Friends Enemies And Sovereigns The Final Volume Of His Biography

David Hume

Friends Enemies And Sovereigns The Final Volume Of His Biography:

Elizabeth & Margaret Andrew Morton, 2021-03-30 Perfect for fans of The Crown this captivating biography from a New York Times bestselling author follows Queen Elizabeth II and her sister Margaret as they navigate life in the royal spotlight. They were the closest of sisters and the best of friends. But when in a quixotic twist of fate their uncle Edward VIII decided to abdicate the throne, the dynamic between Elizabeth and Margaret was dramatically altered. Forever more Margaret would have to curtsy to the sister she called Lilibet. And bow to her wishes. Elizabeth would always look upon her younger sister's antics with a kind of stoical amusement, but Margaret's struggle to find a place and position inside the royal system and her fraught relationship with its expectations was often a source of tension. Famously, the Queen had to inform Margaret that the Church and government would not countenance her marrying a divorcee, Group Captain Peter Townsend, forcing Margaret to choose between keeping her title and royal allowances or her divorcee lover. From the idyll of their cloistered early life through their hidden war-time lives into the divergent paths they took following their father's death and Elizabeth's ascension to the throne, this book explores their relationship over the years. Andrew Morton's latest biography offers unique insight into these two drastically different sisters: one resigned to duty and responsibility, the other resistant to it, and the lasting impact they have had on the Crown, the royal family, and the ways it adapted to the changing mores of the 20th century.

The Hitler Assassination Attempts John Grehan, 2022-04-21 Throughout his political life, Adolf Hitler was the subject of numerous assassination plots, some of which were attempted, all of which failed. While a few of these have become well known, particularly the bomb explosions at the Bürgerbräukeller in Munich in 1939 and the Stauffenberg Valkyrie attempt carried out at the Wolfsschanze on 20 July 1944, many others have received far less attention until now. In this book, John Grehan has examined the known planned or proposed assassination attempts on Hitler from Chicago to London and from Sweden to the Ukraine, some of which have not previously been presented to the general public by historians. All manner of methods were proposed by those willing to bring Hitler's life to a premature and sticky end, and Hitler was well aware of the danger which lurked potentially around every corner of every road, railway track, every building, and even every individual. As a result, an immense multi-layered security apparatus surrounded the Führer day and night. Despite this, and knowing the risks they faced, many people sought to kill the German leader, and some very nearly did. Yet Hitler survived, often by just a minute or a millimetre, to die ultimately of his own hand. These plots and conspiracies are detailed in this book, along with a unique collection of photographs of many of the proposed or actual assassination locations. All will be revealed in this fascinating compilation of the obscure, the fanciful, and the carefully considered attempts to assassinate Hitler.

The Queen Andrew Morton, 2022-05-24 The captivating biography of Her Late Majesty Queen Elizabeth II, written by the world's best-known royal biographer, Andrew Morton.

The History of England: All Six Volumes David Hume, 2023-12-08 David Hume's The History of England: All Six Volumes is a monumental work that unfolds the political and cultural evolution of England from the

Roman invasion up to the Glorious Revolution of 1688 Characterized by Hume's empiricist approach and insightful storytelling this historical narration blends factual rigor with a narrative style that captivates readers Hume's keen analysis of the socio political conditions of each era is enhanced by his philosophical reflections on human nature making this work a blend of history and moral philosophy situated within the Enlightenment context that celebrated reason and empirical evidence Hume a prominent figure of the Scottish Enlightenment and a pioneer of modern philosophy had a profound understanding of history's role in shaping human experience His background in philosophy and economics coupled with his keen insights into human behavior informs his historical analysis This comprehensive examination is rooted in Hume's belief that history serves not merely as a record of past events but as a source of lessons for contemporary society reflecting his views on governance liberty and the nature of power For readers seeking both a detailed chronicle of England's past and a philosophical inquiry into the nature of history itself Hume's *The History of England* is indispensable It offers an intellectually enriching experience illuminating the complexities of English history while encouraging deeper contemplation of its implications for present and future governance A must read for students of history and philosophy alike this work remains a cornerstone in the study of Britain's development

