profoundly affected every community in Canada In Regina the politics of national identity the rural myth and the social gospel all lent a distinctive flavour to the city s experience of the Great War For many Reginans the fight against German militarism merged with the struggle against social evils and the Big Interests adding new momentum to the forces of social reform including the fights for prohibition and women s suffrage James M Pitsula traces these social movements against the background of the lives of Regina men who fought overseas in battles such as Passchendaele and Vimy Ridge Skillfully combining vivid detail with the larger social context For All We Have and Are provides a nuanced picture of how one Canadian community rebuilt both its realities and myths in response to the cataclysm of the war to end all wars **All We**

thoughts about God As their correspondence grows Zachary leads Thomas through an informal and highly readable comparison of Naturalism the belief that there is no God and that ultimate reality is physical reality and Theism the idea that there is an almighty perfectly good God In engaging letters that break down complex philosophical arguments into easily digestible bits the two friends delve into such weighty topics as the reliability of religious experience various arguments for God s existence such as the cosmological design and moral arguments the question of free will and the problem of evil A piece at a time they build an argument that shows that Theism on balance provides a better explanation of the world and human life than does Naturalism Here then is a highly accessible account of the major arguments for and against the existence of God capturing some of the best new insights of modern philosophy in a marvelously clear and engaging format
