alternative to a debate that has largely been argued within the framework of Christian versus science concepts Drawing upon the world's oldest body of knowledge the Vedas the author describes the massive illusion to which we are all subjected as we mistakenly believe ourselves to be physical creations of the material world In God's Illusion Machine the material world is gradually exposed as the ultimate virtual reality machine for wayward souls who prefer a self-centred rather than a God-centred existence In contrast to Richard Dawkins's assertion that the religious are suffering a delusion for believing in God the author argues that both the atheists and the religious are under the spell of God's deluding energy called M y which acts in reciprocation with a soul's desire to be in illusion within the physical realm By applying the profound spiritual insights of Vedic knowledge along with a healthy dose of common sense and good humour God's Illusion Machine is an enthralling exposé of the deceptive nature of the material world and the false claims of materialists regarding the nature of life and love It is a triumph of spirituality over both atheistic materialism and religious dogmatism God's Illusion Machine is a work of major importance realigning Western religion philosophy and science with eternal spiritual truths an enlightening read for both the atheist and the religious bringing spiritual certainty and true love to bewildered souls in troubled times For atheists who like a good argument for the religious who are stuck for a reply to Richard Dawkins for fans of fantasy and sci fi where forces of light and illusion contend in battle and for you the reader whatever your disposition this book will forever change your outlook on life and its meaning As the rising sun disperses the darkness of night so in the presence of Krishna The Absolute Truth m y illusion cannot stand **Treasury of Wisdom, Wit and Humor, Odd Comparisons and Proverbs**, 1891
