Folly Drawings Over In En Outsiders In De Kunst:

Inside or outside the Outsider Art? Kunst van mensen met een verstandelijke beperking Jean-Pierre Van de Vijver, 2005

Raw Creation John Maizels, 2000-09-20 The art of self taught artists including visionaries folk creators spiritualists recluses the mad and the socially marginalized was once scorned by the art establishment Among the first to value and collect such works was the French artist Jean Dubuffet 1901 85 who coined the term Art Brut or raw art He saw Art Brut as the purest form of creation because it was uncooked by culture touched by a raw nerve and deriving directly from the psyche Some 50 years later a wave of enthusiasm for contemporary folk art has gripped countries as far apart as India and the United States John Maizels ties these disparate strands together providing an extensive survey of the self taught art of the twentieth century Today a bewildering range of terminology has emerged along with growing enthusiasm for strains of creative expression outside the conventional art world In *Raw Creation* Maizels traces the history of the recognition and study of this art and examines different theories and definitions that have grown up around it He provides detailed expositions of the work of individual artists ranging from such Art Brut masters as Adolf Wolfli and Aloise Corbaz to such gifted American folk artists as Bill Traylor and Mose Tolliver Devoting several chapters to large scale visionary environments Maizels takes a broad view embracing Rodia towers in Watts Los Angeles the Palais Id al in the South of France and Nek Chand s sculpture garden in north India *Raw Creation* provides an indispensable guide to self taught art and a fascinating account of human creativity

Self-made Worlds Roger Manley, Mark Sloan, 1997 Scattered across the globe are remarkable individuals variously called outsiders obsessive visionaries or folk artists These unique individuals and the environments they create are celebrated in *Self Made Worlds* The works depicted in *Self Made Worlds* some presented for the first time challenge long standing ideas about what art is From Le Palais Id al built in a small French village by the mailman Cheval to the Hubcap Ranch by Litto Damonte of California to Nek Chand s hundreds of human and animal sculptures made from waste and recycled materials and set in a massive landscaped rock garden in Northwest India *Self Made Worlds* is an international tour of some of the most remarkable manifestations of the idiosyncratic eccentric glory of the human imagination
