Fisheries Management of Mexican and Central American Estuaries Felipe Amezcua, Brian Bellgraph, 2014-08-13

The tropical estuarine systems of Mexico and Central America are an important part of the region s coastlines for example Mexico alone possesses more than 770 thousand hectares of mangroves as well as the largest estuarine mangrove complex on the American Pacific Marismas Nacionales yet is one of the poorest studied areas in the world This is the first book that deals extensively with fisheries management issues in this region from physical chemistry ecological and socioeconomic views providing an understanding on the function and the effects of human activities on these areas with works undertaken by local scientist *Latin American Popular Culture Since Independence* William H. Beezley, Linda Ann Curcio, 2012 This

unique reader offers an engaging collection of essays that highlight the diversity of Latin America's cultural expressions from independence to the present. Leading historians explore funerals, dance and music, letters and literature, spectacles and monuments, and world's fairs and food. These themes and events highlight the ways in which a wide range of individuals with copious at times contradictory motives attempted to forge identity, turn the world upside down, mock their betters, forget their troubles through dance, express love in letters, and altogether enjoy life. The authors analyze case studies from Argentina, Brazil, the Dominican Republic, Ecuador, Mexico, Nicaragua, Peru, and Trinidad Tobago, tracing how their examples resonate in the rest of the region. They show how people could and did find opportunities to escape if only occasionally their daily drudgery, making lives for themselves of greater variety than the constant quest for dominance, drive for profits, or knee-jerk resistance to the social or economic order so often described in cultural studies. Instead, this rich text introduces the complexity of motives behind and the diversity of expressions of popular culture in Latin America. Contributions by Sal Acosta, Thomas L. Benjamin, John Charles Chasteen, Dari n J Davis, Lauren Robin H. Derby, Matthew D. Esposito, Ingrid E. Fey, Stephen Jay Gould, Graham E. L. Horton, Fanni Mu oz Cabrejo, Blanca Muratorio, Jeffrey M. Pilcher, Janet Sturman, and Pamela Voekel.
