For Better Not Worse transforming Your Marriage From A Contract To A Covenant:

Trinity and Transformation Todd H. Speidell, 2016-03-08 The triune God of grace James B Torrance tirelessly insisted is the true agent to transform worship mission and society Unfortunately the church often lapses into moralism and legalism or exhortations and condemnations rather than witnessing to the sole sufficient grace of God in Christ When we neglect the Trinity a de facto unitarianism throws the church back onto its own existence and resources In Christ however the church participates through the Spirit in union with Christ's communion with the Father By so doing it also participates in Christ's mission to the world The essays of this volume articulate and extend Torrance's evangelical theology which draws attention away from ourselves and toward the triune God who is for us and for the world *I Married You Not Your Family* Linda Mintle, Ph.D., 2012-09-20 Dr Mintle a marital therapist in clinical practice for more than 20 years mixes research experience biblical principles insight and wisdom to provide strategies to turn around a marriage *I Married You Not Your Family* provides the strategies necessary to turn your marriage into the happily ever after you've dreamed of *Spiritual Transformation* Richard W. Orthodoxies in Massachusetts Janice Knight, 1994 Reexamining religious culture in seventeenth century New England Janice Knight discovers a contest of rival factions within the Puritan orthodoxy Arguing that two distinctive strains of Puritan piety emerged in England prior to the migration to America Knight describes a split between rationalism and mysticism between theologies based on God's command and on God's love A strong countervoice expressed by such American divines as John Cotton John Davenport and John Norton and the Englishmen Richard Sibbes and John Preston articulated a theology rooted in Divine Benevolence rather than Almighty Power substituting free testament for conditional covenant to describe God's relationship to human beings Knight argues that the terms and content of orthodoxy itself were hotly contested in New England and that the dominance of rationalist preachers like Thomas Hooker and Peter Bulkeley has been overestimated by scholars Establishing the English origins of the differences Knight rereads the controversies of New England's first decades as proof of a continuing conflict between the two religious ideologies The Antinomian Controversy provides the focus for a new understanding of the volatile processes whereby orthodoxies are produced and contested This book gives voice to this alternative piety within what is usually read as the univocal orthodoxy of New England and shows the political social and

literary implications of those differences

Reclaiming Our Forgotten Heritage Curt Landry, 2019-01-15 A timely and groundbreaking take on the roots of the Christian church and its place in the entirety of God's kingdom There is no better time than now to learn about and become firmly grounded within your spiritual heritage from the foreword by Perry Stone The early church was made up of Jewish and Gentile followers of Jesus and the church's culture was rooted in Judaism and a Jewish understanding of God's relationship to His people Over time however Christianity became increasingly more Roman than Jewish and the church lost its identity Rabbi Curt Landry's personal story is remarkably similar Born to a Jewish mother and a Catholic father Landry was put up for adoption and for more than thirty years he had no understanding of his heritage his roots or who his parents were But when he discovered the truth of his story his life changed completely The key to a life of power and purpose is understanding who you are In this revelatory book Curt Landry helps Christians discover their roots in Judaism empowering them to walk in the revelation of who they really are and who they are born to be Reclaiming Our Forgotten Heritage reveals the mysteries of the church letting Christians grasp the power that comes from connecting with their true identity

Davis,2012-08 IN A WORLD that is full of technology and modern advances in everything from medicine to solar fusion it is so interesting that the most common issues of life seem to still have man confused and with no concrete answers from the common cold to how to get along with each other Mankind has been involved in some type of war or interpersonal conflict since the beginning of time from Cain and Abel to Rome s desire to conquer the world to Hitler s attempt to control Europe Some attempts at control have involved masses and some have involved just two The most fundamental relations are between a man and a woman and the products of their union mothers and fathers and their relationship to their children We find ourselves in the twenty first century still trying to explore and master the elements that make a relationship move without conflict We are still trying to discover the key to making a relationship work and without emotional or psychological injuries to anyone As we grow and mature we are ever aware of the difference in the concepts and attitude displayed by both men and women We are more conscious of the differences and attempt to adjust our behavior to accommodate the needs of others Women are from a different DNA makeup and make different needs and priorities Because of our lack of understanding of these needs we inflict needless pain and discomfort on each other We must open our hearts to each other so that we can operate in an environment that promotes love understanding and well doing to others This collection of poetry addresses some of my observations in regard to what I think women desire from men They need to feel secure wanted and loved There is no perfect relationship and no perfect man or woman However there is a balance that can be reached that will allow us to better understand each other Spiritually Integrated Psychotherapy Kenneth I.
