 Introduction Ever since mankind has been inventing new food making processes like boiling baking brewing stewing the

science of food preparation down the ages has not changed much even though the world has gone through astonishing technological development However many of these food making and preparing processes have been made easier with the use of technical machinery So in grandmother s time when food was prepared by chopping slicing dicing and mixing and mincing was done by beating up the spices and the herbs in a pestle and mortar nowadays we have food processors ready at hand
