Greenwood,2018-09-04 Few passages in the Hebrew Bible have been subject to more scrutiny than Genesis 1 and 2 In this volume a diverse international team of experts guides readers through interpretations of the Genesis creation stories throughout history inviting them to consider perspectives from the earliest times to the present The book offers an accurate description of how these chapters have been read through the centuries explaining each interpretive approach in its own terms Each chapter includes sidebars and suggestions for further reading *Pentateuchal Traditions in the Late Second Temple Period* Akio Moriya,Gohei Hata,2012-05-03 The main theme of the collected essays is expressed clearly in the following statement by Eugene Ulrich in the beginning of his article What was the state of the Pentateuch during the Second Temple period Was it basically complete and static at the time of Ezra or was it still developing in substantial ways To pursue this main theme the International Workshop on the Study of the Pentateuch with special emphasis on textual transmission history in the Hellenistic and Roman period was held on August 28 31 2007 in Tokyo Fifteen papers were read and discussed enthusiastically in the workshop and they were later revised based on the discussion for this volume Those who are interested in the Dead Sea Scrolls will find the recent scholarly trend in this volume *The Gospel Project for Kids: Younger Kids Leader Guide - Volume 1: From Creation to Chaos* Lifeway Kids,2021-06-11 Features easy to use low prep lesson plans that teach Younger Kids about the gospel of Jesus Christ in an age appropriate manner **The Identities of the Beast from the Sea and the Beast from the Land in Revelation 13** Joseph Poon,2017-03-13 This book aims to identify the beast from the sea and the beast from the land in Revelation 13 by studying their unique link together with the dragon in Revelation 12 the land beast is subordinate to the sea beast which in turn is subordinate to the dragon The early sections of

the book provide a review of previous scholarship the influence of Daniel 7 in understanding Revelation 13 and the Leviathan Behemoth motif in several apocalyptic writings The core of the book however seeks to demonstrate that the relationship of the two beasts and the dragon fits well with the tripartite hierarchy that Georges Dumézil has discovered as one of the dominant structures of relationships in Indo European mythological traditions In congruence with the criteria of the three hierarchical levels in Dumézil s system the dragon concerns the ultimate sovereignty in a supernatural sphere while the sea beast and land beast are found respectively as a warlike figure in a war context and as a figure relating to the economic theme Based on this finding the book concludes that the two beasts represent the imperial power and the imperial cult as most commentators believe

Vail,2012-06-07 Talk about chaos is pervasive Biblical scholars theologians and scientists have been using the word chaos for some time occasionally mingling ideas across disciplines around the shared word Quite often discussions of chaos center on the issues of creation s origin and nature as well as on God s creative methods and relationship to creation Eric M Vail investigates the current uses of the word chaos in those areas A new way of articulating creation out of nothing is offered as both helpful and appropriate in our current milieu He suggests where we ought to focus our use of the word chaos in Christian discourse and argues that chaos is more fitting for naming where creation has gone awry rather than for naming that state out of which creation comes to be **Mercer Dictionary of the Bible** Watson E. Cleansing the Cosmos E. Janet Warren, 2012-11-08 Understanding evil spiritual forces is essential for Christian theology yet discussion is almost always phrased in terms of spiritual warfare Warfare language is problematic being dualistic assigning a high degree of ontology to evil and poorly applicable to ministry This unique study proposes a biblically based model as the first alternative to a spiritual warfare framework for dealing with the demonic thus providing insights for preaching counseling and missiology Warren develops this model using metaphor theory and examining four biblical themes Creation Cult Christ and Church Metaphors of cleansing ordering and boundary setting are developed in contrast to battle imagery and relevant theological issues are engaged Boyd's warfare imagery Barth's ideas of evil as nothingness and Eliade's notion of the sacred and the profane The role of the Holy Spirit is emphasized and the ontology of evil minimized This model incorporates concentric circles evil being considered peripheral to divine reality and provides a refreshing alternative to current spiritual warfare models
