The book begins by presenting anecdotes and the author's personal story to lay the foundation for what literacies are and what literacy is not. An activity Spiral of Literacy allows readers to reflect on their own literacies. Chapters that follow each begin with a story that sets the theoretical foundation. Each chapter concludes with an action section that demonstrates how to turn theory to practice whether you are in a library, a classroom, or at home. A final chapter envisions what libraries might look like in 10 years through interviews with librarians, teachers, and others interested in literacy. *The Story of Music* William James Henderson, 1889
