# For God And Country The History Of A Constitutional Challenge To The Army Chaplaincy

**Elisheva Rosman-Stollman**

## **For God And Country The History Of A Constitutional Challenge To The Army Chaplaincy:**

**For God and Country** Israel Drazin, Cecil B. Currey, 1995      The Encyclopedia of Christianity Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA      For God and Country? Elisheva Rosman-Stollman, 2014-06-30 Challenging conventional assumptions about religious believers this study reveals how religious student soldiers negotiate the sometimes conflicting goals and norms of their Orthodox Jewish faith and the Israel Defense Forces in which they serve      *Change and Conflict in the U.S. Army Chaplain Corps since 1945* Anne Loveland, 2014-07-30 Army chaplains have long played an integral part in America's armed forces In addition to conducting chapel activities on military installations and providing moral and spiritual support on the battlefield they conduct memorial services for fallen soldiers minister to survivors offer counsel on everything from troubled marriages to military bureaucracy and serve as families points of contact for wounded or deceased soldiers all while risking the dangers of combat alongside their troops In this thoughtful study Anne C Loveland examines the role of the army chaplain since World War II revealing how the corps has evolved in the wake of cultural and religious upheaval in American society and momentous changes in U S strategic relations warfare and weaponry From 1945 to the present Loveland shows army chaplains faced several crises that reshaped their roles over time She chronicles the chaplains initiation of the Character Guidance program as a remedy for the soaring rate of venereal disease among soldiers in occupied Europe and Japan after World War II as well as chaplains response to the challenge of increasing secularism and religious pluralism during the culture wars of the Vietnam Era Religious accommodation evangelism and proselytizing public prayer and spiritual fitness provoked heated controversy among chaplains as well as civilians in the ensuing decades Then early in the twenty first century chaplains themselves experienced two crisis situations one the result of the Vietnam era antichaplain critique the other a consequence of increasing religious pluralism secularization and sectarianism within the Chaplain Corps as well as in the army and the civilian religious community By focusing on army chaplains evolving sometimes conflict ridden relations with military leaders and soldiers on the one hand and the civilian religious community on the other Loveland reveals how religious trends over the past six decades have impacted the corps and in turn helped shape American military

culture     *Military Chaplains and Religious Diversity* Kim Philip Hansen, 2012-09-25 Based on extensive in depth interviews with more than thirty active duty chaplains regarding their successes failures and conflicts the book is about the way military chaplains handle religious diversity among the enlisted they serve and within their own corps     **Professional Journal of the United States Army** , 2009-12     **Chaplaincy** Mark A. Jumper, Steven E. Keith, Michael W. Langston, 2024-03-26 This comprehensive introduction to the ministry of chaplaincy brings together three authors who oversee three of the leading chaplaincy programs in the United States Written from an evangelical perspective the book covers the foundations of chaplaincy and surveys specific types of chaplaincy work In the first half of the book the authors delve into the history of chaplaincy work as well as its biblical theological and philosophical foundations They introduce students to important topics such as endorsement placement and the constitutional and legal parameters of such work They also consider the person of the chaplain and the understanding of chaplaincy as Christian ministry In the second half of the book the authors bring together expert contributors to survey ten specific contexts for chaplaincy work such as education healthcare the military corporations prisons public safety and sports and they explore the future of chaplaincy This book will be an invaluable resource for students of chaplaincy     **Naval Law Review** , 2005     [The Pentagon's Battle for the American Mind](#) Lori L. Bogle, 2004-10-12 The U S military has historically believed itself to be the institution best suited to develop the character spiritual values and patriotism of American youth In *Strategy for Survival* Lori Bogle investigates how the armed forces assigned itself the role of guardian and interpreter of national values and why it sought to create ideologically sound Americans capable of defeating communism and assuring the victory of democracy at home and abroad Bogle shows that a tendency by some in the armed forces to diffuse their view of America's civil religion among the general population predated tension with the Soviet Union Bogle traces this trend from the Progressive Era through the early Cold War when the Truman and Eisenhower administrations took seriously the battle of ideologies of that era and formulated plans that promised not only to meet the armed forces manpower needs but also to prepare the American public morally and spiritually for confrontation with the evils of communism Both Truman's plan for Universal Military Training and Eisenhower's psychological warfare programs promoted an evangelical democracy and sought to inculcate a secular civil military religion in the general public During the early 1960s joint military civilian anticommunist conferences organized by the authority of the Department of Defense were exploited by ultra conservative civilians advancing their own political and religious agendas Bogle's analysis suggests that cooperation among evangelicals the military and government was considered both necessary and normal The Boy Scouts pushed a narrow vision of American democracy and Joe McCarthy's chauvinism was less an aberration than a particularly noxious manifestation of a widespread attitude To combat communism American society and its armed forces embraced brainwashing narrow moral education that attacked everyone and everything not consonant with their view of the world and how it ought to be ordered Exposure of this alliance ultimately dissolved it However the cult of