Witness to History Victoria Schofield, 2012-07-16 Historian Sir John Wheeler Bennett 1902-1975 was one of the twentieth century's most extraordinary political operators Through an ability to make important connections he became an authority on Germany in the inter war years and knew all the German hierarchy including Hitler and Hindenburg He also was one of the last people to interview Trotsky writing an important analysis of the Brest Litovsk Treaty between Germany and the Soviet Union in 1917 As King George VI's official biographer he met and interviewed all the major leaders in the post war period including Winston Churchill Harry Truman and members of the Royal Family he also supervised young Jack Kennedy's master's thesis With the first biography of Wheeler Bennett Victoria Schofield has written a book that will fascinate anyone interested in twentieth century European history

[The History of England \(Complete 6 Volumes\)](#) David Hume, 2023-12-30 David Hume's *The History of England* is an ambitious six volume work that chronicles the political and social evolution of England from the invasion of Julius Caesar to the Glorious Revolution of 1688 Written in elegant prose that bridges the gap between historical narrative and philosophical exploration Hume employs a critical lens emphasizing themes of power governance and human nature His meticulous approach incorporates extensive research yet it is infused with his characteristic skepticism and inquiry into the moral implications of history positioning it as a foundational text in both historiography and Enlightenment thought Hume a central figure of the Scottish Enlightenment drew upon his profound understanding of philosophy economics and politics to craft this seminal work His earlier writings particularly in moral philosophy and empirical inquiry profoundly influenced his perspective on historical causation and the role of human agency It was this interdisciplinary background that allowed Hume to examine history not merely as a sequence of events but as a complex interplay of ideas beliefs and institutions For readers interested

in the evolution of modern historiography and Enlightenment philosophy Hume's *The History of England* is a must read. Its rigorous analysis and engaging narrative style not only provide insight into England's past but also invite reflection on the broader implications of historical study and the nature of human progress. In this enriched edition we have carefully created added value for your reading experience. A comprehensive Introduction outlines these selected works unifying features, themes or stylistic evolutions. The Author Biography highlights personal milestones and literary influences that shape the entire body of writing. A Historical Context section situates the works in their broader era, social currents, cultural trends and key events that underpin their creation. A concise Synopsis Selection offers an accessible overview of the included texts, helping readers navigate plotlines and main ideas without revealing critical twists. A unified Analysis examines recurring motifs and stylistic hallmarks across the collection, tying the stories together while spotlighting the different works' strengths. Reflection questions inspire deeper contemplation of the author's overarching message, inviting readers to draw connections among different texts and relate them to modern contexts. Lastly, our hand-picked Memorable Quotes distill pivotal lines and turning points serving as touchstones for the collection's central themes.

History of the Affairs of Church and State in Scotland, from the Beginning of the Reformation to the Year 1568 ... with Biographical Sketch, Notes, and Index, by the Editor; in Three Volumes Robert episcop Keith, 1844

The history of England: middle ages. In five volumes Sharon Turner, 1839

History Of Australia (Volumes 1 & 2) Manning Clark, 1999-09-13

A History of Australia From Earliest Times to 1838 deals with the pre white settlement era and the earliest years of European colonisation through to the establishment of an increasingly settled society and the expeditions of the great inland explorers. This is not a general Australian history; it does not attempt to cover all aspects and it is not a definitive or quantitative analysis. It is a work of art, a living and breathing account of the remaking of a primitive continent. History come alive.

Courtiers Valentine Low, 2023-01-24

The gripping account of how the Royal family really operates from the journalist who has spent years studying them. Who really runs the show and as Charles III begins his reign, what will happen next. Throughout history, the British monarchy has relied on its courtiers, the trusted advisers in the King or Queen's inner circle to ensure its survival as a family and a pillar of the country. Today as ever, a

carefully selected team of people hidden from view steers the royal family's path between public duty and private life Queen Elizabeth II after a remarkable 70 years of service saw the final seasons of her reign without her husband Philip to guide her Now a newly ascended Charles seeks to define what his future as King and that of his court will be The question of who is entrusted to guide the royals has never been more vital Yet as the tensions within the family are exposed to global scrutiny like never before the task these courtiers face has never been more challenging With a dark cloud hanging over Prince Andrew as well as Harry and Meghan's controversial departure from royal life William and Kate equipped with a very 21st century approach to press and public relations now hold the responsibility of making an ancient institution relevant for the decades to come In fascinating and explosive detail Valentine Low explores the previously unknown relationship between modern courtiers and the royal family Courtiers pulls back the veil to reveal an ever changing system of complex characters shifting alliances and a battle of ideas over what the future of the institution should be This is the inside story of how the monarchy really works at a pivotal moment in its history
