sustaining ways of approaching contemporary sexual issues This book explores sexuality from spiritual psychological moral and ministerial perspectives and addresses specific issues such as sex and marriage celibacy homosexuality and cohabitation *Conjugal Spirituality* Mary Anne McPherson Oliver, 1994 Mary Anne Oliver develops an alternate to celibate religious practices drawing from the experience of couples and diverse sources in the Christian tradition This work explores the dynamics of conjugal love

Values in Sex Education Mark Halstead, Michael Reiss, 2003-09-02 Sex education is rarely out of the news Despite this there exist surprisingly few studies of the principles policies and practice of sex education This book provides such an examination focusing on the values to which children are exposed in sex education Sex education inevitably involves the transmission of values regardless of whether this is intended by teachers Throughout the book academic and professional literature on both values and sex education is reviewed and discussed The authors look at the implicit liberal values which underpin programmes of sex education and at the challenges presented by the diversity of values in contemporary society The book also considers Why values are central to sex education Children s voices and children s values Religious and family values Achievable aims for school sex education How to help young people to reflect critically on the influences to which they are exposed and on their own developing sexual values How to build values into practical approaches to sex education at both primary and secondary levels This timely book will help all those involved in sex education to steer a path between controversial and often opposing views and will be essential reading for students on PGCE and BEd courses It will also be a valuable resource for teachers and professionals involved in teaching sex education such as teachers of personal and social education form tutors heads of year school nurses health workers and academics **Christian Perspectives on Sexuality**

and Gender Elizabeth Stuart, Adrian Thatcher, 1996 This collection of articles present a variety of broadly Christian responses to issues such as sexuality and gender sexuality and spirituality gay and lesbian sexuality sexuality and violence sexuality and singleness and the family *Christian Marriage* David Michael Thomas, 1992 This book represents a theology of marriage It is not intended as a manual for solving marital problems or as a self help guide on how to improve one s

marriage Rather its basic goal is to bring forward into our time with all its uniqueness and peculiarities major insights of the Christian faith as they relate to married life Through the love of wife and husband woman and man through loving words pronounced in public in formal ceremony and unfolded in the time that ensues through the couple s collaboration with God s creative power in brining new life into the world through the spirituality lived in transforming creation the sacrament of marriage brings the Spirit of God into the world Each couple has the power to block this process but what is more important to affirm is their capacity to advance it And it happens From Chapter 1 Sexual Ethics Todd A. Salzman,Michael G. Lawler,2012-05-18 Two principles capture the essence of the Catholic tradition on sexual ethics that each and every marriage act must remain open to the transmission of life and that any human genital act must occur within the framework of marriage In the Catholic tradition moral sexual activity is institutionalized within the confines of marriage and procreation and sexual morality is marital morality But theologians Todd Salzman and Michael Lawler contend that there is a disconnect between many of the Church s absolute sexual norms and other theological and intellectual developments explicitly recognized and endorsed in the Catholic tradition especially since the Second Vatican Council These developments include the shift from a primary static worldview to a historically conscious worldview one that recognizes reality as dynamic evolving changing and particular By employing such a historically conscious worldview alternative claims about the moral legitimacy of controversial topics such as contraception artificial reproduction and homosexual marriage can faithfully emerge within a Catholic context Convinced of the central role that love desire and fertility play in a human life and also in the life of Christian discipleship the authors propose an understanding of sexuality that leads to the enhancement of human sexual relationships and flourishing This comprehensive introduction to Catholic sexual ethics complete with thought provoking study questions at the end of each chapter will be sure to stimulate dialogue about sexual morality between Catholic laity theologians and the hierarchy Anyone seeking a credible and informed Catholic sexual ethic will welcome this potentially revolutionary book *Religion & Sexuality* Charles Kevin Robertson,2006 Issues of religion and sexuality elicit passionate debate as witnessed in the well researched provocative essays contained in this volume Cutting edge scholars representing radically different traditions and positions wrestle with controversial and even taboo subjects in modern American culture Oral sex polygamy homosexuality and clergy celibacy and boundaries are addressed as editor C K Robertson facilitates a lively conversation that will be of interest to students of religion and popular culture or anyone wishing to explore what is on and off limits in today s increasingly pluralistic yet strongly spiritual society **Engaging**

