The Game Tadhg Coakley, 2022-05-31 This book is a multifaceted reflection on sport It is part memoir outlining Tadhg Coakley s time as a player and fan of sport and how it has shaped his life It is also a book of essays critiquing several aspects of sport both good and bad and showing its influence in the wider world It is also a work of auto fiction wherein Coakley uses his novelistic abilities to chart narratives personal and public It is finally a work of scholarship brilliantly interweaving the author s view of a life spent inside and outside the white lines with the cultural discourse of previous writers and thinkers on the many themes explored The book is an exploration and explanation of what sport means why it is the world s largest single consumer product and such a dominant pervasive presence in Irish culture Why for example were the terms European Championships and Premier League the top Google searches in Ireland for 2021 Why was Christian Eriksen the most searched person In this book Tadhg Coakley interacts with sport in the way that Olivia Laing interacts with isolation The Lonely City Sin ad Gleeson and Emilie Pine interact with the female body and female experiences Constellations and Notes to Self Doireann N Ghr oífa interacts with being haunted by an eighteen century poet A Ghost in the Throat and Fintan O Toole interacts with Irish history We Don t Know Ourselves This is a book that needed to be written We are consuming sport in ever greater gulps often blindly The coverage of sport is vast newspapers magazines books a whole raft of TV channels in many languages websites podcasts blogs radio stations hourly

sports bulletins with every news cycle Why is that and what does it mean The book does not romanticise or idealise sport Sport has a dark side and is rife with greed corruption sexism homophobia nationalism and a raft of toxic masculine behaviour and the author interrogates his own behaviour and attitudes in respect of some of these On the other hand in sport as in art people can forge their own identities in grace imagination and the possibility of what may be This contradictory duality and the cognitive dissonance it carries with it is one of the most fascinating aspects of sport Sport like story is mostly about loss Ultimately sport like story is about what happens to the fans outside the white lines and for the readers off the page
