*Death in Second-Century Christian Thought* Jeremiah Mutie,2015-03-24 *Death in Second Century Christian Thought* explores how the meaning of death was conceptualized in this crucial period of the history of the church Through an exploration of some key metaphors and other figures of speech that the early church used to talk about this interesting but difficult topic the author argues that the early church selected modified and utilized existing views on the subject of death in order to offer a distinctively Christian view of death based on what they believed the word of God taught on the subject particularly in light of the ongoing story of Jesus following his death his burial and resurrection In short the book shows how Christians interacted with the views of death in late antiquity coming up with their own distinctive view of death

*Foreigners and Their Food* David M. Freidenreich,2011-08-13 *Foreigners and Their Food* explores how Jews Christians and Muslims conceptualize us and them through rules about the preparation of food by adherents of other religions and the act of eating with such outsiders David M Freidenreich analyzes the significance of food to religious formation elucidating the ways

ancient and medieval scholars use food restrictions to think about the other Freidenreich illuminates the subtly different ways Jews Christians and Muslims perceive themselves and he demonstrates how these distinctive self conceptions shape ideas about religious foreigners and communal boundaries This work the first to analyze change over time across the legal literatures of Judaism Christianity and Islam makes pathbreaking contributions to the history of interreligious intolerance and to the comparative study of religion Jean-Luc Nancy and Christian Thought Christina Smerick,2017-12-06 Jean Luc Nancy and Christian Thought explores Nancy s deconstruction of Christianity via the various bodies of Christ that accumulate in Christian doctrine specifically the incarnated body the resurrected body and the body of Christ the church The work ties Nancy s deconstruction to the writings of the early church demonstrating that the seeds of auto deconstruction are indeed sown in the doctrines of Western Christianity It then provides brief sketches of current theological works that touch upon similar deconstructive themes Thus the work aims to flesh out Nancy s deconstruction for the non theologian tying his complex scans of Christian thought to early patristics and also aims to help theologians unfamiliar with deconstruction or with Nancy s work recognize the value of the deconstructive method for unpacking Christian doctrine and practice This book will be of interest to philosophers of religion hermeneutics and post Frankfort School critical theory and theologians interested in current French philosophy of religion Modern Christian Thought, Second Edition James C. Livingston,Francis Schüssler Fiorenza, This widely acclaimed introduction to modern Christian thought formerly published by Prentice Hall provides full scholarly accounts of the major movements and thinkers theologians and philosophers in the Christian tradition since the eighteenth century Enlightenment together with solid historical background and critical assessments Christian Thought ,1919 Food, Virtue, and the Shaping of Early Christianity Dana Robinson,2020-08-13 In this book Dana Robinson examines the role that food played in the Christianization of daily life in the fourth century CE Early Christians used the food culture of the Hellenized Mediterranean world to create and debate compelling models of Christian virtue and to project Christian ideology onto common domestic practices Combining theoretical approaches from cognitive linguistics and space place theory Robinson shows how metaphors for piety such as health fruit and sacrifice relied on food related domains of common knowledge medicine agriculture votive ritual which in turn generated sophisticated and accessible models of lay discipline and moral formation She also demonstrates that Christian places and landscapes of piety were socially constructed through meals and food production networks that extended far beyond the Eucharist Food culture thus provided a network of metaphorical concepts and spatial practices that allowed the lay faithful to participate in important debates over Christian living and community formation *Christian Thoughts for Every Day of the Month, with a prayer: wherein is represented the nature of unfeigned repentance, and of perfect love towards God. [A translation by Edward Sheldon of Dominique Bouhours's "Pensées chrétiennes pour tous les jours du mois."]* Dominique BOUHOURS,1698 **Food, the Body and the Self** Deborah Lupton,1996-04-25 In this wide ranging and thought provoking analysis of the

Griffiths,2018-09-25 A brilliant and provocative work demonstrating the centrality of the flesh to the mysteries and doctrines of the Christian faith Carol Zaleski Smith College A sustained and systematic theological reflection on the idea that being a Christian is first and last a matter of the flesh Christian Flesh shows us what being a Christian means for fleshly existence Depicting and analyzing what the Christian tradition has to say about the flesh of Christians in relation to that of Christ the book shows that some kinds of fleshly activity conform well to being a Christian while others are in tension with it But to lead a Christian life is to be unconstrained by ordinary ethical norms Arguing that no particular case of fleshly activity is forbidden Paul J Griffiths illustrates his message through extended case studies of what it is for Christians to eat to clothe themselves and to engage in physical intimacy In this trenchant and careful theological treatment of our embodiment Paul Griffiths puts the stress exactly where it should be put on the possibility of transfigured touch By focusing on the varieties of touch he is able to untangle several unfortunate arguments between liberals and conservatives in a most refreshing way John Milbank University of Nottingham Very few theologians can boast a comparable combination of profound questioning and precise reasoning This is a book worthy of the most serious reflection debate and admiration David Bentley Hart Notre Dame

**Bread of Life in Broken Britain** Charles Pemberton, 2020-04-30 The return of Christian social service to the centre of British political life through the emergence of the foodbank movement has elicited a range of ecclesial responses However in their urgency and brevity these Church responses fail to systematically integrate political critique and social analysis nor do they undertake a sustained integration of the recent gains in political theology with the realities of our current mixed economy of welfare Charles Pemberton draws on interviews with foodbank users and volunteers to defend and advance a Christian vision of welfare beyond emergency food provision He suggests that behind the day to day struggles of those using foodbanks there are wider much concerns about loneliness marginalisation and the wholesale fragmentation of society

Paganism and Christianity in Egypt Philip David Scott-Moncrieff, 2012-12-13 First published in 1913 this book provides an informative analysis of the transition from Paganism to Christianity in Egypt Originally designed as a handbook for students of early Christian literature the text discusses factors in the development of Christian ideas and institutions not easily discerned in the works of Greek and Latin authors The fundamental importance of ancient religious traditions in the development of Egyptian Christianity is of central importance to the argument which draws on numerous primary sources Concise and highly readable this book will be of value to anyone with an interest in Egyptian history and the development of Christianity

**Hospitable God** George Newlands, Allen Smith, 2016-07-22 Exploring the hospitality of God and its implications for human thought and action this book examines the concepts of hospitality as cognitive tools for reframing our thinking about God divine action and human response in discipleship Hospitality is imagined as an interactive symbol changing perspectives and encouraging stable environments of compassionate construction in society Human rights are of crucial importance to the wellbeing of the people of our planet But there is a sense in which they will always be an emergency measure a response to evils as they are happening The authors argue that a hospitable comparative theology reaches out to bring Christian hospitality into the dialogue of world religions and cultures It will respect the identity of particular groups and yet will strive for a cosmopolitan sharing of common values It will respect tradition but also openness to reform and re imagining It will encourage convergence and development in a fluid stream of committed hospitalities
