Adopted for Life (Updated and Expanded Edition) Russell Moore,2015-10-14 The doctrine of adoption God s decision to adopt sinful men and women into his family stands at the heart of Christianity In light of this Christians efforts to adopt beautifully illustrate the truth of the gospel In this popular level and practical manifesto Russell Moore encourages Christians to adopt children and to help other Christian families to do the same He shows that adoption is not just about couples who have struggled to have children Rather it s about an entire culture within evangelicalism a culture that sees adoption as part of the Great Commission mandate and as a sign of the gospel itself Go and Do Likewise Mia Crosthwaite,2006-03 Our call as Christians is to live as neighbor to everyone to treat each person with mercy and compassion is part of the call to discipleship But how do we do this In clear concise language the author discusses each of the principles of the Church s social teaching then offers a wide variety of creative ideas for living them out Some of the ideas take only five minutes others take ten minutes and still others take twenty minutes This is an excellent resource for both individuals and family members for peace and justice committees for RCIA teams catechists teachers and parish ministers Unification Faith Parenting: 13 Best Practices Michael H. Kiely,Jennifer P. Tanabe,2019-12-07 Six Unification families share their experiences and strategies raising second generation children who have ultimately made their family s faith their own as young adults Their testimonies about what did not work as well as what worked are fascinating funny heartbreaking and very enlightening Of course the best part is that they adjusted what they did to something that can be called a Best Practice Through their words this book covers what not to do as well as what to do in faith parenting your kids From Pariahs to Partners David Tobis,2013-06-06 In the early 1990s 50 000 children were in New York City s foster care system By 2011 there were fewer than 15 000 In his book David Tobis shows how such radical change was driven largely by a movement of mothers whose children had been placed into foster care who fought to become advocates and stakeholders in a system that had previously viewed them as part of the problem This book serves as an example of how advocates can change a system as told from the perspective of key figures change agents and the parent advocates themselves Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004
