A Palestinian State Mark Heller, 1983 The future of the West Bank and Gaza remains the single most crucial issue in the search for peace in the Middle East Heller outlines the conditions under which he believes the establishment of a Palestinian state could be the optimal solution He also discusses the economic prospects of a Palestinian state and the future of Jerusalem

A Palestinian Christian Cry for Reconciliation Naim Stifan Ateek, 2008 From the text The background is clear Jerusalem has been conquered and re conquered more than 37 times The latest conquest in 1967 was by the Israeli army After the war Israel took in not only the 5 square kilometers of Arab East Jerusalem but also 65 square kilometers of surrounding open country and villages most of which never had any municipal link to Jerusalem Overnight they became part of Israel s eternal and indivisible capital The history of Jerusalem has been written with blood The first part of this sequel to Justice and Only Justice focuses on events since the Intifada of 1987 including the violence that has come from Israel s aggression and from the use of suicide bombers by Palestinians The second part of the book draws on scripture lifting up biblical figures such as Samson Jonah Daniel and Jesus as it examines issues of ownership of the land In the final section Ateek presents a strategy to achieve peace and justice nonviolently that will promote justice for the Palestinians and security for both Israel and Palestine

BOOK JACKET *The EU and the Israeli-Palestinian Conflict 1971-2013* Anders Persson, 2014-10-21 Just peace has been much talked about in everyday life but it is less well researched by academics The rationale of this book is therefore to probe what constitutes a just peace both conceptually within the field of peacebuilding and empirically in the context of the EU as a peacebuilder in the Israeli Palestinian conflict The EU has used the term just peace in many of its most important declarations on the Israeli Palestinian conflict throughout the years Defining a just peace is about these declaratory efforts by the EU to articulate a common formula of a just peace in the conflict Securing and building a just peace are about the EU s role in implementing this formula for a just peace in the conflict through the creation of a Palestinian state As the EU enters its fifth decade of involvement in the conflict there can be little doubt that in common with the rest of the international community it has failed in its efforts to establish a just peace between Israelis and Palestinians While this is an inescapable overall conclusion from four decades of EC EU peacebuilding in the conflict it is at the same time possible to draw a number of other conclusions from this book Most importantly it argues that the EU is a major legitimizing power in the conflict and that it has kept the prospects of a two state solution alive through its support for the Palestinian statebuilding process

Palestinian Leadership on the West Bank (RLE Israel and Palestine) Moshe Maoz, 2015-05-22 The West Bank has for generations been the core area of the Palestinian Arab community and of its national movement Since 1967 it has become the main area of confrontation in the prolonged conflict between Palestinian Arab and Jewish Zionist nationalism The Palestinian armed organization the PLO which has undertaken to lead the nationalist struggle of their people was for long periods unable to operate on the West Bank because of strict security measures taken by the Jordanian and Israeli governments respectively Consequently the Palestinian mayors in the West Bank who under Jordanian rule 1948-1967 had served as ruling instruments of the government gradually became under Israeli control the political spokesmen of their communities This book first published in 1984 examines this remarkable change in the role of the West Bank Palestinian mayors and their transformation since the early 1970s from conservative moderate figures into radical nationalist leaders Against the background of the developing Palestinian and Israeli militant nationalism in the West Bank the study analyses the complex relations between these new leaders and the governments of Israel and Jordan as well as the PLO command until their final eviction by Israel in 1982 *The Dynamics of Israeli-Palestinian Relations* B. Soetendorp, 2007-04-02 This book

Minority in Israel, 1948-2000 As'ad Ghanem, Dr As'ad Ghanem, 2001-05-24 Examines the difficulties of Palestinian Arab political life in Israel The Israel-Palestine Conflict Neil Caplan, 2011-09-19 The Israel Palestine Conflict Contested Histories provides non specialist readers with an introduction and historical overview of the issues that have characterized and defined 130 years of the still unresolved Israeli Palestinian conflict Provides a fresh attempt to break away from

polemical approaches that have undermined academic discussion and political debates Focuses on a series of core arguments that the author considers essentially unwinnable Introduces readers to the major historiographical debates sparked by the dispute Encourages readers to consider more useful ways of explaining and understanding the conflict and to go beyond trying to prove who is right and wrong This volume suggests a fresh and original interpretation to the history of the Arab Israeli conflict Caplan juggles skillfully and even handedly between the two narratives reflecting the parties own views without embracing the cause of any party Joseph Nevo University of Haifa An impressive and very valuable work One could not ask for a better short history of the conflict Caplan offers readers a study that is extremely well informed resolutely fair minded and filled with thoughtful insights Mark Tessler University of Michigan

Palestinian Refugee Women from Syria to Jordan Afaf Jabiri, 2024-01-11 Based on four years of field research in Palestinian camps in Jordan including unique interviews with Palestinian refugee women aid workers and representatives of international organisations and NGOs in Jordan the book reveals the extraordinary layers of discrimination suffered by Palestinian women from Syria displaced to Jordan The women s experiences show them caught between settler colonialism militarism nationalism refugees global governance and gender regimes that subjected them to multiple forms of structural gender based violence The book argues for a feminist analysis of settler colonialism s epistemic violence of anti Palestinianism to expose the history and geopolitics of intersecting oppressive systems that work through and upon gendered bodies of Palestinian refugee women in humanitarian settings The book also highlights how local women s groups and frontline workers attempt to fill service gaps Using a rich theoretical lens to understand the experiences of women in refugee camps this book attempts to decolonise issues around migration displacement refugees and women Previous work on the Syrian refugee crisis has overlooked the very particular experiences of Palestinian refugee women which has weakened feminist analysis of gendered processes of humanitarianism and feminist transnational and intersectional solidarity This book offers a vital critique of how feminists adoption of a universality based analysis of the Syrian refugee crisis has contributed to the further marginalisation of Palestinian refugee women from Syria
