High Altitude Sickness the group completed the strenuous and demanding circumambulation kora around the sacred Mount Kailash They come across a map of the region indicating two different sources of the river Sutlej That the author was convinced was a mystery she was destined to solve They noted that in the land of practising Buddhism legends about mountains streams and lakes were intertwined with observations made by early surveyors and explorers When they reached the remote lakes Manasarovar and Rakas Tal they found the Ganga chu the stream traditionally known to join the two lakes had disappeared for long distances This fact further strengthened the resolve to find the present source of the river Sutlej The author returned to Far West Tibet with her travel companions once more in the Year of the Horse 2002 They found that Lhasa had changed visibly in two years and their sojourn there was marked by nervous tension as the group was split But the journey to the Far West was more magical than the previous one In a strange trick of nature while standing on the ground they saw the tops of the Himalayan peaks from above Apprehensive and hallucinating they walked the hidden inner kora path of Mount Kailash and kora of Lake Manasarovar following the footsteps of past sages and monks Finally when the group reached the Lost Guge Kingdom in the heart of a barren land they were surprised to find an abandoned citadel carved out of a hill on the banks of the Sutlej They were concerned that the river was being dammed at the Zada gorge and its possible impact downstream in India But they were astonished and enchanted at the vibrancy of the fine art and rich colours of the chapels in Tsaparang and the Toling monastery The unusual name of the book is derived from the idea of early navigation maps In olden times when there were vast expanses left unexplored cartographers marked uncharted lands and seas with the words Here Be Dragons This was a warning to travellers of potential dangers In a similar vein Here Be Yaks forewarns the reader of a journey to a land that is yet to be fully explored and is full of unexpected happenings It is also the land of the yak

Song of the Road, 2012-12-17 In *Song of the Road* Tsarchen Losal Gyatso 1502-66 a tantric master of the Sakya tradition of Tibetan Buddhism weaves ecstatic poetry song and accounts of visionary experiences into a record of pilgrimage to central Tibet Translated for the first time here Tsarchen's work a favorite of the Fifth Dalai Lama brims with striking descriptions of encounters with the divine as well as lyrical portraits of Tibetan landscape The literary flights of *Song of the Road* are anchored by Tsarchen's candid observations on the social and political climate of his day including a rare example in Tibetan literature of open critique of religious power Like the Japanese master Basho's famous *Narrow Road to the Interior* written 150 years later Tsarchen's travelogue contains a mixture of luminous prose and verse rich with allusions Traveling on horseback with a band of companions Tsarchen visited some of the most renowned holy sites

of the Tsang region including Jonang Tropu Ngor Shalu and Gyantse In his introduction and copious notes Cyrus Stearns unearths the layers of meaning concealed in the text excavating the history legends and lore associated with people and places encountered on the pilgrimage revealing the spiritual as well as geographical topography of Tsarchen s journey