Thomas Merton Horan, OFM, Daniel P.,2023-11-10 Essays on the Trappist monk his enduring significance and his contributions to spirituality and social issues **The Sexual Person** Todd A. Salzman,Michael G. Lawler,2008-05-21 Two principles capture the essence of the official Catholic position on the morality of sexuality first that any human genital act must occur within the framework of heterosexual marriage second each and every marriage act must remain open to the

transmission of life In this comprehensive overview of Catholicism and sexuality theologians Todd A Salzman and Michael G Lawler examine and challenge these principles Remaining firmly within the Catholic tradition they contend that the church is being inconsistent in its teaching by adopting a dynamic historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static classicist anthropology and worldview on sexual ethics While some documents from Vatican II like *Gaudium et spes* the marital act promotes self giving by which spouses enrich each other gave hope for a renewed understanding of sexuality the church has not carried out the full implications of this approach In short say Salzman and Lawler emphasize relationships not acts and recognize Christianity s historically and culturally conditioned understanding of human sexuality *The Sexual Person* draws historically methodologically and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage cohabitation homosexuality reproductive technologies and what it means to be human This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians and between theologians and the Magisterium

Catholic Theological Ethics Todd A. Salzman, Michael G. Lawler, 2015-11-23 This book has two objectives one explicit and one implicit The explicit objective is to explore the normative implications for both general and sexual ethics of the methodological and anthropological developments in Catholic tradition The implicit objective is to stimulate dialogue in the Church about ethics particularly sexual ethics a dialogue that must necessarily include all in the communion Church laity theologians and hierarchy Since we believe that genuine and respectful dialogue about sexual morality is sorely needed to clarify Christian truth today we intend this book to be part of that genuine dialogue

Time and Intimacy Joel B. Bennett, 2000-11 This volume examines the role of time in relationships with a focus on the transpersonal dimension of intimacy and the temporal aspects of relationships For scholars and students in personal relationships psych of religion family studies intimacy

Religion and Sexual Health: R.M. Green, 2013-03-14 Religious beliefs and attitudes have long been recognized as playing an important role in sexual functioning but the relationship between religion and sexual behavior has rarely been studied in a comprehensive way The essays in this volume bring the views of sex counsellors therapists theologians and bioethicists to bear on the relationship between religion and sexuality A major theme emerging from these essays is that religion and counselling need to learn from one another Religious traditions at the popular or theological levels are often marked by ignorance and misinformation about sexuality and can benefit by the insights of those who work closely with patients in medical and counselling settings Counsellors in turn need to develop a sensitivity to past and present religious attitudes toward sexuality in order to assist their patients achieve sexual health

[Christian Ethics, Volume 2](#)

Karl-Heinz Peschke, 2012-08-21 This edition is once again a new thoroughly revised version of *Christian Ethics II* In some portions the subject matter has been reorganized more organically and recent theological developments and documents of the magisterium have been integrated New themes have been added others further developed such as deepening the concept

and content of mission as well as ecumenical participation Also questions in bioethics have been supplemented such as the duty to preserve life topics of prenatal medicine reproductive and therapeutic cloning genetic alteration and euthanasia Other issues raised concern the discrimination against women civil marriage of homosexuals compassion in prison care the right of asylum humanitarian interventions the fostering of peace after conflicts empowerment of the poor in development projects and the treatment of animals The author hopes that this new edition will be a contribution to the ongoing aggiornamento of moral theology and that it will continue to meet the expectations of its readers

Earth Crammed with Heaven Elizabeth Dreyer, 1994 For too long says Elizabeth Dreyer the kind of spirituality taught to Christian lay people has been clerical and monastic It has not been grounded in the ways of living actually experienced by lay people incorporating sexuality childraising work the marketplace and the earth A major effort is being made in our day to reformulate spirituality in a way that makes sense to ordinary Christians More than anything else this new attitude proclaims that God is best discovered not in the withdrawal from everyday life but in the act of living it Earth Crammed with Heaven is a pioneering attempt to articulate the paradigm shift in attitudes toward lay spirituality It is written for persons who are on an intentional spiritual journey that has everyday existence and the entire world as its focal points It maintains that baptized Christians do not have to change their daily activities in order to become saints The potential for sainthood is located in the depth and intentionality of ordinary living
