The Sasquatch Paradox Levi Machovec,2022-02-10 There is a problem in the scientific community They are more than happy to debate those who believe the Earth is flat Yet when one brings up Sasquatch they quickly ignore the subject and shun anyone in the scientific community who does look into the evidence The Sasquatch paradox shows that the scientific community does not live up to its ideal We should not be surprised at this fact as this has been the case since the scientific revolution And so the question remains and the scientists still haven t provided an adequate answer to this one fundamental question What is leaving ape footprints in the woods of North America

Ghalib Mehr Afshan Farooqui,2024-02-06 Mirza Asadullah Khan Ghalib was born in Agra in the closing years of the eighteenth century He wrote in both Urdu and Persian and was also a great prose stylist Ghalib fascinates his readers for many reasons but one of the most noted qualities in Ghalib was that he was a careful even strict editor of his work It is said that he discarded or disregarded more than half of his Urdu verses These verses were forgotten for long until as late as 1918 in the library of the princely state of Bhopal In 1921 they were edited and published as a new Divan e Ghalib In Flowers in a Mirror Mehr Afshan Farooqi continues her research in the strain of her first book A Wilderness at My Doorstep She examines Ghalib s approach to his work the world in which he lived and composed and ultimately his genius She selects 30 ghazals from the rejected corpus translates them into English and provides an erudite sparkling critical commentary Through this book she highlights the significance of marginalized poetry and the need to reinstate the forgotten verses in our lives and hearts

Twilight of the Gods Erich von Däniken,2025-09-12 Bestselling author Erich von D niken delves into the mysteries of the Mayan civilization and when the extraterrestrial will return Includes a Foreword by Giorgio Tsoukalos High up in the Bolivian Andes 4 000 meters above sea level lies Puma punku an ancient ruined city that simply could never have been constructed by its Stone Age inhabitants Something here really stinks to high heaven writes Erich von Daniken In Twilight of the Gods says von Daniken I document precisely what it was that left the first visitors breathless as

they stood before the mighty stone blocks some 400 years ago I will show you what archeologists discovered hundreds of years ago and demonstrate how much has been destroyed over the centuries Intentionally I will also prove that Puma punku was not built by any Stone Age people And in December 2012 the gods will return from their long journey and appear again here on Earth At least that is what the Mayan calendar would have us believe The so called gods the extraterrestrials will come again We re headed for a god shock of major proportions But doesn t anyone with half a brain know that interstellar travel is simply impossible because of the sheer distances involved And that extraterrestrials would never look like us Well dear readers I destroy these preconceptions Systematically One bit at a time In his own inimitable way Erich von Daniken picks these preconceptions and prejudices apart with a clarity no other author could manage **The Family treasury of Sunday reading, ed. by A.
