Fools are Everywhere Beatrice K. Otto, 2000 *Fools & Jesters at the Eng Court* John Southworth, 2011-11-30 Fools have been a feature of virtually every recorded culture in the history of civilization making significant contributions to the development of early theatre and literary drama This book offers a reign by reign chronicle of English court fools **The Trickster Brain** David Williams, 2012-05-29 Until recently scientific and literary cultures have existed side by side but most often in parallel universes without connection *The Trickster Brain Neuroscience Evolution and Nature* by David Williams addresses the premise that humans are a biological species stemming from the long process of evolution and that we do exhibit a universal human nature given to us through our genes From this perspective literature is shown to be a product of our biological selves By exploring central ideas in neuroscience evolutionary biology linguistics music philosophy ethics religion and history Williams shows that it is the circuitry of the brain's hard wired dispositions that continually create similar tales around the world archetypal stories reflecting ancient tensions that arose from our evolutionary past and the very construction of our brains The book asserts that to truly understand literature one must look at the biological creature creating it By using the lens of science to examine literature we can see how stories reveal universal aspects of the biological mind The Trickster character is particularly instructive as an archetypal character who embodies a raft of human traits and concerns for Trickster is often god devil musical sexual silver tongued animal and human at once treading upon the moral

dictates of culture Williams brings together science and the humanities demonstrating a critical way of approaching literature that incorporates scientific thought

Remembrance in Clay and Stone Hajni Elias, 2025-04-03 This book explores the memorial and funerary artistic traditions of Southwest China during the Eastern Han dynasty 25-220 CE. In early imperial times the art of this region present day Sichuan province differed in both style and content from tomb and memorial art produced in other parts of the Han empire especially that of the Central Plains considered the heartland of Chinese civilization. Although Southwest China was described in contemporaneous accounts as an uncultured backwater it had a vibrant and sophisticated artistic tradition. Hajni Elias examines the Southwest's rich material culture which includes pictorial brick tiles mingqi or spirit vessels pottery figurines decorated stone sarcophagi architectural gate towers and commemorative and ancestral stelae. She sheds light on the distinct traits and practices that arose from the region's complex geographical cultural and economic tapestry. Elias also places the Southwest in a broader Han cultural framework offering a new perspective on early Chinese society and its mortuary and memorial practices. Showcasing the quality and breadth of the achievements of the Southwest's artisans and craftsmen *Remembrance in Clay and Stone* reveals the distinctive and sophisticated ways in which people of this era recorded and memorialized their lives.

Postcolonial Preaching HyeRan Kim-Cragg, 2021-02-11 In Postcolonial Preaching HyeRan Kim Cragg argues that preaching is the act of dropping the stone of the Gospel into a lake making waves to move hearts and transform the world wounded by colonial violence The ripple effect serves as a metaphor and acronym to guide to preaching that takes postcolonial concerns seriously Rehearsal Imagination Place Pattern Language and Exegesis RIPPLE Kim Cragg explains each ripple in this approach and exercise of creating and delivering sermons The author delivers fresh insights while drawing on some traditional homiletical perspectives in the service of a homiletic that takes the reality of racism migration and environmental degradation seriously Moreover Kim Cragg demonstrates the postcolonial sermon in action by including annotated homilies This book contributes to the very first wave of the application of postcolonial scholarship in preaching Given the continuing extent and influence of colonial worldviews and legacies this approach should become a staple in preaching over the next generation *Practicing with Paul* Presian R. Burroughs, 2018-04-03 Collecting essays from prominent scholars who span the globe and academic disciplines Practicing with Paul speaks into the life of the church in ways that inspire and edify followers and ministers of Jesus Christ Each contribution delves into the details and historical

contexts of Paul's letters including the interpretation of those texts throughout church history. Meanwhile each author interprets those details in relation to Christian practice and suggests implications for contemporary Christian ministry that flow out of this rich interpretive process. By modeling forms of interpretation that are practically oriented, this book provides inspiration for current and future Christian ministers as they too attempt to incarnate the ways of Christ along with Paul.

Kant's Humorous Writings Robert R. Clewis, 2020-11-12. While Kant is commonly regarded as one of the most austere philosophers of all time, this book provides quite a different perspective of the founder of transcendental philosophy. Kant is often thought of as being boring, methodical, and humorless. Yet the thirty jokes and anecdotes collected and illustrated here for the first time reveal a man and a thinker who was deeply interested in how humor and laughter shape how we think, feel, and communicate with fellow human beings. In addition to a foreword on Kant's theory of humor by Noël Carroll, as well as Clewis's informative chapters, *Kant's Humorous Writings* contains new translations of Kant's jokes, quips, and anecdotes. Each of the thirty excerpts is illustrated and supplemented by historical commentaries which explain their significance.