toughness and the blinkered view of reality that characterized the armed forces and American society during the Cold War are still valued by many and are thus still worthy of consideration **For God and Country** Israel Drazin, Cecil B. Currey, 1995 Narratives of Trauma and Moral Agency among Christian Post-9/11 Veterans Thomas Howard Suitt, III, 2023-05-23 Serving in the military is often a disruptive event in the lives of those who join precipitating a reassessment of the service member's ethical sensibilities or tragically resulting in lasting moral injury and trauma The military experience compels them to navigate multiple identities from citizen to warrior and back Their religious identity sometimes rooted in a civilian religious community can be altered by military participation Through a series of inductive in depth qualitative interviews Suitt explores how varied religious resources and potentially traumatic events affect the lives of post 9 11 veterans who once or currently identified as Christian Adding to existing research on moral injury it traces how military chaplains ethics education just war theory rhetoric and formal religious practice supplied by the military alter the course of service members moral lives These narrative trajectories reveal how veterans use Christian faith or other systems of meaning making to understand war and their identities as service members and veterans Answering the Call William E. Dickens, Jr., 1999-04 This book argues that the standardization of the American military chaplaincy occurred during the Civil War It shows that the chaplains of the North and South provided the model on which the modern chaplaincy is based This model is seen in both the regulations which were established during this war and the actual ministry of the chaplains with the men of their assigned units To accomplish this task the book traces the history of the military chaplaincy from the American Revolution through the American Civil War This analysis relies heavily on official documents and reports as well as personal accounts letters and diaries It also incorporates appropriate secondary source material **Military Review**, 2009 The Routledge History of Global War and Society Matthew S. Muehlbauer, David J. Ulbrich, 2018-02-21 The Routledge History of Global War and Society offers a sweeping introduction to the most significant research on the causes experiences and impacts of war throughout history This collection of twenty seven essays by leading historians demonstrates how war and society studies have dramatically expanded the chronological geographic and thematic breadth of the field of military history Each chapter addresses the ways in which recent scholarship has integrated cultural ethical environmental medical and ideological factors to explain both conventional conflicts and genocide terrorism and other forms of mass violence The broad scope of the collection makes it the perfect primer for scholars and students seeking to understand the complex interactions of warfare and those affecting and affected by conflict **Routledge Revivals: Encyclopedia of American Civil Liberties (2006)** Paul Finkelman, 2018-02-05 Originally published in 2006 the Encyclopedia of American Civil Liberties is a comprehensive 3 volume set covering a broad range of topics in the subject of American Civil Liberties The book covers the topic from numerous different areas including freedom of speech press religion assembly and petition The Encyclopedia also addresses areas such as the Constitution the Bill of Rights slavery censorship crime and war The book's multidisciplinary

approach will make it an ideal library reference resource for lawyers scholars and students     Enlisting Faith Ronit Y. Stahl,2017-11-06 Ronit Stahl traces the ways the U S military struggled with encouraged and regulated religious pluralism and scrambled to handle the nation s deep religious racial and political complexity Just as the state relied on religion to sanction combat missions and sanctify war deaths so too did religious groups seek validation as American faiths

**Bringing God to Men** Jacqueline E. Whitt,2014 Bringing God to Men American Military Chaplains and the Vietnam War

**In Jesus' Name** John D. Laing,2010-01-01 Can military chaplains pray in Jesus name Are they allowed to share their faith openly Are evangelical Christians persecuted in the military Does the general prohibition against proselytizing in the military violate soldiers Constitutional rights Are liberalism and or universalism implicitly endorsed by the military and political leadership as the preferred religion of the United States government In this timely and important book John Laing draws upon his knowledge as a professor of theology and philosophy and his experience as an Army chaplain in order to address these questions and more with a view to answering the larger theological question of whether evangelicals can successfully serve as military chaplains while remaining true to their conservative biblical beliefs and evangelistic commitments While the book is primarily written for those involved or interested in military chaplaincy it has a broader appeal as the issues discussed are relevant to all areas of chaplaincy healthcare institutional public service campus and marketplace

Evangelism after Pluralism Bryan Stone,2018-05-01 What does it mean to evangelize ethically in a multicultural climate Following his successful *Evangelism after Christendom* Bryan Stone addresses reasons evangelism often fails and explains how it can become distorted as a Christian practice Stone urges us to consider a new approach arguing for evangelism as a work of imagination and a witness to beauty rather than a crass effort to compete for converts in pluralistic contexts He shows that the way we lead our lives as Christians is the most meaningful tool of evangelism in today s rapidly changing world     *Encyclopedia of American Civil Liberties* Paul Finkelman,2021-02-25 Originally published in 2006 the *Encyclopedia of American Civil Liberties* is a comprehensive 3 volume set covering a broad range of topics in the subject of American Civil Liberties The book covers the topic from numerous different areas including freedom of speech press religion assembly and petition The *Encyclopedia* also addresses areas such as the Constitution the Bill of Rights slavery censorship crime and war The book s multidisciplinary approach will make it an ideal library reference resource for lawyers scholars and students

This is likewise one of the factors by obtaining the soft documents of this **For God And Country The History Of A Constitutional Challenge To The Army Chaplaincy** by online. You might not require more mature to spend to go to the book introduction as skillfully as search for them. In some cases, you likewise realize not discover the broadcast For God And Country The History Of A Constitutional Challenge To The Army Chaplaincy that you are looking for. It will enormously squander the time.

However below, in the same way as you visit this web page, it will be so very simple to get as capably as download lead For God And Country The History Of A Constitutional Challenge To The Army Chaplaincy

It will not bow to many era as we run by before. You can complete it while perform something else at house and even in your workplace. correspondingly easy! So, are you question? Just exercise just what we manage to pay for below as with ease as review **For God And Country The History Of A Constitutional Challenge To The Army Chaplaincy** what you like to read!
